## **Social Change In Soviet Russia:**

Social Change in Soviet Russia Alex Inkeles, 1952      *Health and Social Change in Russia and Eastern Europe* William C. Cockerham, 2002-05-03 For the first time life expectancy is declining in an industrialized society In this pioneering work William C Cockerham examines the social causes of the decline in life expectancy beginning in the 1960s including Russia Poland Hungary Romania Bulgaria the Czech Republic and East Germany Health and Social Change in Russia and Eastern Europe argues that the roots of this change are mainly social rather than biomedical the result of poor policy decisions stress and an unhealthy diet Cockerham presents a theory of postmodern social change that goes beyond the borders of Eastern Europe      **Social Change and Social Issues in the Former USSR** Walter Joyce, 2016-07-27 Perestroika has led to more openness than ever before about Soviet social problems and it has accelerated the processes of demographic and social change In this collection a group of leading British European and North American specialists analyse the central features of a changing society concentrating upon mortality patterns in the population itself and upon the social problems that have been brought to the fore by glasnost such as drugs and alcohol abuse      *Women in Soviet Society* Gail Warshofsky Lapidus, 1978-01-01 From the earliest years of the Soviet regime deliberate transformation of the role of women in economic political and family life aimed at incorporating female mobilization into a larger strategy of national development Addressing a neglected problem in the literature on modernization the author brings an interdisciplinary approach to the analysis of the motivations mechanisms and consequences of the official Soviet commitment to female liberation and its implications for the role of women in Soviet society today She argues that Soviet policy was shaped less by the individualistic and libertarian concerns of nineteenth century feminism or Marxism than by a strategy of modernization in which the transformation of women's roles was perceived by the Soviet leadership as the means of tapping a major economic and political resource Bringing together the available data the author analyzes the scope and limits of sexual equality in the Soviet system and at the same time places the Soviet pattern in a broader historical and comparative perspective Jacket      The Transformation of Russian Society Joint Committee on Slavic Studies (U.S.), 1960 Scholarly papers by 38 contributors on changes in Russian society since 1861 presented at a conference of the Joint Committee on Slavic Studies      *Civil Society, Social Change, and a New Popular Education in Russia* W. John Morgan, Irina N. Trofimova, Grigori A. Kliucharev, 2018-10-03 Civil Society Social Change and a New Popular Education in Russia is a detailed account of contemporary issues that draws upon recent survey research conducted by the Institute of Sociology Russian Academy of Sciences as well as from secondary published work in both Russian and English The book explores how social change and developments in civil society are occurring in Russia and the role played by a new popular education The right to lifelong learning is guaranteed by the Russian state as it was by the Soviet Union where formal education based on communist ideology emphasised the needs of the state over those of individuals In practice a wide range of educational needs many of which relate to coping with changing economic social and

technological circumstances are being met by non governmental providers including commercial companies self help groups and community and neighbourhood clubs This book discusses how this new popular education is both an example of developing civil society and stimulates its further development However as the book points out it is also part of a growing educational divide where motivated articulate people take advantage of new opportunities while disadvantaged groups such as the unemployed and the rural poor continue to be excluded
