CHAPTER VII Canterbury pilgrims mediaeval and modern Inn dinners in Kent and in Dorsetshire A Boughton Boniface on agricultural depression The story of the Bossenden Wood tragedy as related by an eye witness View from Boughton Hill Bossenden Wood About an hour after noon we reached the village of Boughton where the servant of Chaucer s rich canon the alchemist who could have paved with gold all the road to Canterbury town overtook the pilgrims bound to the shrine of Thomas Becket We too had our faces Canterbury ward and a remark upon the association of the locality with the pilgrimage described by the mediaeval poet with so much quaintness and humour led to many comparisons and contrasts more or less felicitous as we strolled through the village looking for what might seem to be the most eligible hostelry Having made our selection we sat down in the sanded parlour which the curate said reminded him by its furniture and decorations of The Leather Bottle at Cobham and awaited the serving of dinner with appetites sharpened by our long walk and the pure air There are certain features of the public rooms of village inns in the south of England which are common to most of them the same hard chairs the same stuffed birds in the same square cases the same varnished engravings in the same black frames may be found in a very large proportion of the guest parlours of hostelrys of this class In how many as I asked the curate should we not find that old print of The Stopper stopped representing a rustic going through the woods on the eve of a fox

**Dickens's London** Peter Clark,2020-03-15 Marking the 150th anniversary of Charles Dickens s death Dickens s London leads us in the footsteps of the author through this beloved city Few novelists have written so intimately about a place as Dickens wrote about London and from a young age his near photographic memory rendered his experiences there both significant and in constant focus Virginia Woolf maintained that we remodel our psychological geography when we read Dickens as he produces characters who exist not in detail not accurately or exactly but abundantly in a cluster of wild yet extraordinarily revealing remarks The most enduring character Dickens was drawn back to throughout his novels was London itself in all its aspects from the coaching inns of his early years to the taverns and watermen of the Thames These were the constant cityscapes of his life and work In five walks through central London Peter Clark explores The First Suburbs Camden Town Chelsea Greenwich Hampstead Highgate and Limehouse as they feature in Dickens s writing and illuminates the settings of Dickens s life and his greatest works of journalism and fiction Describing these storied spaces of today s central London in intimate detail Clark invites us to experience the city as it was known to Dickens and his characters These walks take us through the locations and buildings that he interacted with and wrote about creating an imaginative reconstruction of the Dickensian world that has been lost to time     *Letter from Charles Dickens, Higham, Kent, to Charles Kent, 1868 June 17* Charles Dickens,1868     The Oxford Companion to Charles Dickens Paul Schlicke,2011-11-03 This anniversary edition of the Oxford Companion to Charles Dickens celebrates 200 years since the birth of one of Britain s most popular authors Covering his life his works his reputation and his cultural context in over 500 A Z articles this is the most reliable and accessible reference work on Dickens available     DICKENS'S DICTIONARY OF THE THAMES ,1856     The Companion to 'The Mystery of Edwin Drood' Wendy S. and society It provides the modern reader with both fundamental sources of information and a fascinating account of the creation of a complex historical novel
