extensively playing thousands of concerts of organ music during silent film showings He thus ushered in the silent film revival continuing the genre of live music performance accompanying film Erwin believing that cue sheets originally compiled for these films during the silent film era were full of the musical clichés of the 1920s composed new scores to over 100 silent films *An American Organist in Paris* presents Lee Orville Erwin's letters from France to his family in 1930 1931 In these letters Erwin recounts his daily experiences and encounters with some of the 20th century's greatest musicians and teachers He writes of his lessons with Marchal Verd and Boulanger and dinner parties with Olivier Messiaen Erwin's letters not only provide the singular experiences of a young musician but also reflect the common experiences shared by the multitude of American composers who studied in France during this time These letters are extensively footnoted to provide clarity and background information of the locations and personalities discussed A biographical chapter on Erwin which outlines his extensive musical career and impact on the silent film music revival in the 20th century is also included This book will serve as a unique glimpse into the life of one of America's most prolific composers for the theater organ

The Canadian Short Story Reingard M. Nischik, 2007 Beginning in the 1890s reaching its first full realization by modernist writers in the 1920s and brought to its heyday during the Canadian Renaissance starting in the 1960s the short story has become Canada's flagship genre It continues to attract the country's most accomplished and innovative writers today among them Margaret Atwood Mavis Gallant Alice Munro Carol Shields and many others Yet in contrast to the stature and popularity of the genre and the writers who partake in it surprisingly little literary criticism and theory has been devoted to the Canadian short story This collection redresses that imbalance by providing the first collection of critical interpretations of a range of thirty well known and often anthologized Canadian short stories from the genre's beginnings through the twentieth century A historical survey of the genre introduces the volume and a timeline comparing the genre's development in Canada the US and Great Britain via representative examples completes it The collection is geared both to specialists in and to students of Canadian literature For the latter it is of particular benefit that the volume provides not only a collection of interpretations but a comprehensive introduction to the history of the Canadian short story Reingard M Nischik is professor and chair of American Literature at the University of Constance Germany
