The Knights Templar Charles River Editors,2025-06-07 The Order of the Temple of Solomon also known as the Templars or the Knights Templar is one of the best known and least understood groups in history They appear prominently in everything from novels The Da Vinci Code to films as the Knights of the Cruciform Sword in Indiana Jones and the Last Crusade to videogames Assassin s Creed In these stories they are a sinister cult that manipulated historical events since the Middle Ages via intimidation and assassination They are usually connected to the Freemasons and sometimes to other historical cults like the Hindu Thuggees The real Templars were both more mundane and more fascinating than the myths and legends They were the first military religious order monks who were also knights The founding members were veterans of the First Crusade in Palestine and their main goal was in fact benign They formed their group as a small tertiary order Lay people who took monastic vows but lived in the larger community in Jerusalem policing the pilgrim routes and shrines of the Levant and protecting travelers from the many bandits that infested the area Even though they were used as the core of Crusader armies during the later crusades the Templars never wavered from their original goal The Templars were split into knights about ten percent of the Order sergeants and chaplains the other ninety percent with the non noble sergeants comprising the majority of the Order according to historians like Malcolm Barber in his history of the Order The New Knighthood The knights fought in the main part of the Templar army but the sergeants appear to have backed up the knights in battle both as horsemen and as a small infantry The sergeants also worked as servants and in non military support functions on the Templar farms granges that supported the Order The chaplains were a small group of priests who were rotated into the Order on a temporary basis and served the monks religious needs Like other secretive groups the mystery surrounding the Templars has helped their legacy endure While some conspiracy theorists attempt to tie the group to other alleged secret societies like the Illuminati other groups have tried to assert connections with the Templars to bolster their own credentials Who they were and what they had in their possession continue to be a source of great intrigue even among non historical circles

The History of the Knights Templars, the Temple Church, and the Temple Charles Greenstreet Addison,1852 *The Pocket A-Z of the Knights Templar* Gordon Napier,2014-04-07 The Knights Templar were among the most famous of Christian military orders Created after the First Crusade of 1096 and endorsed by the Catholic Church in 1129 the Order grew rapidly in membership and power Templar knights were some of the best equipped trained and disciplined fighting units of the Crusades But when the Holy Land was lost and the Templars suffered crushing defeats

support for the Order faded and rumours about their secret initiation ceremony created mistrust. When the Order suddenly disappeared, disbanded by the Pope, it gave rise to speculation and legends which have kept the name Templar alive. From Aaron to Zion, *The Pocket A Z of the Knights Templar* is an invaluable reference of the places, people and themes of the Crusades, the Knights Templar and their legacy. *The Templars and their Sources* Karl Borchardt, Karoline Döring, Philippe Josserand, Helen Nicholson, 2017-01-20. Even 700 years after the suppression of the Order of the Temple and the execution of the last grandmaster Jacques de Molay, there is no shortage of publications on this influential military order. Yet unlike other medieval institutions, the Templars are subject to speculative fiction and popular myth which threaten to swamp the fruits of scholarly endeavour. Fortunately, recent years have produced a thriving academic scholarship which is challenging these myths. More and more sources are currently being edited, particularly those for the trial of the Templars, 1307-1312. Others are still awaiting in-depth study; among them, surprisingly, the greater part of the charters that cover more than 150 years of the Order's history. The papers in this volume step into this gap and critically evaluate new directions in Templar studies on the basis of as yet unedited source material. Open issues and desiderata regarding the sources are discussed and, from a range of inspiring results, a new status quaestionis is proposed that will not only provide a better understanding of the Order's archaeological, economical, religious, administrative and military history but also set new points of departure for the editing of charters and administrative documents. The papers here are grouped into six sections focusing on the headquarters of the Order, its charters, manpower and finance, religious life and finally the suppression and the Order's afterlife. **The Persecution of the Knights Templar** Alain Demurger, 2019-01-01. The trial of the Knights Templar is one of the most infamous in history. Accused of heresy by the king of France, the Templars were arrested and imprisoned, had their goods seized and their monasteries ransacked. Under brutal interrogation and torture, many made shocking confessions, denial of Christ, desecration of the Cross, sex acts and more. This narrative follows the everyday reality of the trial from the early days of scandal and scheming in 1305, via torture, imprisonment and the dissolution of the order to 1314, when leaders Jacques de Molay and Geoffroy de Charnay were burned at the stake. Through first-hand testimony and written records of the interrogations of 231 French Templars, this book illuminates the stories of hundreds of ordinary members, some of whom testified at the trial as well as the many others who denied the charges or retracted their confessions. This is a deeply researched and immersive account that gives a striking vision of the relentless persecution and the oft-underestimated resistance of the once mighty Knights Templar. **The History of the Knights Templar** Charles Addison, 2018-06-21. A richly detailed, sometimes challenging work, Charles Addison's *The History of the Knights Templar* traces the rise and fall of this legendary religious-military organization. Addison was an official member of the Templar Inner Table when he composed his definitive study. This newly edited 2018 edition from The Templar Press updates some of Addison's more archaic wording into modern English. **The Knights Templars** Charles-Greenstreet Addison, 1842. **The Knights Templar and Other**
