Snowboarding Action Sports:

Extreme Snowboarding with Lindsey Jacobellis Claire O'Neal, 2019-12-05 Biography of snowboarder Lindsey Jacobellis for young readers **Women in Snowboarding** Mari Kristin Sisjord, 2023-06-13 This is the first book to examine the role of women in the origins development and contemporary landscape of snowboarding Focusing on organised and professional snowboarding it explores the significance of women as participants coaches leaders and high profile sport stars The book explores the history of snowboarding the organisation of international snowboarding issues related to facilities competition formats which are the same for female and male riders and injury risk safeguarding training and coaching Before the concluding chapter three elite snowboarders representing different epochs and riding styles shild Lofthus Stine Brun Kjeldaas and Kjersti Buaas are introduced whose narratives shed light on the main themes of the book With a broad scope in terms of topics and academic disciplines from medicine and biomechanics to the social sciences and sport governance the book is grounded in sociology and gender studies This book is fascinating reading for scholars and students with an interest in the sociology of sport coaching sport management sport history or interdisciplinary perspectives in sport science or anybody with a passion for snowboarding **Snowboarding** Holly Thorpe, 2012-01-06 This book provides a comprehensive look at the snowboarding phenomenon including its history techniques and equipment biographies of the sport s pioneers athletes and heroes key sites and events and future directions While snowboarding didn t become a commercial success until the early 1980s the roots of the modern snowboard go back to at least 1964 when Sherman Poppen invented the Snurfer by bolting two skis together and adding a rope for stability Today snowboarding is one of the most prominent and appealing youth sports Want proof Professional snowboarder and two time Olympic gold medalist Shaun White was the highest paid athlete entering the 2010 Winter Olympics with an estimated annual salary of 10 million The book is a highly accessible and extensive overview of snowboarding providing an introduction to the sport and lifestyle of snowboarding a historical timeline of the rapid growth of snowboarding techniques and equipment used and a discussion of key places and events such as Alaska Winter X Games and the Winter Olympics **Encyclopedia of Sports Management and Marketing** Linda E. Swayne, Mark Dodds, 2011-08-08 This four volume set introduces on the management side principles and procedures of economics budgeting and finance leadership governance communication business law and ethics and human resources practices all in the sports context On the marketing side this reference resource explores two broad streams marketing of sport and of sport related products promoting a particular team or selling team and sport related merchandise for example and using sports as a platform for marketing non sports products such as celebrity endorsements of a particular brand of watch or the corporate sponsorship of a tennis tournament Together these four volumes offer a comprehensive and authoritative overview of the state of sports management and marketing today providing an invaluable print or online resource for student researchers **Research Handbook on Sport Governance** Mathieu Winand, Christos

