Think Differently **Shots Fired** Joseph K. Loughlin, Kate Clark Flora, 2017-10-24 Get a deeper understanding of police shootings through interviews with officers involved in real life cases Today's media is filled with discussions about officer involved shootings Too often missing from that discussion are the police officers voices and the reality of what happens in actual shooting incidents Through actual interviews with involved officers this book addresses common myths and misunderstandings about these shootings Shots Fired is a journey behind the shield and the experiences of the real human beings behind the badge It explores true events through the participants own eyes and takes readers inside the minds of officers during the actual event The officers detail the roller coaster of emotions and severe trauma experienced during and after a shooting event Along with the intimate in depth explorations of the incidents themselves the book touches the aftermath of police involved shootings the debriefings internal and external investigations and psychological evaluations It challenges many commonly held assumptions created by the media such as the meaning of unarmed and why the police can't just shoot him in the leg creating an understanding that reaches beyond slogans such as hands up don't shoot The book is valuable reading for anyone who wants a deeper understanding of police shootings officers and police departments reporters and politicians and the public who rely on the police to keep them safe **Behind Ghetto Walls** Michael Novak, 2017-09-08 This book is about the family lives of some 10 000 children and adults who live in an all Negro public housing project in St Louis The Pruitt Igoe project is only one of the many environments in which urban Negro Americans lived in the 1960s but the character of the family life there shares much with the family life of lower class Negroes as it has been described by other investigators in other cities and at other times in Harlem Chicago New Orleans or Washington D C This book is primarily concerned with private life as it is lived from day to day in a federally built and supported slum The questions which are treated here have to do with the kinds of interpersonal relationships that develop in nuclear families the socialization processes that operate in families as children grow up in a slum environment the informal relationships of children and adolescents and adults with each other and finally the world views the existential framework arising from the life experiences of the Pruitt Igoeans and the ways they make use of this framework to order their experiences and make sense out of them The lives of these persons are examined in terms of life cycles Each child there is born into a constricted world the world of lower class Negro existence and as he grows he is shaped and directed by that existence through the day to day experiences and relationships available to him The crucial transition from child of a family to progenitor of a new family begins in adolescence and for this reason the book pays particular attention to how each new generation of parents expresses the cultural and social structural forces that formed it and continue to constrain its behavior This book in short is about intimate personal life in a particular ghetto setting It does not analyze the larger institutional social structural and ideological forces that provide the social economic and political context in which lower class Negro life is lived These larger macro sociological forces are treated in another volume based on research in the Pruitt Igoe community However this book does draw on the

Miller, Koffi Kwahulé, 2017-05-31 The work of renowned Ivorian playwright Koffi Kwahulé has been translated into some 15 languages and is performed regularly throughout Europe Africa and the Americas For the first time **Seven Plays of Koffi Kwahulé** In and Out of Africa makes available to an Anglophone audience some of the best and most representative plays by one of Francophone Africa's most accomplished living playwrights Kwahulé's theater delves into both the horror of civil war in Africa and the diasporic experience of peoples of African origin living in Europe and the New World From the split consciousness of the protagonist and rape victim in *Jaz* to the careless buffoonery of mercenaries in *Brewery*

Kwahul's characters speak in riffs and refrains that resonate with the improvisational pulse of jazz music. He confronts us with a violent world that represents the damage done to Africa and asks us through exaggeration and surreal touches to examine the reality of an ever-expanding network of global migrants. His plays speak to the contemporary state of humanity suffering from exile, poverty, capitalist greed, collusion, and fear of the other, however that other gets defined. Judith G. Miller's introductory essay situates Kwahul among his postcolonial contemporaries. Short introductory essays to each play, accompanied by production photos, contextualize possible approaches to Kwahul's often enigmatic work. Anglophone theater scholars and theater professionals eager to engage with contemporary theater beyond their borders, particularly in terms of what so-called minority theater artists from other countries are creating, will welcome this indispensable collection. Students and scholars of African studies and of global French studies will also find this work intriguing and challenging.
