The Last of Rose Sommer Ralph Baber,1998-10-01 **The Last of Rose Sommer** Ralph K. Baber,1989 Victorian Women Writers and the Other Germany Linda Hughes,2022-06-09 Shedding new light on the alternative emancipatory Germany discovered and written about by progressive women writers during the long nineteenth century this illuminating study uncovers a country that offered a degree of freedom and intellectual agency unheard of in England Opening with the striking account of Anna Jameson and her friendship with Ottilie von Goethe Linda K Hughes shows how cultural differences spurred ten writers advocacy of progressive ideas and provided fresh materials for publishing careers Alongside well known writers Elizabeth Gaskell George Eliot Michael Field Elizabeth von Arnim and Vernon Lee this study sheds light on the lesser known writers Mary and Anna Mary Howitt Jessie Fothergill and the important Anglo Jewish lesbian writer Amy Levy Armed with their knowledge of the German language each of these women championed an extraordinarily productive openness to cultural exchange and by approaching Germany through a female lens imported an alternative other Germany into English letters Illinois Bell Magazine Illinois Bell Telephone Company,1929 **The Menorah** ,1904 Annual Catalogue Carroll College (Waukesha, Wis.),1918 **Report** New York (State). Ulrich,1988-08-26 **From Attention to Goal-Directed Behavior** Francisco Aboitiz,Diego Cosmelli,2008-11-21

Attention is a key psychological construct in the understanding of human cognition and the target of enormous efforts to elucidate its physiological mechanisms as the wealth of literature both primary and secondary attests for recent compilations see Itti Rees Paletta Posner 2004 But in addition to asking what attention actually is decomposing and analyzing its varieties or delimiting its neurobiological mechanisms and effects in this volume we want to explore attention somewhat differently We believe that a full fledged theory of attention must consider its workings in the context of motivated goal directed and environmentally constrained organisms That attention is related to goal directed behavior is not news What the contributions to this volume do suggest however is the existence of fundamental links between attention and two key processes that are crucial for adapted conduct go directed behavior and cognitive control Importantly they show that these relations can be explored at multiple levels including neurodynamical neurochemical evolutionary and clinical aspects and that in doing so multiple methodological challenges arise that are worth considering and pursuing The reader will find here therefore a selection of contributions that range from basic mechanisms of attention at the neuronal level to developmental aspects of cognitive control and its impairments Another trend that will become evident is that in different ways the authors stress the need to understand these issues as they unfold in natural behavior both healthy and pathological thus arguing for a more ecological approach to these questions *Directory of Social Agencies of the City of New York* ,1917 **Annual Report of the State Board of Education and the Commissioner of Education to the Legislature of the State of New Jersey**

New Jersey. Department of Education, New Jersey. State Board of Education, 1912 *Gender and Assimilation in Modern Jewish History* Paula E. Hyman, 2016-06-01 Paula Hyman broadens and revises earlier analyses of Jewish assimilation which depicted the Jews as though they were all men by focusing on women and the domestic as well as the public realms Surveying Jewish accommodations to new conditions in Europe and the United States in the years between 1850 and 1950 she retrieves the experience of women as reflected in their writings memoirs newspaper and journal articles and texts of speeches and finds that Jewish women's patterns of assimilation differed from men's and that an examination of those differences exposes the tensions inherent in the project of Jewish assimilation Patterns of assimilation varied not only between men and women but also according to geographical locale and social class Germany France England and the United States offered some degree of civic equality to their Jewish populations and by the last third of the nineteenth century their relatively small Jewish communities were generally defined by their middle class characteristics In contrast the eastern European nations contained relatively large and overwhelmingly non middle class Jewish population Hyman considers how these differences between East and West influenced gender norms which in turn shaped Jewish women's responses to the changing conditions of the modern world and how they merged in the large communities of eastern European Jewish immigrants in the United States The book concludes with an exploration of the sexual politics of Jewish identity Hyman argues that the frustration of Jewish men at their feminization in societies in which they had achieved political equality and economic success was manifested in their criticism of and distancing from Jewish women The book integrates a wide range of primary and secondary sources to incorporate Jewish women's history into one of the salient themes in modern Jewish history that of assimilation The book is addressed to a wide audience those with an interest in modern Jewish history in women's history and in ethnic studies and all who are concerned with the experience and identity of Jews in the modern world Documents of the Legislature of the State of New Jersey New Jersey.
