## **The Last Generation Of The Roman Republic:**

The Last Generation of the Roman Republic Erich S. Gruen, 2023-11-15 Available for the first time in paperback with a new introduction that reviews related scholarship of the past twenty years Erich Gruen's classic study of the late Republic examines institutions as well as personalities social tensions as well as politics the plebs and the army as well as the aristocracy Available for the first time in paperback with a new introduction that reviews related scholarship of the past twenty years Erich Gruen's classic study of the late Republic examines institutions as well as personalities social tensions as well as politics

Late Republican Rome, 88-31 BC, 2023-07-20 This volume in the LACTOR Sourcebooks in Ancient History series features offers a generous selection of primary texts on Late Republican Rome 88-31 BC with accompanying maps a glossary and note on the sources concordances and appendices It provides for the needs of students at schools and universities who are studying ancient history in English translation and has been written and reviewed by experienced teachers The texts selected include extracts from the important literary sources as well as some key inscriptions some of which were previously difficult for students to access

*Cicero* Gesine Manuwald, 2014-11-28 Marcus Tullius Cicero 106-43 BCE introduced Romans to the major schools of Greek philosophy forging a Latin conceptual vocabulary that was entirely new But for all the sophistication of his thinking it is perhaps for his political and oratorical career that Cicero is best remembered He was the nemesis of Catiline whose plot to overthrow the Republic he famously denounced to the Senate He was the selfless politician who turned down the opportunity to join Julius Caesar and Pompey in their ruling triumvirate with Crassus He was briefly Rome's leading man after Caesar's assassination in 44 BCE And he was the great political orator whose bitter conflict with Mark Antony led to his own violent death in 43 BCE In her authoritative survey Gesine Manuwald evokes the many faces of Cicero as well as his complexities and seeming contradictions She focuses on his major works allowing the great writer to speak for himself Cicero's rich legacy is seen to endure in the works of Quintilian and the Church Fathers as well as in the speeches of Harry S Truman and Barack Obama

*The Evolution of Justice, Equity, and Equality* Iwona Barwicka-Tylek, Jan Halberda, Maciej Mikuła, 2025-09-23 This book presents a comprehensive exploration of historical perspectives on justice equity and equality which have been and still are considered as the core values of any balanced political system Combining historical methodology with wider philosophical and ethical insights the volume offers a unique contribution to the fields of legal history legal heritage and legal culture Bringing together scholars who specialise in different historical periods the book covers a variety of concepts and practices but also identifies some universal ideas about justice equity and equality that have been stimulating the development of the European political and legal tradition throughout the ages In this way it provides a multidisciplinary approach that advances the field of legal studies By bridging the disciplines of history law and philosophy the book demonstrates the interconnectedness of these fields and highlights how historical legal concepts can inform contemporary discussions As such it will be a valuable resource for academics and

researchers working in these and related areas      **Rome's Armies to the Death of Augustus** Tony McArthur,2024-09-30 National armies as we know them today are a comparatively recent development It has been assumed that the Romans had an army similar to the national institutions of advanced almost exclusively European powers at the end of the nineteenth century But the assumption was wrong as is the belief that changes seen in the armies can be explained because the Romans reformed their armies Up to the death of Augustus the Romans had no permanent military forces Roman armies were raised for particular campaigns and disbanded at their conclusion Repeated campaigns were conducted in places like northern Italy and Spain but the armies were always disbanded These armies were not seen by Romans as part of a national institution as modern armies are they were simply a part of the life of a Roman citizen like religion or elections These armies were more like a militia than a national army There is little evidence even of systematic training and what changes can be detected can be better explained by contingent adaptation to circumstances rather than reform The emperor Augustus is commonly seen as the originator of the imperial armies but it was an unintended outcome of a long life      Power Transformation: A Timely Necessity Ainan Ahmad,2024-01-17      Killing for the Republic Steele Brand,2019-09-10 How Rome's citizen soldiers conquered the world and why this militaristic ideal still has a place in America today For who is so worthless or indolent as not to wish to know by what means and under what system of polity the Romans succeeded in subjecting nearly the whole inhabited world to their sole government a thing unique in history Polybius The year 146 BC marked the brutal end to the Roman Republic's 118 year struggle for the western Mediterranean Breaching the walls of their great enemy Carthage Roman troops slaughtered countless citizens enslaved those who survived and leveled the 700 year old city That same year in the east Rome destroyed Corinth and subdued Greece Over little more than a century Rome's triumphant armies of citizen soldiers had shocked the world by conquering all of its neighbors How did armies made up of citizen soldiers manage to pull off such a major triumph And what made the republic so powerful In Killing for the Republic Steele Brand explains how Rome transformed average farmers into ambitious killers capable of conquering the entire Mediterranean Rome instilled something violent and vicious in its soldiers making them more effective than other empire builders Unlike the Assyrians Persians and Macedonians it fought with part timers Examining the relationship between the republican spirit and the citizen soldier Brand argues that Roman republican values and institutions prepared common men for the rigors and horrors of war Brand reconstructs five separate battles representative moments in Rome's constitutional and cultural evolution that saw its citizen soldiers encounter the best warriors of the day from marauding Gauls and the Alps crossing Hannibal to the heirs of Alexander the Great A sweeping political and cultural history Killing for the Republic closes with a compelling argument in favor of resurrecting the citizen soldier ideal in modern America      **REFORM, REVOLUTION, REACTION. A SHORT HISTORY OF ROME FROM THE ORIGINS OF THE SOCIAL WAR TO THE DICTATORSHIP OF SULLA** Frederik Juliaan Vervaet,2023-11-09 In 133 and 123 122 BCE the Gracchan reforms opened three cans of worms pitting the Roman