Anagnostopoulos,2019 Sports governance has developed into a considerable field of research and has piqued many researchers interest worldwide What s more recent scandals that have affected the world of sport can be directly related to misgovernance Research Handbook on Sport Governance aims to gather the state of the art research on sports governance It offers a vital reference point for advancing research on the matter while illustrating different approaches and perspectives such as good governance principles systemic governance political governance and network governance Snowboarding John Hamilton,2014-08-15 Kick excitement into high gear with this extreme title Short easy to read text pairs with full color action packed photos to introduce young adventurers to snowboarding Readers will learn the history of snowboarding and about the three different types of snowboards Clothing and gear is discussed as are boots and bindings Snowboarding styles are examined including freestyle halfpipe snowboard cross and alpine snowboarding as are Olympic and X Game athletes such as Shaun White Sage Kotsenburg Jaime Anderson Kelly Clark Louis Felix Paradis and Torstein Horgmo Extreme facts supplement the text leaving future snowboarders excited about Action Sports Aligned to Common Core standards and correlated to state standards A D Xtreme is an imprint of Abdo Publishing a division of ABDO **All the Good in Sports** Mike Sandrolini,2010-10-26 True Stories That Go Beyond the Headlines Stories about athletes and coaches usually focus on their championships or their scandals All the Good in Sports features 20 contemporary sports personalities who go beyond the headlines to candidly share how their relationship with Christ has helped them cope with a variety of difficulties both professional and personal and how in Christ they found victory in their personal lives Many professing Christians in the sports world have achieved wealth and notoriety but lifes luxuries do not exempt them from life s difficulties Name recognition and personal fortune cannot rescue one whose marriage is on the rocks one facing substance abuse or one facing disease or even death The sports heroes featured in All the Good in Sports are not super human *SPIN* ,2004-08 From the concert stage to the dressing room from the recording studio to the digital realm SPIN surveys the modern musical landscape and the culture around it with authoritative reporting provocative interviews and a discerning critical ear With dynamic photography bold graphic design and informed irreverence the pages of SPIN pulsate with the energy of today s most innovative sounds Whether covering what s new or what s next SPIN is your monthly VIP pass to all that rocks **The Comprehensive Guide to Careers in Sports** Glenn M. Wong,2013 Provides an overview of what students should consider and expect from the varied career options available to them in the sports industry This book answers the questions students are most likely to have including what courses they should take the areas of study available to them the salary they can expect to earn after graduation and how they can get the job of their dreams This essential guide will help increase students likelihood of finding careers in the highly competitive sports industry **Routledge Handbook of Global Sport** John Nauright,Sarah Zipp,2020-01-03 The story of global sport is the story of expansion from local development to globalized industry from recreational to marketized activity Alongside that each sport has its own distinctive history sub cultures

practices and structures This ambitious new volume offers state of the art overviews of the development of every major sport or classification of sport examining their history socio cultural significance political economy and international reach and suggesting directions for future research Expert authors from around the world provide varied perspectives on the globalization of sport highlighting diverse and often underrepresented voices By putting sport itself in the foreground this book represents the perfect companion to any social scientific course in sport studies and the perfect jumping off point for further study or research The Routledge Handbook of Global Sport is an essential reference for students and scholars of sport history sport and society the sociology of sport sport development sport and globalization sports geography international sports organizations sports cultures the governance of sport sport studies sport coaching or sport management

Watching the Olympics John Sugden, Alan Tomlinson, 2012-04-27 Global sporting events involve the creation management and mediation of cultural meanings for consumption by massive media audiences The apotheosis of this cultural form is the Olympic Games This challenging and provocative new book explores the Olympic spectacle from the multi media bidding process and the branding and imaging of the Games to security surveillance and control of the Olympic product across all of its levels The book argues that the process of commercialization directed by the IOC itself has enabled audiences to interpret its traditional objects in non reverential ways and to develop oppositional interpretations of Olympism The Olympics have become multi voiced and many themed and the spectacle of the contemporary Games raises important questions about institutionalization the doctrine of individualism the advance of market capitalism performance consumption and the consolidation of global society With particular focus on the London Games in 2012 the book casts a critical eye over the bidding process Olympic finance promises of legacy and development and the consequences of hosting the Games for the civil rights and liberties of those living in their shadow Few studies have offered such close scrutiny of the inner workings of Olympism s political and economic network and therefore this book is indispensable reading for any student or researcher with an interest in the Olympics sport s multiple impacts or sporting mega events *Routledge Handbook of Elite Sport*

Performance Dave Collins, Andrew Cruickshank, Geir Jordet, 2019-05-14 The Routledge Handbook of Elite Sport Performance is the first book to examine a broad span of performance and support issues in contemporary elite sport including coaching sports science and medicine leadership and management operating in different societies living in the system as a performer and future developments in the domain The book is written by authors with elite level experience expertise success and status across individual and team sports including football NFL track and field athletics rowing and rugby in professional Olympic and other elite domains The book also considers the integration of systems at micro to macro levels from working with individual athletes to developing national organisations and policy and features in depth case studies from real sport throughout This is an essential reference for any researcher or advanced student with an interest in elite sport or applied sport science from sport injury and sport psychology to sports coaching and sport policy It is also an invaluable resource for

coaches managers administrators and policy makers working in elite sport offering them a breadth first guide to how and why specialists may work together for maximum effect

