Modernism Greg Forter, 2011-04-14 American modernist writers engagement with changing ideas of gender and race often took the form of a struggle against increasingly inflexible categories Greg Forter interprets modernism as an effort to mourn a form of white manhood that fused the masculine with the feminine He argues that modernists were engaged in a poignant yet deeply conflicted effort to hold on to socially feminine and racially marked aspects of identity qualities that the new social order encouraged them to disparage Examining works by F Scott Fitzgerald Ernest Hemingway William Faulkner and Willa Cather Forter shows how these writers shared an ambivalence toward the feminine and an unease over existing racial categories that made it difficult for them to work through the loss of the masculinity they mourned Gender Race and Mourning in American Modernism offers a bold reading of canonical modernism in the United States **The Song of the Lark** Willa Cather, 1999-05-01 In this powerful portrait of the self making of an artist Willa Cather created one of her most extraordinary heroines Thea Kronborg a minister's daughter in a provincial Colorado town seems destined from childhood for a place in the wider world But as her path to the world stage leads her ever farther from the humble town she can't forget and from the man she can't afford to love Thea learns that her exceptional musical talent and fierce ambition are not enough It is in the solitude of a tiny rock chamber high in the side of an Arizona cliff a cleft in the heart of the world that Thea comes face to face with her own dreams and desires stripped clean by the haunting purity of the ruined cliff dwellings and inspired by the whisperings of their ancient dust Here she finds the courage to seize her future and to use her gifts to catch the shining elusive element that is life itself life hurrying past us and running away too strong to stop too sweet to lose In prose as shimmering and piercingly true as the light in a desert canyon Cather takes us into the heart of a woman coming to know her deepest self **After the Fall** Josephine Donovan, 1989-09-15 A continuation of Josephine Donovan's exploration of American women's literary traditions begun with New England Local Color Literature A Women's Tradition which treats the nineteenth century realists this work analyzes the writing of major women writers of the early twentieth century Edith Wharton Willa Cather and Ellen Glasgow The author sees the Demeter Persephone myth as central to these writers' thematics but interprets the myth in terms of the historical transitions taking place in turn of the century America Donovan focuses on the changing relationship between mothers and daughters in particular upon the new women's rebellion against the traditional women's culture of their nineteenth century mothers both literary and literal An introductory chapter traces the male supremacist ideologies that formed the intellectual climate in which these women wrote Reorienting Wharton Cather and Glasgow within women's literary traditions produces major reinterpretations of their works including such masterpieces as Ethan Frome Summer My Antonia Barren Ground and others The Midwestern Ascendancy in American Writing Ronald Weber, 1992 For a half century from Edward Eggleston's pioneering novel The Hoosier Schoolmaster in 1871 through the dazzling early work of Hart Crane F Scott Fitzgerald and Ernest Hemingway in the 1920s Midwestern literature was at the center of American writing In The Midwestern Ascendancy in American Writing Ronald Weber illuminates the sense of lost

promise that gives rise to the elegiac note struck in many Midwestern works he also addresses the deeply divided feelings about the region revealed in the contrary desires to abandon and to celebrate The period of Midwestern cultural ascendancy was a time of tremendous social and technological change Midwestern writing was a reflection of these societal changes it was American literature Encyclopedia of Women in the American West Gordon Moris Bakken, Brenda Farrington, 2003-06-26 American women have followed their manifest destiny since the 1800 s moving West to homestead found businesses author novels and write poetry practice medicine and law preach and perform missionary work become educators artists judges civil rights activists and many other important roles spurred on by their strength spirit and determination **The Stuff of Our Forebears** Joyce McDonald, 2019-05-14 Connecting Cather s work to the southern literary tradition and the South of her youth A diverse and experimental writer who lived most of her life in New York City Willa Cather is best known for her depiction of pioneer life on the Nebraska plains Despite Cather s association with Nebraska however the novelist s Virginia childhood and her southern family were deeply influential in shaping her literary imagination Joyce McDonald shows evidence for example of Cather s southern sensibility in the class consciousness and aesthetic values of her characters and in their sense of place and desire for historical continuity a sensibility also evident in her narrative technique of weaving stories within stories and in her use of folklore For McDonald however what most links Cather and her work to the South and to the southern literary tradition is her use of pastoral modes Beginning with an examination of Cather s Virginia childhood and the southern influences that continued to mold her during the Nebraska years McDonald traces the effects of those influences in Cather s novels The patterns that emerge reveal not only Cather s strong ideological connection to the pastoral but also the political position implicit in her choice of that particular mode Further analysis of Cather s work reveals her preoccupation with hierarchical constructs and with the use and abuse of power and her interest in order control and possession The Willa Cather who emerges from the pages of *The Stuff of Our Forebears* is not the Cather who claimed to eschew politics but a far more political novelist than has heretofore been perceived **A Jury of Her Peers** Elaine Showalter, 2010-01-12 An unprecedented literary landmark the first comprehensive history of American women writers from 1650 to the present In a narrative of immense scope and fascination here are more than 250 female writers including the famous Harriet Beecher Stowe Dorothy Parker Flannery O Connor and Toni Morrison among others and the little known from the early American bestselling novelist Catherine Sedgwick to the Pulitzer Prize winning playwright Susan Glaspell Showalter integrates women s contributions into our nation s literary heritage with brilliance and flair making the case for the unfairly overlooked and putting the overrated firmly in their place *Cather and Opera* David McKay Powell, 2022-05-18 Throughout her fiction Willa Cather mentioned forty seven operas References to opera appear in all but three of her twelve novels and in roughly half of her short stories Despite a dearth of musical education Cather produced astute writing about the genre beginning in her earliest criticism and continuing throughout her career She counted opera