landowning elites against their poorer compatriots Roman economic interests against those of the Italian allies and senators against equestrians As these cumulative divisions threatened to coalesce into a perfect storm the noble and wealthy tribune of the plebs M Livius Drusus in 91 boldly proposed a comprehensive if costly New Deal The eventual annulment of Drusus' visionary reform package set the stage for the armed rebellion of Rome's key Italic allies Even before the conclusion of this gargantuan struggle in 87 the deep divisions Drusus and his backers had sought to resolve compounded by political discontent among the enfranchised Italians caused the Roman polity to descend into a series of devastating civil wars terminated in 82-81 by Sulla's vindictive victory and reactionary new settlement Offering a novel narrative analysis of the pivotal events of this well known but often poorly understood period this book seeks to demonstrate how the time from Livius Drusus' tribunate of the plebs to Sulla's unparalleled dictatorship was marked by momentous reform and experimentation and suggests that the former's fateful failure arguably represents the moment the Romans lost their ancestral Republic

**The Roman Republic** Michael Crawford, 2015-06-18 Between the Sack of Rome by the Gauls in 390 BC and the middle of the second century BC a part-time army of Roman peasants under the leadership of the ruling oligarchy conquered first Italy and then the whole of the Mediterranean

**How Republics Die** Frederik Juliaan Vervaet, David Rafferty, Christopher J. Dart, 2025-05-19 Authoritarianism is everywhere on the advance democracies seem fragile and threatened We console ourselves that where rule by the people has long established itself it has never collapsed from internal causes Except it did once in Rome This book gathers together Roman historians with political scientists and scholars of other periods of authoritarian takeover to explore how open and democratic political systems have historically fallen prey to autocrats The Late Roman Republic is the main focus with a mix of large-scale thematic and analytical chapters paired with more detailed case studies from some of the leading scholars in the field Other chapters widen the scope analysing comparable cases from ancient Athens to Napoleon to Hitler's Germany and Franco's Spain The book as a whole draws on contemporary political science scholarship on democratic decay and competitive authoritarianism It shows that these concepts are not only applicable to modern states but that we can properly use them to study past democratic collapses as well This provides the tools for a more historically informed understanding of how republics die as part of a renewed conversation between historians and political scientists

Roman Elections in the Age of Cicero Rachel Feig Vishnia, 2012-03-12 Great debate exists amongst classical historians on the nature of Roman republican government Some contend that the Roman Republic was governed by a small group of aristocratic families that entrenched their rule by means of long-standing alliances and an intricate network of loyal clients from the lower echelons of society Others contest the definition of the republican government as oligarchic maintaining that the Roman elite did not operate in a political vacuum and that Polybius' judgment which concedes a democratic element in the Roman constitution as embodied in the powers of the popular assemblies cannot be simply swept aside This debate has found its way into various scholarly works but until now no single volume has been

dedicated specifically to elections and electioneering a sphere where the people according to these interpretations played a central if not a crucial role Roman Elections in the Age of Cicero provides new and intriguing insights into the nature of Roman republican government and the people's actual powers but also addresses questions relevant to elections in our own societies today     The Republican Roman Army Michael M. Sage, 2013-01-11 The Republican Roman Army assembles a wide range of source material and introduces the latest scholarship on the evolution of the Roman Army and the Roman experience of war The author has carefully selected and translated key texts many of them not previously available in English and provided them with comprehensive commentaries and essays This wide ranging survey of documents recreates the social and historical framework in which ancient Roman warfare took place from the Archaic and Servian period through to the Late Republic The topics addressed extend beyond the conventional questions of army mechanics such as strategy and tactics and explore questions such as the army's influence on Roman society and its economy Complete with notes index and bibliography The Republican Roman Army provides students of Ancient and Military History with an unprecedented survey of relevant materials     **A Companion to the Political Culture of the Roman Republic** Valentina Arena, Jonathan R. W. Prag, Andrew Stiles, 2022-01-25 An insightful and original exploration of Roman Republic politics In A Companion to the Political Culture of the Roman Republic editors Valentina Arena and Jonathan Prag deliver an incisive and original collection of forty contributions from leading academics representing various intellectual and academic traditions The collected works represent some of the best scholarship in recent decades and adopt a variety of approaches each of which confronts major problems in the field and contributes to ongoing research The book represents a new updated and comprehensive view of the political world of Republican Rome and some of the included essays are available in English for the first time Divided into six parts the discussions consider the institutionalized loci political actors and values rituals and discourse that characterized Republican Rome The Companion also offers several case studies and sections on the history of the interpretation of political life in the Roman Republic Key features include A thorough introduction to the Roman political world as seen through the wider lenses of Roman political culture Comprehensive explorations of the fundamental components of Roman political culture including ideas and values civic and religious rituals myths and communicative strategies Practical discussions of Roman Republic institutions both with reference to their formal rules and prescriptions and as patterns of social organization In depth examinations of the afterlife of the Roman Republic both in ancient authors and in early modern and modern times Perfect for students of all levels of the ancient world A Companion to the Political Culture of the Roman Republic will also earn a place in the libraries of scholars and students of politics political history and the history of ideas     **The Cambridge Companion to the Roman Republic** Harriet I. Flower, 2014-06-23 This second edition examines all aspects of Roman history and contains a new introduction three new chapters and updated bibliographies     Rome and her Empire David Shotter, 2014-10-13 The name of Rome excites a picture of power and organisation as do the widely spread ruins that Roman

