The Last Christmas Letter Keith C. Snyder, 2023-05-16 This book started out to be just a culmination of the original 30 Christmas Letters and the stories surrounding them but in the end turned into much more encompassing story of our family and unfortunately my somewhat questionable life decisions and ongoing issues Nothing to worry about here as I am and always have been a law abiding people loving hardworking person but sometimes my way of doing things has left many wondering just what the heck I was thinking As for the book I think it is something that you will enjoy reading as it probably more attune to your own life's stories than you'll probably want to admit Even when I die my picture will be somewhere in the back pages but with my luck it will probably be the one taken that night at the Lewiston Boy's Club and the headline won't be Loving Father and Husband Passes It will read Keith Embarrasses Mother So the next day I show up to grade school with one front tooth missing and my wrist all taped up and the teacher probably wondering what kind of torture I was being put through But in actuality she probably had taught all three of my older brothers and just figured I was just learning to be one of them You just gotta love my family Another thing I have learned is that Sharon and I don't shop the same I shop like this Look like buy use Sharon shops like this Look look like look look look like look like look look look really like buy return Well I finally went home and the first night back Sharon fell off her crutches dislocated one finger and broke another Boy you'd think that with those crutches she'd been able to hop right over that deer lying on the floor Maybe there is something to me making things worse [Focus On: 100 Most Popular United States National Medal of Arts Recipients](#) Wikipedia

doing every job as well as he could and always trying to do better David it turns out was an excellent salesman regularly winning bonuses and recognition for tripling and quadrupling a departments sales Whenever he needed to put bread on the table or a roof over his head David could always get a job as a salesman He was very good at it but was not particularly passionate about sales As a teenager David enjoyed participating in all sports and started developing a love of physical fitness reveling in what he could get his body to do and enjoying the cheers of the crowd when he made a great play It was while learning and practicing diving and some basic gymnastics at a local park with a pool that he started becoming aware of the strength and gratification he received from cheers and applause especially from the attractive girls When the Ringling Brothers Barnum Bailey Circus was came to town and he saw Ove Unus The Talk of the Universe perform a one finger handstand and heard the thunderous applause David knew that was what he passionately wanted to do perform acrobatics for live audiences He taught himself the art building up the necessary physical and mental skills watching others perform and studying pictures of acts to figure out how to do them Along the way he recruited others to join him met and became friends with other performers first in the Albany area and then at Muscle Beach California and around the Western Hemisphere David performed with many circuses around the United States and Canada In 1976 he joined the Harlem Globetrotters for a five month tour of the United States Canada and South America performing his acrobatic and plate spinning acts during half time During one show in South America he had a major fall which left him nearly paralyzed from his waist down In only five weeks he rehabilitated himself and rejoined the tour He continued performing acrobatics and selling shoes and fitness equipment as needed to put bread on the table for another twenty years In his seventies he retired from acrobatics and tried retiring but couldnt stand the quiet so he re-invented himself as a stand up comedian The mental and physical preparation for appearing before an audience and the applause for a performance well done are as essential to Davids well being as having blood pump through his veins Without the former the latter is of little importance Ultimately the story is about balancing ones inner passions that define personal success against societys measures of success
