Traumatic Memories of the Second World War and After Peter Leese, Jason Crouthamel, 2016-10-05 This collection investigates the social and cultural history of trauma to offer a comparative analysis of its individual communal and political effects in the twentieth century Particular attention is given to witness testimony to procedures of personal memory and collective commemoration and to visual sources as they illuminate the changing historical nature of trauma The essays draw on diverse

methodologies including oral history and use varied sources such as literature film and the broadcast media The contributions discuss imaginative communal and political responses as well as the ways in which the later welfare of traumatized individuals is shaped by medical military and civilian institutions Incorporating innovative methodologies and offering a thorough evaluation of current research the book shows new directions in historical trauma studies *The Basic Bakunin* Robert M. Cutler,2010-11-02 The three years covered by this anthology represent the only time in Mikhail Bakunin's life when he was able to concentrate on his work and sustain a consistent output of speeches and writings Only one of these texts has appeared before in an unabridged English translation All dating from the period of Bakunin's propaganda on behalf of the First International they thus belong to a period central to Bakunin's anarchism and mark the height of his influence during his lifetime Robert M Cutler's introduction traces the development of selected themes in Bakunin's pre anarchist thought beginning with his acquaintanceship with German idealist philosophy through his anarchist period In this way it reconstructs Bakunin's concept of the role of the International in the revolutionary movement and provides a new interpretation of his theory and practice of revolutionary organization The chronology and annotated bibliography make this collection an ideal introduction to Bakunin and a useful reference work for specialists *Drieu La Rochelle and the Fiction of Testimony* Frederic J. Grover,2023-11-15 This study aims to reassess the literary importance of Drieu La Rochelle focusing on his fiction rather than political or moral judgments Drieu's conception of literature makes it difficult to entirely separate the artist from the man as his work often intertwines the personal and the political In analyzing Drieu's fiction the complexities and contradictions that emerge from his characters reflect the internal struggles he faced especially in relation to his political stance These nuances often overlooked in traditional political critiques lead to a portrayal of Drieu as a reluctant fascist one who grappled with various human commitments whether in his roles as husband lover soldier or man of letters While critics may point to Drieu's actions as a collaborator during the occupation and his ambiguous stance on antisemitism as evidence of his political commitment this study argues that Drieu's reluctance permeated all aspects of his life including his fascism Drieu's complex character does not easily fit into a simplistic political framework and his ambivalence towards his political ideology speaks to broader contradictions within his personal and artistic identity Coming from an opposing political perspective the study strives to be as objective and understanding as possible placing Drieu's literary works at the forefront of the analysis and offering a nuanced view of his complicated legacy This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1958 *Thongor and the Wizard of Lemuria* Lin Carter,2015-07-15 Thongor of Valkarth mightiest warrior of the ancient continent of Lemuria before the dawn of history launches into his saga with this rousing adventure of swordplay and sorcery

The ancient dragon kings have deemed the hour right to regain their dominance over Earth and only Thongor and his companions aided by the science and magic of the wizard Sharajsha stand between mankind and the night of doom The first of the Thongor sword sorcery series Thongor and the Wizard of Lemuria was originally titled The Wizard of Lemuria This is the author's 1969 revised and expanded text *The A to Z of Westerns in Cinema* Paul Varner, 2009-09-28 When the earliest filmgoers watched The Great Train Robbery in 1903 many of them shrieked in terror at the very last clip when one of the outlaws turns directly toward the camera and fires a gun seemingly directly at the audience The puff of smoke was sudden and it was hand colored so that it looked real Today we can look back at that primitive movie and see all the elements of what would evolve into the Western genre Perhaps it is the Western's early origins The Great Train Robbery was the first narrative commercial movie or its formulaic yet entertaining structure that has made the Western so popular Whatever the case may be with the recent success of films like 3 10 to Yuma and The Assassination of Jesse James by the Coward Robert Ford the Western appears to be in no danger of disappearing The story of the western is told in The A to Z of Westerns in Cinema through a chronology a bibliography and an introductory essay However it is the hundreds of cross referenced dictionary entries on cinematographers composers producers films like Butch Cassidy and the Sundance Kid Dances With Wolves The Good The Bad and the Ugly High Noon The Magnificent Seven The Searchers Tombstone and Unforgiven such actors as Gene Autry Kirk Douglas Clint Eastwood Henry Fonda James Stewart and John Wayne and directors like John Ford and Sergio Leone that will have you reaching for this book again and again The Spartan Sacrifice Andrew Varga, 2025-08-05 Whoever Controls the Past Writes the Future With Victor Stahl's plot to rule the world on an unstoppable path in the present seventeen year old time jumper Dan Renfrew and his partner Sam realize that their only hope of putting an end to Victor's scheme is to jump into the past again They arrive in Greece in the year 480 BCE just before the legendary Battle of Thermopylae where a heavily outnumbered force of Spartan warriors and their Greek allies bravely try to prevent Greece from being overrun by the invading Persian army But when a horrible accident happens in the past Dan and Sam discover that Victor's plot is the least of their worries *The Cambridge History of Classical Literature* E.
