The Key And The Name Of The Key Is Willingness:

The Key, 1998 *The Key* Cheri Huber, 1999-03 These insights from many years of Zen meditation practice appeal to a wide range of spiritual traditions and explore topics such as the difference between process and content notions of right and wrong ending self punishment and taking responsibility for one's experiences Perfect for beginning Zen students and for those interested in Buddhism in general or eastern religion it features deep spiritual insights and playful illustrations that add warmth and approachability to the topic *A Practical Way* Minister Jimmie Strong, 2010-01-28 **The Role of Will in Addiction and Recovery** Shelby Boone, 2004-04-29 In *The Role of Will in Addiction and Recovery* Ms Boone addresses the puzzling contradictory and misunderstood will with clarity and compassion Her wisdom and intuition breathes life and understanding into an abstraction that has baffled humanity for ages Ms Boone fleshes out will and the reader consciously experiences will as a concrete reality Conscious awareness of will is the first step toward its proper use Will is a spiritual organ Learning right use of will is an arduous task for us on our spiritual journey Will is a powerful spiritual tool we can use judiciously to accomplish anything our heart desires when we come to understand it and respect its sacred nature Ms Boone provides specific exercises designed to help the reader develop qualities of will that can be used to arrest addictions and create a meaningful life In a bold stroke of insight and genius Ms Boone locates the specific area of the brain through which will operates It is in this same location that addictions take root and become equated with other survival behaviors such as eating breathing and procreating This discovery provides powerful insight and believable evidence for addiction as a disease not a moral failing *Three Sober Keys* Tim Gorman, 2020-06-03 Within these short pages are the instructions to the lay the foundation upon which to build a happy contented and purposeful sobriety **Redemption from Addiction** Gerard Jerry Egan, 2011-12-27 There are awesome and powerful creative forces that can be fully tapped that will absolutely unleash our dreams and hopes transforming them into a desired reality or these very same forces will send us into the deepest darkest Hell we have ever known If a person fails to understand that they have a huge responsibility to take full possession and control of this great creative power then that failure to take this responsibility will always lead to these forces taking control of the person in an undesirable destructive and potentially deadly manner In other words opportunities and temptations to use drugs or alcohol will present themselves as a direct result of failing to take control of these forces or misusing their power All addictions are a manifestation caused by the poor or improper use of these forces and powers The very Powers that govern the ability for anyone to accomplish anything in their lives for their good are the very same powers that can and will undermine and destroy those efforts This book will give you the essential Eleven Powers and Eleven Arts that will enable you to change your life The use of these Powers and Arts will enable you to take full control of not only your addiction but provide endless opportunities to create and design an entire new Destiny Addicts and alcoholics have inadvertently mastered the principles of success and use those very same concepts to assure their own failure and destruction By forcing yourself to do

what you dont want to do enables you to gain hold of and grasp these powerful forces and turn them in the direction of success instead of failure Teach yourself and learn to direct the awesome creative forces within you and learn to turn your Possibilities into Probabilities Leadership Lessons: 10 Keys to Success in Life and Business Jim Swartz,Julie K.
