imagery from several ancient American Indian cultures These artifacts include petroglyphs and pictographs rock art mounds engraved shell cups and gorgets burial architecture and grave furniture pottery copper repouss and other media Ancient graphics engravings mounds and all were created to deliver a message to the viewer and many of those messages are finally coming to light The artifacts included are from a variety of regions mainly in the Midwest and Eastern United States We hope that this volume will encourage others to look more deeply into the meaning behind the ancient imagery and arts and give the past a chance to be known
