The Last Gamble:

The Last Gamble Rae Foley,1956 **The Last Oil Shock** David Strahan,2011-08-04 This may be the most important book you or anyone else will read in the next fifty years Assuming humanity survives that long Draining the lifeblood of industrial civilization the terminal decline of oil and gas production will spark a crisis far more dangerous than international terrorism and more urgent than climate change World leaders know it so why aren't they telling The last oil shock is the secret behind the crises in Iraq and Iran the reason your gas bill is going through the roof the basis of a secret deal cooked up in Texas between George Bush and Tony Blair the cause of an imminent and unprecedented economic collapse and the reason you may soon be kissing your car keys and boarding pass goodbye David Strahan explains how we reached this critical state how the silence of governments oil companies and environmentalists conspires to keep the public in the dark what it means for energy policy and what you can do to protect yourself and your family from the ravages of the last oil shock

Left to Die Dan Kurzman,2010-06-15 From the award winning author of Fatal Voyage comes the first full account of one of World War II's most secret scandals In November 1942 a Japanese torpedo destroyed the USS Juneau killing 700 men From extensive interviews Kurzman reveals the agonizing truth behind one of America's greatest military tragedies *The Art of Decisions* Chris Blake,2010 The Fast Paced Fun to Read Guide to Making Better Decisions How much information do you really need to make a business decision Why don't past winners keep on winning When should you fold your hand and when should you press on In *The Art of Decisions* Chris Blake reveals the amazing hidden realities beneath human decision making and helps you optimize every decision you make Blake begins by exploding the 1 myth of decision making the idea that if you have enough knowledge you can engineer away all risk and make a rational objective decision that's nearly guaranteed to succeed Next Blake turns to the decision making process itself teaching better ways to make decisions in a world full of uncertainty randomness and tough luck Drawing on the secrets of psychology poker and probability you'll learn how to identify and overcome biases and errors that constantly creep into the decision making process You'll discover the power and pitfalls of intuition in familiar and unfamiliar environments and learn rules of thumb drawn from fields as diverse as gambling and computer programming You're human You'll never be perfect But if you want to be right more often when it matters most this book will get you there Decision making lessons from Texas Hold'em What to do about the risks and randomness you can't eliminate Follow your instinct or follow the rules When to use your intuition and when to doubt it Know when it's time to decide How to know when you know enough Make better decisions in unfamiliar environments Hire a guide or make a map **Reader's Guide to Military History** Charles Messenger,2013-10-31 This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th century intervention operations Designed for a wide variety of users it encompasses general reviews of aspects of military organization and science as well as specific wars and conflicts The book examines naval and air warfare as well as significant individuals including commanders theorists and war

leaders Each entry includes a listing of additional publications on the topic accompanied by an article discussing these publications with reference to their particular emphases strengths and limitations **Hitler, 1936-45** Ian Kershaw,2000 This one volume edition of Kershaw s superb biography Ian Buruma New York Times Book Review of Hitler will be the final word on the most demonic figure of the 20th century of photos **Hitler: 1936-1945 Nemesis** Ian Kershaw,2001-09-17 The climax and conclusion of one of the best selling biographies of our time The New Yorker declared the first volume of Ian Kershaw s two volume masterpiece as close to definitive as anything we are likely to see and that promise is fulfilled in this stunning second volume As Nemesis opens Adolf Hitler has achieved absolute power within Germany and triumphed in his first challenge to the European powers Idolized by large segments of the population and firmly supported by the Nazi regime Hitler is poised to subjugate Europe Nine years later his vaunted war machine destroyed Allied forces sweeping across Germany Hitler will end his life with a pistol shot to his head M ore probing more judicious more authoritative in its rich detail more commanding in its mastery of the horrific narrative Milton J Rosenberg Chicago Tribune **Decision and Control in Uncertain Resource Systems** Mangel,1984-12-14 Decision and Control in Uncertain Resource Systems The East Tennessee Veterans Memorial John Romeiser,Jack H. McCall,2024-01-12 At the northern edge of the World s Fair Park in Knoxville Tennessee a striking set of thirty two granite pylons stands as a monument to the tradition of military service in East Tennessee The East Tennessee Veterans Memorial explores the creation and significance of this commemorative monument providing a window into the lives and courageous actions of the more than 6 200 men and women whose names are inscribed on the sobering markers In this book author John Romeiser with the assistance of Jack McCall showcases the stories of over 300 service members and their families documented with public records obituaries and family recollections In these pages readers will find the accounts of each of East Tennessee s 14 Medal of Honor recipients along with tales of a variety of other veterans from World War I to the present people whose lives and deaths together form a microcosm of the armed forces Richly illustrated with historical photographs this ambitious undertaking delivers not only a compelling history of individual lives but also a broader sense of military history in the region and a contribution to the scholarship on the value of monuments as a means to honor the past **On the Trail of Robert Burns** John Cairney,2000 Follow Scotland s bard the Burns trail provides a splendid introduction to Burns and a new challenge to Burns fanatics John Cairney visits more than 100 places connected with Burns He has been described as a living embodiment of Burns and has written and performed Burns for stage radio film television and festivals around the world His use of Burns own poems and correspondence helps to set the scene and the mood of Burns travels as well as his own Includes Burn s poems and correspondence Detailed maps and comprehensive map references The Infantry's Armor Harry Yeide,2010-02-17 Tanks amphibian tanks and amphibian tractors in action in all theaters from Africa and Europe to the Pacific How the battalions fought the war often in the tankers own words Crystal clear maps Hitler's Mountain Arthur Mitchell,2007 This work examines the political events that took