Gender, Culture, and Physicality Helen M. Sterk, Annelies Knoppers, 2009-12-30 Although a plethora of scholarship analyzes gender dynamics this book seeks to explore the paradoxes and taboos associated with gendered meanings given to human bodies in action or physicality Physicality provides a particularly clear playing space for developing concepts of gender identity structures and cultural meanings When people think about gender differences they often refer to those associated with physicality such as giving birth or playing contact sports Helen M Sterk and Annelies Knoppers attend to the meanings and values given to human bodies in motion that reflect cultural respect or disrespect for what is seen as womanly in particular times and places In doing so they show how these meanings can reinforce or challenge common ways of doing gender that at first glance may not seem to be related to physicality Grappling with gender based paradoxes and questioning gendered taboos two goals animate the book to reveal how gender continues to be enacted in ways that dehumanize women and men and to stimulate thinking and action toward a fuller realization of human potential and partnership Operating from an ethic of care in which all people are understood as being created equal Sterk and Knoppers argue that as long as women and all that is associated with them are devalued cultural practices will remain implicitly gendered and humanity itself reduced *Routledge Companion to Sports History* S. W. Pope, John Nauright, 2009-12-17 The field of sports history is no longer a fledgling area of study There is a great vitality in the field and it has matured dramatically over the past decade Reflecting changes to traditional approaches sport historians need now to engage with contemporary debates about history to be encouraged to position themselves and their methodologies in relation to current epistemological issues and to promote the importance of reflecting on the literary or poetic dimensions of producing history These contemporary developments along with a wealth of international research from a range of theoretical perspectives provide the backdrop to the new Routledge Companion to Sports History This book provides a comprehensive guide to the international field of sports history as it has developed as an academic area of study Readers are guided through the development of the field across a range of thematic and geographical contexts and are introduced to the latest cutting edge approaches within the field Including contributions from many of the world's leading sports historians the Routledge Companion to Sports History is the most important single volume for researchers and students in and entering the sports history field It is an essential guide to contemporary research themes to new ways of doing sports history and to the theoretical and methodological foundations of this most fascinating of subjects

Youth Culture and Sport Michael D. Giardina, Michele K. Donnelly, 2012-08-06 Youth Culture and Sport critically interrogates and challenges contemporary articulations of race class gender and sexual relations circulating throughout popular iterations of youth sporting culture in late capitalism Written against the backdrop of important changes in social cultural political and economic dynamics taking place in corporate culture's war on kids this exciting new volume marks the first anthology to

critically examine the intersection of youth culture and sport in an age of global uncertainty Bringing together leading scholars from cultural studies gender studies sociology sport studies and related fields chapters range in scope from action sport subcultures and community redevelopment programs to the cultural politics of white masculinity and Nike advertising It is a must read for anyone interested in gaining a better understanding of the role sport plays in the construction of experiences identities practices and social differences of contemporary youth culture *A Companion to Sport* David L. Andrews, Ben Carrington, 2013-09-10 *A Companion to Sport* brings together writing by leading sports theorists and social and cultural thinkers to explore sport as a central element of contemporary culture Positions sport as a crucial subject for critical analysis as one of the most significant forms of popular culture Includes both well known social and cultural theorists whose work lends itself to an interrogation of sport and leading theorists of sport itself Offers a comprehensive examination of sport as a social and cultural practice and institution Explores sport in relation to modernity postcolonial theory gender violence race disability and politics **Strengthening Sport for Development and Peace** Oliver Dudfield, 2014-05-16 *Sport for Development and Peace SDP* brings the power of sport to solving some of the most difficult challenges of humankind such as the realisation of the United Nations Millennium Development Goals Commonwealth leaders have consistently endorsed the role that SDP can play in development and peace work in particular in the domain of youth engagement and empowerment This collection of papers commissioned by the Commonwealth Secretariat and the Commonwealth Advisory Body on Sport CABOS showcases innovative approaches and examples of effective SDP policies and strategies Written by CABOS members independent experts and agencies the papers reflect critical thinking and urgent debates among leading scholars and practitioners of SDP **The Olympic Winter Games at 100** Heather L. Dichter, Sarah Teetzel, 2023-12-11 2024 marks the 100 year anniversary of the winter sports week festival celebrated in Chamonix in 1924 which is now recognized as the first Olympic Winter Games As a globally watched quadrennial mega event the Winter Olympics is unique from both summer sport festivals and other winter festivals such as the Winter X Games This book explores the impacts issues and legacies of the past century of the Olympic Winter Games Grounded in sport history the chapters in this volume draw on the disciplines of cultural history diplomatic history global history environmental history and media history to analyze the continued allure of the Winter Olympics a century after its origin and in light of the sustained and significant problems facing the Olympic movement Host cities efforts to create positive and lasting legacies are analyzed to highlight the challenges and complexities that have plagued the Olympic movement throughout the last century The Olympic Winter Games at 100 is essential reading for any researcher advanced student or scholar with an interest in Olympic Studies sports development sport policy and history The chapters in this book were published as two special issues in *The International Journal of the History of Sport* but now with a revised introduction and conclusion *Nature Sports* Ricardo Melo, Derek Van Rheenen, Sean Gammon, 2023-11-07 This book represents the first international collection that challenges current thinking and research in