civilization left behind Yet Rome grew out of a collection of small villages and major developments such as the growth of Empire were unplanned and completely unprepared for Influenced by a small number of self interested aristocrats who lacked a broader vision Rome was often threatened by their intrigues Brought to the ground on a number of occasions its leaders were able to snatch victory from the jaws of defeat How did Rome survive for nearly 1000 years ruling over millions of people with few instances of internal rebellion David Shotter argues that the key was the way Rome managed to adapt to new circumstances without at the same time discarding too many of its cherished traditions

**Ancient Rome** William E. Dunstan, 2010-11-16 Ancient Rome masterfully synthesizes the vast period from the second millennium BCE to the sixth century CE carrying readers through the succession of fateful steps and agonizing crises that marked Roman evolution from an early village settlement to the capital of an extraordinary realm extending from northern Britain to the deserts of Arabia A host of world famous figures come to life in these pages including Alexander the Great Hannibal Julius Caesar Cleopatra Augustus Livia Cicero Nero Hadrian Diocletian Constantine Justinian and Theodora Filled with chilling narratives of violence lust and political expediency this book not only describes empire shaping political and military events but also treats social and cultural developments as integral to Roman history William E Dunstan highlights such key topics as the physical environment women law the roles of slaves and freedmen the plight of unprivileged free people the composition and power of the ruling class education popular entertainment food and clothing marriage and divorce sex death and burial finance and trade scientific and medical achievements religious institutions and practices and artistic and literary masterpieces All readers interested in the classical world will find this a fascinating and compelling history

*1974 Annual Supplement* Joan Schmitz Bergholt, 2013-12-21

**Brill's Companion to the Reception of Cicero**, 2015-03-31 Brill's Companion to the Reception of Cicero is a collection of essays by an international and interdisciplinary team of scholars that situates Cicero in the context of his use and abuse from antiquity to the present and is intended to provide readers with several good reasons to return to the study of Cicero's writings with greater interest and respect

*Roman Republics* Harriet I. Flower, 2010 In *Roman Republics* Harriet Flower argues for a completely new interpretation of republican chronology Radically challenging the traditional picture of a single monolithic republic she argues that there were multiple republics each with its own clearly distinguishable strengths and weaknesses While classicists have long recognized that the Roman Republic changed and evolved over time Flower is the first to mount a serious argument against the idea of republican continuity that has been fundamental to modern historical study By showing that the Romans created a series of republics she reveals that there was much more change and much less continuity over the republican period than has previously been assumed from publisher description

**An Introduction to the Ancient World** Lukas de Blois, R.J. van der Spek, 2008-10-24 Integrating the results of scholarly work from the past decade the authors of *An Introduction to the Ancient World* Lukas de Blois and R.J. van der Spek have fully updated and revised all sixteen chapters of this best selling introductory textbook Covering the history and

culture of the ancient Near East Greece and Rome within the framework of a short narrative history of events this book offers an easily readable integrated overview for students of history classics archaeology and philosophy whether at college at undergraduate level or among the wider reading public This revised second edition offers a new section on early Christianity and more specific information on the religions economies and societies of the ancient Near East There is extended coverage of Greek Macedonian and Near Eastern history of the fourth to second centuries BC and the history of the Late Roman Republic The consequences of Julius Caesar's violent death are covered in more detail as are the history and society of Imperial Rome This new edition is comprehensive covers 3 000 years of ancient history and provides the basis for a typical one semester course lavishly illustrated contains maps line drawings and plates to support and supplement the text with updated captions clearly and concisely written two established and respected university teachers with thirty years experience in the subject areas well organized traces the broad outline of political history but also concentrates on particular topics user friendly includes chapter menus an extensive and expanded bibliography organized by subject area and three appendices an improved introduction and the addition of an epilogue
