The Last Caesar:

The Last Caesar Henry Venmore-Rowland, 2012-06-21 AD 68 The tyrant emperor Nero has no son and no heir Suddenly there s the very real possibility that Rome might become a republic once more But the ambitions of a few are about to bring corruption chaos and untold bloodshed to the many Among them is a hero of the campaign against Boudicca Aulus Caecina Severus Caught up in a conspiracy to overthrow Caesar s dynasty he commits treason raises a rebellion faces torture and intrigue all supposedly for the good of Rome The boundary between the good of Rome and self preservation is far from clear and keeping to the dangerous path he s chosen requires all Severus skills as a cunning soldier and increasingly deft politician And so Severus looks back on the dark and dangerous time history knows as the Year of the Four Emperors and the part he played for good or ill in plunging the mighty Roman empire into anarchy and civil war **Romulus Augustus. The Last Caesar** Patrizio Corda, 2024-06-28 476 AD In the disintegration of the Western Roman Empire the last emperor of Rome the young Romulus Augustus is deposed by Odoacer and relegated to captivity in a villa in Campania As he sees his world dissolve Romulus vows to himself to get his revenge In the dark corridors of his prison Romulus will find an unexpected help who will restore his freedom beginning an incredible adventure to the borders of his late kingdom in search of a way to one day return to the place where he had been lord of half of the world **Ammianus' Julian** Alan J. Ross, 2016-06-17 Ammianus Marcellinus *Res Gestae* holds a prominent position in modern studies of the emperor Julian as the fullest extant narrative of the reign of the last pagan emperor Ammianus Julian Narrative and Genre in the *Res Gestae* offers a major reinterpretation of the work which is one of the main narrative sources for the political history of the later Roman Empire and argues for a re examination of Ammianus agenda and methods in narrating the reign of Julian Building on recent developments in the application of literary approaches and critical theories to historical texts Ammianus presentation of Julian is evaluated by considering the *Res Gestae* within three interrelated contexts as a work of Latin historiography which consciously sets itself within a classical and classicizing generic tradition in a more immediate literary and political context as the final contribution by a member of an eyewitness generation to a quarter century of intense debate over Julian s legacy by several authors who had lived through his reign and had been in varying degrees of proximity to Julian himself and as a narrative text in which narratorial authority is closely associated with the persona of the narrator both as an external narrating agent and an occasional participant in the events he relates This is complemented by a literary survey and a re analysis of Ammianus depiction of several key moments in Julian s reign such as his appointment as Caesar the battle of Strasbourg in 357AD his acclamation as Augustus and the disastrous invasion of Persia in 363AD It suggests that the *Res Gestae* presents a Latin speaking western audience with an idiosyncratic and Romanized depiction of the philhellene emperor and that consciously exploiting his position as a Greek writing in Latin and as a contemporary of Julian Ammianus wished his work to be considered a culminating and definitive account of the man and his life History of the Roman People Allen M.

Ward, Fritz M. Heichelheim, Cedric A. Yeo, 2016-05-23 A History of the Roman People provides a comprehensive analytical survey of Roman history from its prehistoric roots in Italy and the wider Mediterranean world to the dissolution of the Roman Empire in Late Antiquity ca A D 600 Clearly organized and highly readable the text s narrative of major political and military events provides a chronological and conceptual framework for chapters on social economic and cultural developments of the periods covered Major topics are treated separately so that students can easily grasp key concepts and ideas **The Great Day** Dr. Festus K. Akinnifesi, 2021-10-21 The most remarkable story ever revealed starts like this And war broke out in heaven Michael and his angels fought with the dragon The Great Day is anchored on the allegorical story of the woman in Revelation 12 and her adversary which led to the war in heaven the root of all wars and woes on earth In her the unchangeable and eternal purpose of God for humanity was perfectly sealed The author presents three stages of war by her Antagonist a first war in heaven then many wars on earth then a final war from heaven before the messianic kingdom of Christ The result is a prophecy book that is almost as dramatic and moving as a novel yet it s not a fiction Interpreting the entire end time prophecies from this vantage point is what sets this book apart from the rest In particular four unique discoveries have transformed this book to a new prophetic treasure that every Christian must possess The reader will discover early in the book how the invention of another woman Asherah the mother of Baal later coded as Babylon in Revelation 17 became Satan s greatest game changer Who is the real Gog and Magog the Antichrist that would occupy Israel Why Russia is not the Gog of Magog of Ezekiel s prophecy Understanding the sequence and purpose of the 21 plagues the seven seals and the sets of retributory plagues of tribulation seven trumpets and seven bowls of wrath How are the unleashing of these unprecedented apocalyptic plagues linked to the two powerful prophets in Revelation 11 What will be the roles of the armies of raptured saints following King Jesus for the Armageddon war The Great Day is a must read for every Christian concerned about the end time our eternal destiny The entire kingdom agenda of Jesus is about the End times

that until the Cuban Revolution the struggle was not between capitalism and communism that was Washington's abiding preoccupation but between democracy and dictatorship Beginning in the 1920s the fight against authoritarianism was contested on multiple fronts political ideological and cultural taking on the dimensions of a political crusade Convinced that despots represented an existential threat reformers declared that no civilian government was safe until the cancer of dictatorship was excised from the hemisphere Dictators retaliated often with deadly results exporting strategies that had been honed at home to guarantee their political survival Grafted onto this war without borders was a belated Cold War with all its political convulsions the aftershocks of which are still felt today Wolves of Rome Valerio Massimo

Empire of God Robert Spencer, 2023-11-21 Without the Byzantine Empire there never would have been Western civilization Western civilization is generally regarded as the child of Athens Jerusalem and Rome That is in the West our philosophical and political thought is derived from that of the ancient Greeks our Christian religion comes from the Jewish religion and both of these came to us via the Roman Empire and the civilization and culture it created Western society has other forefathers as well we would be unwise to give the Byzantine Empire short shrift The ways in which it has influenced our world for the good and indeed created the parameters of our society at its healthiest and strongest are insufficiently appreciated today In its confusion uncertainty and lack of direction the West has lost its way There is a great deal it can and should learn from Byzantium If the United States were to last as long as the Roman Empire including its Byzantine period it would have to continue as an independent country with political and cultural continuity until the year 2899 To maintain a unified nation state for over eleven hundred years is a remarkable achievement by any standard and the Romans accomplished it while facing existential threats and efforts to extinguish their polity during virtually every period of their existence Now nearly six hundred years after the demise of the empire its influence still resonates in a number of fields albeit almost entirely unnoticed and unappreciated There is no arguing with success It's time we took notice **Murder at**
