Gene Ventriglia,2022-05-23 Gene Ventriglia was a very poor fourteen year old immigrant when he arrived in New York harbor in early July 1958 Coming from the tiny village of Alife Italy he had grown up in a farm village of about three hundred inhabitants The village as well as his parents house had been leveled by bombs in the final days of World War II In 1958 the memories were still very much alive as postwar reconstruction was far from completion These were the surroundings where Gene Ventriglia grew up Gene had only known his small village and was unaware that common items such as telephones and TV sets even existed One can only imagine his reaction upon seeing the New York skyscrapers and the size and number of cars when he first walked on the New York streets He had no idea how his life would change in the very near future How would he react He wondered if he would make friends After all how would he communicate He did not know a word of English Gene soon realized that getting a good education was the key to success However he also realized that it would take great efforts and motivation on his part Was he willing to put in the necessary effort He needed to learn a new language in a community where he only heard Italian His search to find that American Dream lasted more than sixty years During this time Gene was faced with one challenge after another in his search for that dream In each case Gene used his passion for the game of soccer to fuel his inner motivation and determination not to give up every time he arrived at a dead end Gene s path to finding that dream was full of surprises In all cases he was very determined and he demonstrated outstanding motivation to achieve his goal [Soccer Conditioning](#)