the emerging field of nature sport Owing to its inherent connections with fields such as business leisure health tourism and education this emerging field has attracted perspectives from a wide range of theoretical viewpoints much of which are discussed within this collection In simple terms nature sports refer to a group of sporting activities that predominantly take place in natural and rural areas Participation can be both competitive and recreational with the primary aim to work in relation to nature where participants seek harmony rather than the quest to conquer it Within this book experts from around the globe consider the very essence of nature sport s including numerous practical examples of it in action offering invaluable insights to those both familiar and new to the field Driven by an increase in non traditional sports coupled with growing concerns about the environment nature sports have experienced significant expansion and interest in both participation and academic debate This book is a valuable resource for students and academics in fields such as alternative sports alternative sport subcultures sport philosophy sport and social issues ethics and phenomenology It is also a fascinating read for outdoor educators and practitioners The chapters in this book were originally published as special issues in Annals of Leisure Research

Understanding Extreme Sports: A Psychological Perspective Eric Brymer, Francesco Feletti, Erik Monasterio, Robert D. Schweitzer, 2020-03-30 Extreme sports those activities that lie on the outermost edges of independent adventurous leisure activities where a mismanaged mistake or accident would most likely result in death have developed into a significant worldwide phenomenon Brymer Patterson 2002 and Generation Z turn to extreme sports because they are popular and linked to escapism Giannoulakis Pursglove 2017 Arguably extreme sports now support a multi billion dollar industry and the momentum seems to be intensifying Traditional explanations for why extreme sports have become so popular are varied For some the popularity is explained as the desire to rebel against a society that is becoming too risk averse for others it is about the spectacle and the merchandise that is associated with organised activities and athletes For others it is just that there are a lot of people attracted by risk and danger or just want to show off For others still it is about the desire to belong to sub cultures and the glamour that goes with extreme sports Some seek mastery in their chosen activity and in situations of significant challenges This confusion is unfortunate as despite their popularity there is still a negative perception about extreme sports participation There is a pressing need for clarity The dominant research perspective has focused on positivist theory driven perspectives that attempt to match extreme sports against predetermined characteristics For the most part empirical research has conformed to predetermined societal perspectives Other ways of knowing might reveal more nuanced perspectives of the human dimension of extreme sport participation This special edition brings together cutting edge research and thought examining psychology and extreme sports with particular attention payed to the examination of motivations for initial participation continued participation effective performance and outcomes from participation References Brymer E Schweitzer R 2017a Phenomenology and the extreme sports experience NY Routledge Brymer E Schweitzer R D 2017b Evoking the Ineffable The phenomenology of extreme sports Psychology of Consciousness