stars among her close friends and according to Edith Lewis her companion throughout adulthood the two women frequently visited the theater even in the early days when purchasing tickets to attend performances proved a financial sacrifice

Melding cultural history with thoughtful readings of her works and discussions of opera's complex place in turn of the century America David McKay Powell's *Cather and Opera* offers the first book length study of what drew the writer so powerfully and repeatedly to the art form With close attention to Cather's fiction and criticism Powell posits that at the heart of both her work and the operatic corpus dwells an innate tension between high artistic ideals and popular acceptance often figured as a clash between compositional integrity and raw personal emotion Considering her connection to opera in both historical and intertextual terms *Cather and Opera* investigates what operatic references mean in Cather's writing along with what the opera represented to her throughout her life

Queer Environmentality Robert Azzarello, 2016-04-15 Offering a model for meaningful dialogue between queer studies and environmental studies Robert Azzarello's book traces a queer environmental lineage in American Romantic and post Romantic literature Azzarello challenges the notion that reading environmental literature is unsatisfying in terms of aesthetics and proposes an understanding of literary environmentalism that is rich in poetic complexity With the term queer environmentality Azzarello points towards a queer sensibility in the history of environmental literature to balance the dominant narrative that reading environmental literature is tantamount to witnessing a spectacular dramatization of heterosexual teleology Azzarello's study treats four key figures in the American literary tradition Henry David Thoreau Herman Melville Willa Cather and Djuna Barnes Each of these writers problematizes conventional notions of the strange matrix between the human the natural and the sexual They brilliantly demonstrate the ways in which the queer project and the environmental project are always connected or put another way show that questions and politics of human sexuality are always entwined with those associated with the other than human world

Domesticity and Design in American Women's Lives and Literature Caroline Hellman, 2011-06-06 This book considers the ways Cather Stowe Wharton and Alcott inhabited domestic space and portrayed it in their work Exploring authors who had intriguing and autonomous relationships with home Hellman undertakes a dual treatment of domesticity synthesizing a more complete understanding of the relationships between social history and literary accomplishment

Dissent and Marginality Kiyoshi Tsuchiya, 1997-12-13 Twelve essays responding to the proposed title *Dissent and Marginality* each with a specific perspective and solid research are brought together here The collection incorporates the historical and contemporary dimensions tracing back religious philosophical or social dissent in our history and addressing the issue of race gender sexuality and other forms of marginalization of our postmodern times It offers a train of fine reading to theologians literary cultural or social critics and

historians **A Literary History of the American West** Western Literature Association (U.S.), 1987 Literary histories of course do not have a reason for being unless there exists the literature itself This volume perhaps more than others of its kind is an expression of appreciation for the talented and dedicated literary artists who ignored the odds avoided temptations to write for popularity or prestige and chose to write honestly about the American West believing that experiences long known to be of historical importance are also experiences that need and deserve a literature of importance **Arms and the Woman** Helen Margaret Cooper, Adrienne Munich, Susan Merrill Squier, 1989 Although the themes of women's complicity in and resistance to war have been part of literature from early times they have not been fully integrated into conventional conceptions of the war narrative Combining feminist literary criticism with the emergence of *Willa Cather's My Ántonia* Harold Bloom, 2008 Willa Cather's *My Ántonia* a nostalgic novel about an earlier America portrays the harmonies and disharmonies of the human world and the world of nature This new edition gathers together some of the best criticism available on the text
