*The Grail Bird* Tim Gallagher,2017-04-25 The Grail Bird is an enjoyable read A powerful call for conservation and an exciting bird adventure The Boston Globe What is it about the ivory billed woodpecker Why does this ghost of the southern swamps arouse such an obsessive level of passion in its devotees who range from respected researchers to the flakiest Loch Ness monster fanatics and Elvis chasers Since the early twentieth century scientists have been trying their best to prove that the ivory bill is extinct But every time they think they ve finally closed the door the bird makes an unexpected appearance To unravel the mystery author Tim Gallagher heads south deep into the eerie swamps and bayous of the vast Mississippi Delta searching for people who claim to have seen this rarest of birds and following up sometimes more than thirty years after the fact on their sightings What follows is his own Eureka moment with his buddy Bobby Harrison a true son of the South from Alabama A huge woodpecker flies in front of their canoe and they both cry out Ivory bill This sighting the first time since 1944 that two qualified observers positively identify an ivory billed woodpecker in the United States quickly leads to the largest search ever launched to find a rare bird as researchers fan out across the bayou hoping to document the existence of this most iconic of birds The Grail Bird is less an ecological study than a portrait of human obsession The New York Times

The Complicated Ape Bryce Winn,2022-07-27 The Complicated Ape The Windows of the Eyes The Roots of the Soul The Devil s Gift and Our Divine Curse By Bryce Winn We live under an illusion that we live in a world of harsh divisions People don t want unity because we have an affinity for totalitarianism because we have a common ideal food and security and we identify as the victim and likewise identify a group of oppressors rather than any specific individual so invite the tyrannical excess of our position and impose it on people because people don t normally care if it doesn t affect them and all the better if it benefits them Ecofeminism and Pantheism has been abandoned by many philosophers and thinkers because of there lack of there inconsistencies and lack of identity but these belief systems can lead to the synchronicity of opposites such as the masculine and the feminine eastern and western religions and republican and democrats Ecofeminism and a Pantheism can orient us towards compassion and humility which should be the foundation of our ethos Animal cruelty tribalism religion and atheism are psychological indicators of a suffering society There is a correlation between how societies become cruel and societal erosion The environment is the heart of the economy because of the resources it offers but the genocide of native animals and ecocide often coincide with a cruel society Once a society degenerates into ignorance resentment betrayal division fragmentation and corruption then society will become cruel and become totalitarian and then it will eventually

collapse The source of psychological suffering and what leads to crime and wickedness is the fall from nature and the separation of the family household The way that societies become cruel begin with betrayal deception and rejection and a societal indicator of this when we see isolation alienation and tyranny and this is caused by family friends and the state Because this resentment towards life and towards state accumulates over generations and is passed down through the form of childhood trauma In other words we have a non ending cycle of resentful parents which leads them to be tyrannical and this accumulates and makes up society and then we make our children internalize the problems of society through shame dumping blame shifting worship and dogmatic intrusion We do this because children are extensions of ourselves All issues in society start in the family household

*The Powers of Evil* Richard Cavendish, 2023-04-08 First published in 1975 The Powers of Evil is an interesting study of beliefs about supernatural agencies thought to menace and prey on human beings are known to all societies and even in this age of materialism and rationalism they still have a firmer grip on Western minds that is not always understood or admitted Richard Cavendish investigates supernatural agencies which have been involved over the ages with thought and belief in areas far beyond their own immediate spheres of suffering harm and death These beings and forces include the Devil and the demons of Christian tradition the evil gods and spirits of paganism malevolent ghosts witches vampires nightmares powers of the underworld and hell giants dragons and many other sinister creatures of popular belief as well as the two great evil and inescapable mechanisms of death and fate He examines recurrent themes and motifs in the context of the ancient world and medieval Europe as well as modern Europe and North America the connection between evil and the animal world for example the dread of being devoured the links between death evil and sex the fear of disorder This book will be of interest to students of history religion and folktales

*Playing with Fire* Billy Hallowell, 2020-09-08 Provocative insightful and enlightening a foray into an often neglected topic that merits more attention than it typically receives Lee Strobel New York Times bestselling author of The Case for Christ What is Our Fascination with the Other Side Join investigative reporter Billy Hallowell as he delves into the strange phenomena of supernatural activity Themes of demonic possession exorcism and ghosts have overtaken Hollywood with countless films and TV shows delving into the age old struggle against evil But the question is why Even with so much focus on the topic there seems to be very little public knowledge and discussion about the theology and real life claims surrounding demons Quite often many people remain silent about their experiences or resort to quietly whispering about what they've seen heard or felt for fear of being labeled as crazy The truth is even pastors priests and clergy who have observed firsthand accounts of possession and deliverance can succumb to the strange and terrifying effects of intense spiritual warfare For people of faith *Playing with Fire* addresses these core questions Are demons active today If they do indeed exist what are they Fallen angels Nephilim Can demons inhabit human beings According to the Bible can people die and remain behind as ghosts *Playing with Fire* explores the theological underpinnings surrounding the supernatural Relying on firsthand accounts newspaper reports and

Christian experts Hallowell takes readers through the various views and perspectives surrounding supernatural activity