place in Obersalzberg from the 1920s until the U S Army returned control of the area to the German government in 1995 Concentrating primarily on the years when Hitler was in residence it discusses his original acquaintance with Berchtesgaden and focuses on the symbolism of self identity and public perception Provided by publisher **The Kaiser's Lost Kreuzer** Paul N. Hodos, 2018-01-14 In the final year of World War I Germany made its first attempt to wage submarine warfare off faraway shores Large long range U boats short for unterseeboot or undersea boat attacked Allied shipping off the coasts of the U S Canada and West Africa in a desperate campaign to sidestep and scatter the lethal U boat defenses in European waters Commissioned in 1917 U 156 raided commerce transported captured cargo and terrorized coastal populations from Madeira to Cape Cod In July 1918 the USS San Diego was sunk as it headed into New York Harbor the opening salvo in a month long series of audacious attacks by U 156 along the North American coast The author chronicles the campaign from the perspective of Imperial Germany for the first time in English **The National Being: Some Thoughts on an Irish Polity** George William Russell, 2019-12-19 In *The National Being: Some Thoughts on an Irish Polity* George William Russell who wrote under the pseudonym crafts a profound meditation on the essence of Irish identity sovereignty and the constructs of nationhood in the early 20th century Through a lyrical and poetic prose style that blends personal reflection with political discourse Russell captures the zeitgeist of a country wrestling with its colonial past while aspiring towards a future defined by self determination The book resonates deeply with the cultural revival of the time serving as both critique and manifesto for a reimagined Irish polity that embraces its unique heritage and spiritual ethos George William Russell a key figure in the Irish Literary Revival was deeply influenced by his experiences in a divided Ireland where he perceived the urgent need for a cohesive national identity His engagement with various aspects of Irish culture folklore and spirituality propelled him to explore the philosophical underpinnings of nationalism illuminating the intricacies of the socio political landscape Russell s artistic endeavors as a poet painter and editor further informed his perspective making him an essential voice in the dialogue surrounding Irish nationalism For readers seeking a nuanced understanding of Irish identity and the philosophical discourse surrounding nationalism *The National Being* is an essential read Russell s eloquence and depth of thought provide a compelling exploration of the forces shaping Ireland s political landscape making it invaluable for scholars students and anyone interested in the intricate tapestry of Irish history and culture **Corps Commanders of the Bulge** Harold R. Winton, 2016-07-10 If the Battle of the Bulge was Germany s last gasp it was also America s proving ground the largest single action fought by the U S Army in World War II Taking a new approach to an old story Harold Winton widens our field of vision by showing how victory in this legendary campaign was built upon the remarkable resurrection of our truncated interwar army an overhaul that produced the effective commanders crucial to GI success in beating back the Ardennes counteroffensive launched by Hitler s forces Winton s is the first study of the Bulge to examine leadership at the largely neglected level of corps command Focusing on the decisions and actions of six Army corps commanders Leonard Gerow Troy

Middleton Matthew Ridgway John Millikin Manton Eddy and J Lawton Collins he recreates their role in this epic struggle through a mosaic of narratives that take the commanders from the pre war training grounds of America to the crucible of war in the icy cold killing fields of Belgium and Luxembourg Winton introduces the story of each phase of the Bulge with a theater level overview of the major decisions and events that shaped the corps battles and for the first time fully integrates the crucial role of airpower into our understanding of how events unfolded on the ground Unlike most accounts of the Ardennes that chronicle only the periods of German and American initiative Winton s study describes an intervening middle phase in which the initiative was fiercely contested by both sides and the outcome uncertain His inclusion of the principal American and German commanders adds yet another valuable layer to this rich tapestry of narrative and analysis Ultimately Winton argues that the flexibility of the corps structure and the competence of the men who commanded the six American corps that fought in the Bulge contributed significantly to the ultimate victory Chronicling the human drama of commanding large numbers of soldiers in battle he has produced an artful blend of combat narrative collective biography and institutional history that contributes significantly to the broader understanding of World War II as a whole With the recent modularization of the U S Army division which makes this command echelon a re creation of the corps of World War II Corps Commanders of the Bulge also has distinct relevance to current issues of Army transformation

Those who Hold Bastogne Peter Schrijvers,2014-01-01 A new telling of the brutal siege of Bastogne where vastly outnumbered American forces held off a savage German onslaught and sealed the fate of the Third Reich Hitler s last gamble the Battle of the Bulge was intended to push the Allied invaders of Normandy all the way back to the beaches The plan nearly succeeded and almost certainly would have were it not for one small Belgian town and its tenacious American defenders who held back a tenfold larger German force while awaiting the arrival of General George Patton s mighty Third Army In this dramatic account of the 1944 45 winter of war in Bastogne historian Peter Schrijvers offers the first full story of the German assault on the strategically located town From the December stampede of American and Panzer divisions racing to reach Bastogne first through the bloody eight day siege from land and air and through three more weeks of unrelenting fighting even after the siege was broken events at Bastogne hastened the long awaited end of WWII Schrijvers draws on diaries memoirs and other fresh sources to illuminate the experiences not only of Bastogne s 3 000 citizens and their American defenders but also of German soldiers and commanders desperate for victory The costs of war are here made real uncovered in the stories of those who perished and those who emerged from battle to find the world forever changed

Hitler Ian Kershaw,2008 This one volume edition of Kershaw s superb biography Ian Buruma New York Times Book Review of Hitler will be the final word on the most demonic figure of the 20th century of photos

The Last Gamble Introduction

In today's digital age, the availability of The Last Gamble books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Last Gamble books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Last Gamble books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Last Gamble versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The Last Gamble books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Last Gamble books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Last Gamble books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library.

lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Last Gamble books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Last Gamble books and manuals for download and embark on your journey of knowledge?
