From Lynch Mobs to the Killing State Charles J. Ogletree, Jr., Austin Sarat, 2006-05-01 Situates the linkage between race and the death penalty in the history of the U S Since 1976 over forty percent of prisoners executed in American jails have been African American or Hispanic This trend shows little evidence of diminishing and follows a larger pattern of the violent criminalization of African American populations that has marked the country's history of punishment In a bold attempt to tackle the looming question of how and why the connection between race and the death penalty has been so strong throughout American history Ogletree and Sarat headline an interdisciplinary cast of experts in reflecting on this disturbing issue Insightful original essays approach the topic from legal historical cultural and social science perspectives to show the ways that the death penalty is racialized the places in the death penalty process where race makes a difference and the ways that meanings of race in the United States are constructed in and through our practices of capital punishment *From Lynch Mobs to the Killing State* not only uncovers the ways that race influences capital punishment but also attempts to situate the linkage between race and the death penalty in the history of this country in particular the history of lynching In its probing examination of how and why the connection between race and the death penalty has been so strong throughout American history this book forces us to consider how the death penalty gives meaning to race as well as why the racialization of the death penalty is uniquely American

Sahni, Mohita Junnarkar, 2020-03-14 This book offers a broad overview of public attitudes to the death penalty in India It examines in detail the progress made by international organizations worldwide in their efforts to abolish the death penalty and provides statistics from various countries that have already abolished it The book focuses on four main aspects the excessive cost and poor use of funds wrongful executions of innocent people the death penalty's failure as an efficient deterrent and the alternative sentence of life imprisonment without parole In closing the book analyses the current debates on capital punishment around the globe and in the Indian context Based on public opinion surveys the book is essential reading for all those interested in India its government criminal justice system and policies on the death penalty and human rights

The Politics of the Death Penalty in Countries in Transition Madoka Futamura, Nadia Bernaz, 2013-08-15 The increase in the

number of countries that have abolished the death penalty since the end of the Second World War shows a steady trend towards worldwide abolition of capital punishment This book focuses on the political and legal issues raised by the death penalty in countries in transition understood as countries that have transitioned or are transitioning from conflict to peace or from authoritarianism to democracy In such countries the politics that surround retaining or abolishing the death penalty are embedded in complex state building processes In this context Madoka Futamura and Nadia Bernaz bring together the work of leading researchers of international law human rights transitional justice and international politics in order to explore the social political and legal factors that shape decisions on the death penalty whether this leads to its abolition reinstatement or perpetuation Covering a diverse range of transitional processes in Asia Africa Latin America Europe and the Middle East *The Politics of the Death Penalty in Countries in Transition* offers a broad evaluation of countries whose death penalty policies have rarely been studied The book would be useful to human rights researchers and international lawyers in demonstrating how transition and transformation provide the catalyst for several of interrelated developments of which one is the reduction and elimination of capital punishment

The Death Penalty Louis J. Palmer, 1998-01-01 Examines and explains the laws of capital punishment as they exist in the United States as of 1998 focusing primarily on issues that are resolved after a defendant has been convicted of a capital crime

The Death Penalty Roger Hood, Carolyn Hoyle, 2015-01-08 The fifth edition of this highly praised study charts and explains the progress that continues to be made towards the goal of worldwide abolition of the death penalty The majority of nations have now abolished the death penalty and the number of executions has dropped in almost all countries where abolition has not yet taken place Emphasising the impact of international human rights principles and evidence of abuse the authors examine how this has fuelled challenges to the death penalty and they analyse and appraise the likely obstacles political and cultural to further abolition They discuss the cruel realities of the death penalty and the failure of international standards always to ensure fair trials and to avoid arbitrariness discrimination and conviction of the innocent all violations of the right to life They provide further evidence of the lack of a general deterrent effect shed new light on the influence and limits of public opinion and argue that substituting for the death penalty life imprisonment without parole raises many similar human rights concerns This edition provides a strong intellectual and evidential basis for regarding capital punishment as undeniably cruel inhuman and degrading Widely relied upon and fully updated to reflect the current state of affairs worldwide this is an invaluable resource for all those who study the death penalty and work towards its removal as an international goal

The Killing Wind Tan Hecheng,2016-12-14 Over the course of 66 days in 1967 more than 4 000 class enemies including young children and the elderly were murdered in Daoxian a county in China s Hunan province The killings spread to surrounding counties resulting in a combined death toll of more than 9 000 Commonly known as the Daoxian massacre the killings were one of many acts of so called mass dictatorship and armed factional conflict that rocked China during the Cultural Revolution However in spite of the scope and brutality of the killings there are few detailed accounts of mass killings in China s countryside during the Cultural Revolution s most tumultuous years Years after the massacre journalist Tan Hecheng was sent to Daoxian to report on an official investigation into the killings Tan was prevented from publishing his findings in China but in 2010 he published the Chinese edition of The Killing Wind in Hong Kong Tan s first hand investigation of the atrocities accumulated over the course of more than 20 years blends his research with the recollections of survivors to provide a vivid account exploring how and why the massacre took place and describing its aftermath Dispelling the heroic aura of class struggle Tan reveals that most of the Daoxian massacre s victims were hard working peaceful members of the rural middle class blacklisted as landlords or rich peasants Tan also describes how political pressure and brainwashing turned ordinary people into heartless killing machines More than a catalog of horrors The Killing Wind is also a poignant meditation on memory moral culpability and the failure of the Chinese government to come to terms with the crimes of the Maoist era By painting a detailed portrait of this massacre Tan makes a broader argument about the long term consequences of the Cultural Revolution one of the most violent political movements of the twentieth century A compelling testament to the victims and survivors of the Daoxian massacre The Killing Wind is a monument to historical truth one that fills an immense gap in our understanding of the Mao era the Cultural Revolution and the status of truth in contemporary China The Market House of Fayetteville, North Carolina Patricia Ann Leahy,Caron Lazar,2017-10-03 The Market House of Fayetteville North Carolina is a building of controversy While to many it is the site of many important events in North Carolina including the ratification of the Federal Constitution of the United States of America To others it is an architectural gem that is listed on the Historic Register However to many others the building represents the pain and suffering of slaves and the unresolved issues of race in America This small book sets out to layout both the history and events of the Fayetteville Market House as well as to find the truth to the question as to whether it was in fact a slave market The author realizes that her conclusions will not either change the mind s of those who hold the building as a precious historical

landmark nor will it ease the pain of those feel the ongoing pain of their heritage and the experiences their ancestors suffered She does hope that she has honestly tried to find the truth and present the facts while holding the sensitivities of all parties close to her heart
