The Killer Gun:

The Killer's Wrath Pasquale De Marco, 2025-08-10 The Killer's Wrath is a chilling journey into the minds of serial killers. Over the last two decades Pasquale De Marco, a renowned expert in the field of criminal psychology, has interviewed dozens of convicted murderers, gaining insights into their motivations, methods, and psyche. In this book, Pasquale De Marco shares his findings, providing a comprehensive overview of the world of serial murder. This book is not for the faint of heart. It is a disturbing but fascinating look into the minds of some of the most depraved criminals in history. But it is also a necessary read for anyone who wants to understand the nature of evil and how to prevent it. In this book, you will learn about the different types of serial killers, the motivations behind their crimes, the methods they use to kill, the impact of their crimes on victims and their families, the challenges of investigating and prosecuting serial killers. You will also learn about some of the most notorious serial killers in history, including Ted Bundy, John Wayne Gacy, and Jeffrey Dahmer. Pasquale De Marco provides a detailed account of their crimes, their trials, and their eventual executions. But this book is not just about the past. It is also about the present and the future. Pasquale De Marco examines the current state of serial murder in the United States and offers insights into how we can prevent future tragedies. This book is a must-read for anyone who is interested in true crime, criminal psychology, or the nature of evil. The Killer's Den Mark S. Schubert, 2008-10-24 Twelve people awaken in a strange house with no phone and no exits. They are completely shut out from the outside world. They do not know each other; they don't even remember who they are themselves. An observer comes over an intercom to tell them they all volunteered for a unique sociological experiment: their memories have been blocked, and they are to live for the next year in this enclosed house. But there is a catch: one of them was a convicted killer prior to the induced amnesia. The study is specifically aimed at whether murderous intent is learned or innate. Out of necessity, they begin to build relationships and allegiances, only to find that trust and cooperation begins to deteriorate once people begin to die. The group continuously battles distrust and panic, and the social order breaks down again and again, threatening more lives. The thin layer of cohesion the group desperately needs to survive.

The Serial Killer with the Disappearing Bullet Harvey W. Gladhill, 2017-12-20 This story takes place in Los Angeles. The serial killer commits his crimes in many of the parks in LA. At one time, he almost kills the detective who is in charge of catching him. The reason for the killer starting down his path of killing is a horrifying story in itself. The extent the killer plans on just how he will prepare himself for these killings and the way he does them is unbelievable. Some of the chances he takes shows his nerve and determination. This story shows what police work is about. There is some excitement, some danger, and some

dullness Above it all it shows the dedication most police officers have

Betz, 2021-03-09 With their intimate settings subdued action and likeable characters cozy mysteries are rarely seen as anything more than light entertainment The cozy a subgenre of crime fiction has been historically misunderstood and often overlooked as the subject of serious study This anthology brings together a groundbreaking collection of essays that examine the cozy mystery from a range of critical viewpoints The authors engage with the standard classification of a cozy the characters who appear in its pages the environment where the crime occurs and how these elements reveal the cozy story's complexity in surprising ways Essays analyze cozy mysteries to argue that Agatha Christie is actually not a cozy writer that Columbo fits the mold of the cozy detective and that the stories' portrayals of settings like the quaint English village reveal a more complicated society than meets the eye
