The Kenya Pioneers:

The Kenya Pioneers Errol Trzebinski, 1985 **Madness and marginality** Will Jackson, 2017-03-01 Based on over two hundred and fifty psychiatric case files this book offers a radical new departure from existing historical accounts of what is still commonly thought of as the most picturesque of Britain's colonies overseas By tracing the life histories of Kenya's white insane the book allows for a new account of settler society one that moves attention away from the great white hunters and heroic pioneer farmers to all those Europeans who did not manage to emulate the colonial ideal In doing so it raises important new questions around deviance transgression and social control Sitting at the intersection of a number of fields the book will appeal to students and teachers of imperial history colonial medicine African history and postcolonial theory and will prove a valuable addition to both undergraduate and postgraduate courses *Labor in Colonial Kenya after the Forced Labor Convention, 1930-1963* Opolot Okia, 2019-08-23 This book advances research into the government forced labor used widely in colonial Kenya from 1930 to 1963 after the passage of the International Labor Organization's Forced Labour Convention While the 1930 Convention intended to mark the suppression of forced labor practices various exemptions meant that many coercive labor practices continued in colonial territories Focusing on East Africa and the Kenya Colony this book shows how the colonial administration was able to exploit the exemption clause for communal labor thus ensuring the mobilization of African labor for infrastructure development As an exemption communal labor was not defined as forced labor but instead justified as a continuation of traditional African and community labor practices Despite this ideological justification the book shows that communal labor was indeed an intensification of coercive labor practices and one that penalized Africans for non compliance with fines or imprisonment The use of forced labor before and after the passage of the Convention is examined with a focus on its use during World War II as well as in efforts to combat soil erosion in the rural African reserve areas in Kenya The exploitation of female labor the Mau Mau war of the 1950s civilian protests and the regeneration of communal labor as harambee after independence are also discussed *Nine Faces Of Kenya* Elspeth Huxley, 2011-06-30 In this marvelous anthology Elspeth Huxley our best and most popular writer on Africa has drawn on her unparalleled knowledge of Kenya and its literature to present a fully rounded portrait of one of the most fascinating countries in the world In nine sections focusing on exploration travel settlement war hunting wildlife environment life styles and legend and poetry using only first hand accounts she guides the reader through the story of Kenya from AD100 to the present with her characteristic candour and directness *Imperial Reckoning* Caroline Elkins, 2010-04-01 A major work of history that for the first time reveals the violence and terror at the heart of Britain's civilizing mission in Kenya As part of the Allied forces thousands of Kenyans fought alongside the British in World War II But just a few years after the defeat of Hitler the British colonial government detained nearly the entire population of Kenya's largest ethnic minority the Kikuyu some one and a half million people The compelling story of the system of prisons and work camps where thousands met their deaths has

remained largely untold the victim of a determined effort by the British to destroy all official records of their attempts to stop the Mau Mau uprising the Kikuyu people's ultimately successful bid for Kenyan independence Caroline Elkins an assistant professor of history at Harvard University spent a decade in London Nairobi and the Kenyan countryside interviewing hundreds of Kikuyu men and women who survived the British camps as well as the British and African loyalists who detained them The result is an unforgettable account of the unraveling of the British colonial empire in Kenya a pivotal moment in twentieth century history with chilling parallels to America's own imperial project *Imperial Reckoning* is the winner of the 2006 Pulitzer Prize for Nonfiction

The New A-Z of Empire C. Brad Faught, 2011-05-30 The British Empire especially in its late Victorian heyday spanned the world and linked a quarter of world's population to Britain through a shared official allegiance to the Crown In the long history of empires the British imperial state was among the most powerful ever and a major global player A New A Z of Empire catches the current burgeoning interest in empires and covers over 400 years of British imperial history from the founding of the East India Company in 1600 to the First and Second British Empires the time of High Empire following the War of American Independence the unprecedented expansion of the Scramble for Africa the development of Dominion Status and the history often turbulent of decolonization and the growth of Commonwealth The 400 plus entries include a rich panoply of individuals territories treaties politics the law diplomacy war and peace administration business and commerce exploration literature art literature and scholarship Readers will find a mine of fascinating factual information in concise form with expert historical assessment cross referencing between entries and suggestions for further reading The valuable time line is essential to pick through the long period of complex history and links to key web resources are provided A New A Z of Empire is an indispensable tool for the scholar and student and for the general reader interested in the rich history of the British Empire a story of obscure foundation leading to dominance over a huge swathe of the globe now represented by mere pinpricks on the world map

Matatu Kenda Mutongi, 2017-06-26 This prize winning study takes a unique ethnographic approach to reconstructing the history of Nairobi's privately owned urban transport Martin A Klein Prize Committee American Historical Association Drive the streets of Nairobi and you are sure to see many matatus colorful minibuses that transport huge numbers of people around the city Once ramshackle affairs held together with duct tape matatus today are name brand vehicles maxed out with aftermarket detailing They can be stately black or extravagantly colored sporting names slogans and airbrushed portraits of everyone from Kanye West to Barack Obama In this richly interdisciplinary book Kenda Mutongi explores the history of the matatu from the 1960s to the present As Mutongi shows matatus offer a window onto the socioeconomic and political conditions of late twentieth century Africa In their diversity of idiosyncratic designs they reflect divergent aspects of Kenyan life from rapid urbanization and the transition to democracy to organized crime entrepreneurship social insecurity and popular culture Offering a shining model of interdisciplinary analysis Mutongi mixes historical ethnographic literary linguistic and economic approaches to tell the story

