his crew The Land of the Beasts is a brilliantly thought out and set up tale which any fans of dragons and creatures of legends will love Get The Land of the Beasts now and explore the legendary island yourself Interview with author Q Tell us about the type of stories you write A I write YA epic fantasy or YA high fantasy novels and comics set in my Blade or Flame world The world I ve created is filled with magical creatures a dragon rider magic weaponry and all sorts of things expected in a YA epic fantasy all in a single young adult medieval world The stories are often filled with dynamic action ranging from sword combat magic battles and epic duels between magical creatures often written in more depth than a typical YA fantasy dragon story However I always try to ensure that each character has a good reason to be motivated with whatever they re fighting for Q The Land of the Beasts contains a wide variety of magical creatures Where did you get ideas for such a setting At the core of the story or most YA high fantasy and YA epic fantasy stories involving magical creatures for that matter is the dragon I always liked the idea of dragons coming from a land devoid of mass human population only to be seen sparsely As for the other magical creatures such as griffins hydras and manticores I felt other creatures needed to dwell on this land and realised such a place would make a great setting for a fable reminiscent of the tales of old Q Your Blade or Flame world is has been credited for including in meaningful ways almost every creature of legend in existence in some way or form Why include so many magical creatures in a single YA high fantasy world Don t such fables and legends already come from a single world ours What if all legends and fables told in our history were true What if every dragon rider and all other magical creatures did exist Wouldn t that make our world similar to the one I ve created What better setting could there be for a youth fantasy or YA high fantasy Q Lastly how does The Land of the Beasts differ from your YA epic fantasy tales The Land of the Beasts is written to better resemble the type of fable you d expect to hear in an old tavern or similar setting It lacks the heavy character development seen in Champion s Rising or the ideological theme present in The Dragons Will However it features far more exploration and better describes the magical creatures that exist in the youth fantasy world I ve created and adds a whole depth of background behind the dragons glimpsed in the aforementioned works Perhaps more so than the others this reads like a fable of legend telling the journey of how a king became a legend
