Snafu Great American Military Disasters:

Snafu Geoffrey Regan,1993 **Great Misadventures: Military** Betz Des Chenes,1999 Explores over 100 historical political military and social events where human error has led to disaster **War is a Racket II** Robert F. Boland,2019-06-27 This is not an anti war book Rather the book is about the bad behavior of the US government in Washington DC in taking the country into military adventures when it is not necessary To state that the country should never go to war would be irresponsible Wars cannot always be avoided A characteristic of the United States foreign policy establishment is their refusal to admit they made a mistake There are never any consequences for invading the wrong country The establishment carries on as if everything is okay and they quickly forget about the dead and crippled Currently the US has approximately 800 bases in seventy countries As of November 2016 the US was dropping bombs on seven different countries This book does not favor either political party However some may disagree In 1935 retired General Smedley Butler published a small book entitled War Is a Racket which explained how and why the US Government manipulates the country into various wars and military interventions for power and their own selfish interest This is an update on General Butler s 1935 book Most of us have heard or read the following words many times We are forced to go to war or do a military intervention to save our liberty and freedom to make the world safe for democracy a war to end all wars to save the world from communist or whatever to protect American lives to save the world from a country that might possess weapons of mass destruction etc This is a book explaining how the United States government manipulated and lied its way into a number of wars and military interventions This information will not normally be taught in your school history class or viewed on your history channel This is not conspiracy theory stuff You can look it all up This information is available to all citizens if they care to research it Some of this information may shock you *Army* ,1993 **Natural Security** Raphael D. Sagarin,Terence Taylor,2008-02 Written with the aim of breaking down barriers between disparate disciplines in order to create more responsive and effective strategies Natural Security provides a new lens through which to explore the ancient and ever present problem of how to maintain security in an unpredictable complex and dangerous world **BOOK JACKET**

Historical Dictionary of the U.S. Army Jerold E. Brown,2000-12-30 Having evolved over the past two and a quarter centuries to become the premier military force in the world the U S Army has a heritage rich in history and tradition This historical dictionary provides short clear authoritative entries on a broad cross section of military terms concepts arms and equipment units and organizations campaigns and battles and people who have had a significant impact on Army It includes over 900 entries written by some 100 scholars providing a valuable resource for the interested reader student and researcher For those interested in pursuing specific subjects further the book provides sources at the end of each entry as well as a general bibliography Appendixes provide a useful list of abbreviations and acronyms and a listing of ranks and grades in the U S Army *Joint Operation in the Gulf War* P.