of the matatu and explore the entrepreneurial aesthetics of the postcolonial world **Settler Ecologies** Charis Enns, Brock Bersaglio, 2024-05-01 *Settler Ecologies* tells the story of how settler colonialism becomes memorialized and lives on through ecological relations Drawing on eight years of research in Laikipia Kenya Charis Enns and Brock Bersaglio use immersive methods to reveal how animals and plants can be enrolled in the reproduction of settler colonialism The book details how ecological relations have been unmade and remade to enable settler colonialism to endure as a structure in this part of Kenya It describes five modes of violent ecological transformation used to prolong structures of settler colonialism eliminating undesired wild species rewilding landscapes with more desirable species to settler ecologists selectively repeopling wilderness to create seemingly more inclusive wild spaces and capitalize on biocultural diversity rescuing injured animals and species at risk of extinction to shore up moral support for settler ecologies and extending settler ecologies through landscape approaches to conservation that scale wild spaces *Settler Ecologies* serves as a cautionary tale for future conservation agendas in all settler colonies While urgent action is needed to halt global biodiversity loss this book underscores the need to continually question whether the types of nature being preserved advance settler colonial structures or create conditions in which ecologies can otherwise be re made and flourish **When Trumpets Call** Patricia O'Toole, 2006-03-10 Drawn from a wealth of new materials offering important new insights into Teddy Roosevelt s final decade this spellbinding biography takes its title from Roosevelt s sense of himself as a man summoned to the heroic of photos Moving the Maasai L. Hughes, 2006-01-10 This is the scandalous story of how the Maasai people of Kenya lost the best part of their land to the British in the 1900s Drawing upon unique oral testimony and extensive archival research Hughes describes the intrigues surrounding two enforced moves and the 1913 lawsuit while explaining why recent events have brought the story full circle **The Palgrave Handbook of Kenyan History** Wanjala S. Nasong'o, Maurice N. Amutabi, Toyin Falola, 2023-01-25 This volume covers Kenya s history society culture economics politics and environment from precolonial times through the first years of independence The book comprises twenty one chapters divided into two parts Part I focuses on the long precolonial moment detailing the nature of precolonial Kenyan societies and their economics politics gender dynamics and social organization Part II examines Kenyan societies encounters with British colonialism critically outlining the impact and implications of these encounters The volume concludes with an examination of political consolidation after the country s attainment of political independence and the subsequent foundations for political authoritarianism Information Resources and Technology Transfer Management in Developing Countries Richard Ouma-Onyango, 1997 This book attempts to put information management in the context of technology transfer industrialization and national development The author shows how critical the efficient use of information resources can be in terms of productivity He also examine the costs of poor information management in undermining negotiation the preparation of contingencies and the ability to let go of dead projects To this end case studies of two technology transfer projects in

as an agent of colonialism globalization and development underdevelopment It deploys interdisciplinary devices to show how the RF projects have engaged in marginalization patronage and othering of African values and customs and the ensuing controversies Using globalization postmodern and postcolonial theories the book deconstructs the long held myths about NGO inviolability and opens ground for understanding their strengths It interrogates sites of contestation apprehension and possibilities that the RF has produced Using RF projects it looks at structures of hegemony race power class and gender that the RF has created The book illustrates the extent to which the RF has been instrumental in spreading capitalism imperialism in economic political cultural and social realms through globalization It desists from the grand narrative approach that has dominated African history in the past but instead gives agency and voice to those that have previously been marginalized

Indian Doctors in Kenya, 1895-1940 A. Greenwood, H. Topiwala, 2016-01-12 This ground breaking book offers unique insights into the careers of Indian doctors in colonial Kenya during the height of British colonialism between 1895 and 1940 The story of these important Indian professionals presents a rare social history of an important political minority

The Ghosts of Happy Valley Juliet Barnes, 2013-07-04 Happy Valley was the name given to the Wanjohi Valley in the Kenya Highlands where a small community of affluent hedonistic white expatriates settled between the wars While Kenya's early colonial days have been immortalised by farming pioneers like Lord Delamere and Karen Blixen and the pioneering aviator Beryl Markham Happy Valley became infamous under the influence of troubled socialite Lady Idina Sackville whose life was told in Frances Osborne's bestselling *The Bolter* The era culminated with the notorious murder of the Earl of Erroll in 1941 the investigation of which laid bare the Happy Valley set's decadence and irresponsibility chronicled in another bestseller James Fox's *White Mischief* But what is left now In a remarkable and indefatigable archaeological quest Juliet Barnes who has lived in Kenya all her life and whose grandparents knew some of the Happy Valley characters has set out to explore Happy Valley to find the former homes and haunts of this extraordinary and transient set of people With the help of a remarkable African guide and further assisted by the memories of elderly former settlers she finds the remains of grand residences tucked away beneath the mountains and speaks to local elders who share first hand memories of these bygone times Nowadays these old homes she discovers have become tumbledown dwellings for many African families school buildings or their ruins have almost disappeared without trace a revelation of the state of modern Africa that makes the gilded era of the Happy Valley set even more fantastic A book to set alongside such singular evocations of Africa's strange colonial history as *The Africa House* *The Ghosts of Happy Valley* is a mesmerising blend of travel narrative social history and personal quest
