life and in ceremonies and rituals and provides a brief history of floral symbolism She also discusses the sentimental flower book a genre especially intended for female readers Two especially valuable features of the book are its table of correlations of flowers and their meanings from different sourcebooks and its complete bibliography of language of flower titles This book will appeal not only to scholars in Victorian studies and women s studies but also to art historians book collectors museum curators historians of horticulture and anyone interested in nineteenth century popular culture Blackie's Concise English Dictionary Blackie, Concise English Dictionary Moving Liturgy Jane C.
