The Many Loves of Dobie Gillis Max Shulman, 2016-01-19 Riotous tales of the college playboy next door the basis for the iconic television show Shulman's creation was born a sitcom hero The A V Club Including stories first published in Cosmopolitan

and the Saturday Evening Post this bestselling collection follows the romantic escapades of Max Shulman's famed collegiate Don Juan. Like most undergraduates, Dobie Gillis is a bit scattered; sometimes he's as quick as a whip, other times dull as a doorstop, and his major keeps changing from chemistry to law to journalism. But no matter what subject he should be studying, Dobie always has a girl on his mind. In *Love Is a Fallacy*, Shulman's best-known short story that to this day is taught in writing classes and English survey courses as an archetypal example of the genre, Dobie finds the perfect bride to be. She's beautiful and gracious but not too smart, a flaw that he sets out to fix with the most hilarious and ironic of consequences. In *The Unlucky Winner*, Dobie and Clothilde Ellingboe cut corners in class to make more time for their dates. But after an impossible English assignment sends the couple deep into the stacks to plagiarize an obscure essay, Dobie finds himself in a ridiculous bind. And in *She Shall Have Music*, Dobie can't focus on his duties as circulation manager for the college humor magazine because his girlfriend Pansy has been shipped off to New York by her purple-faced father. The desperate Romeo hatches a plan to save the magazine and visit his girl, but a series of bad decisions and a Lithuanian wedding band threaten to ruin everything.

The Passion of Love in the Summa Theologiae of Thomas Aquinas Daniel Joseph Gordon, 2023-05-19 This book is an introduction to three questions on love according to St.

Thomas Aquinas Summa Theologiae I II qq 26 28 These three questions reflect on the nature of love q 26 the causes of love q 27 and the effects of love q 28 It is thus an introduction to the entire phenomenon of love both as a bodily passion and an act of the will The purpose is to present the Thomistic and broadly scholastic account of human and divine love from a philosophical and theological perspective It aims to be a theological and philosophical study of the topic useful both for a graduate professional audience as part of an undergraduate or graduate course and perhaps for the educated reader The thesis of the book is that contrary to contemporary conceptions not all loves are created equal Some loves perfect us and some loves corrupt us The worth of a love depends on its object and end St Thomas thus presents an objective and teleological account of human and divine love that is of philosophical and theological interest The method is broadly exegetical presenting a careful reading of the text and supplying the philosophical and theological background which the text of Aquinas assumes The scope of the work is limited to three questions ST I II qq 26 28 References to interpretative disputes of Aquinas and references to further resources in the secondary literature will be mostly limited to the footnotes making the body of the text accessible to more readers
