This is a parent/student guide to assist our youth with their journey to accomplishing a successful career and ambassadorship. It chronicles the four stages of a child's life from conception to college and the responsibility that both parent and child must accept for success in life. Stage one: conception through pre-school; the focus is on the parents because they are the child's first teacher. Stage two: Middle School; the focus shifts from the parents and tilts toward the adolescent. Stage three: High School; the spotlight is on the student or young adult with the parent as support. Stage four: Ambassadorship; is the last stage of the journey. It is the most important and should be intertwined throughout all stages of the journey. It includes a vision of one's true purpose and

College Success Habits: 7 Powerful Principles to Help You Succeed in College and Beyond

Jesse Mogle, 2020-04-20

College is one of the most exciting and growth-filled times in your life. What you do there, learn there, your overall experience of the college life, both in the classroom and outside of it, will lay the foundation for the course of your life. Your motivation, mindset, and goal achieving will be put to the test daily. Your habits, whether defined as good or bad, will present themselves in every aspect of your life. The habits you've created and followed since you started primary school way back when are influencing you today. As you moved through middle and high school, these habits became more ingrained. Now you are in college, and these habits are controlling your actions even more, with little to no parental supervision. You know that habits are just a sequence of behaviors your mind has memorized, so it can think less about them and prioritize more energy toward learning and experiencing new things. The main problem is some of these habits you have cultivated throughout your childhood and teenage years are not healthy, and in many cases aren't even the behaviors you chose, but rather behaviors instilled in you by your family, friends, teachers, and anyone else you came into contact with that influenced you, purposefully or inadvertently. We both know that new habits can be formed and old habits dropped. Imagine if there were a set of principles you could adopt that gave you the keys to success in college and throughout your life. This book will provide you with the steps you can take to rewire your mind and beat the overwhelm you feel in the many aspects of your day-to-day life. *College Success Habits* will draw your habits into your awareness. Here you will have the opportunity to decide if you want to keep, alter, or eliminate that habit altogether. There will be effort on your part. Anyone who tells you

change can be effortless is a charlatan because while deciding to change takes a second the follow through is where the effort lies You can accomplish anything you want in life Everything this amazing world has to offer is at your fingertips You just decide what it is you truly desire in your life and then you begin to work your tail off until it comes to fruition That s the part of the you can have and be anything you want cliche that is so often left out You have to put in the work you have to do little tasks every day toward your projects in order to achieve your goals and see the vision of your life actualized College Success Habits is your guide your road map and it s up to you to stick with it and follow through in order to achieve your meant to be in your life **The Keys to Academic Success** Arthur L.
