The Last Hope:

The Eclectic Magazine John Holmes Agnew, Walter Hilliard Bidwell, 1867 *This Mortal Coil. After the Machines.*
Episodes 1, 2, 3, and 4 Robert Stanek, 2014-11-28 Part Stephen King part Suzanne Collins part Max Brooks 100%

written many good even great books This one s exceptional Read it Shannon Hale author Wonderful action writing Fast fun
and smart Margaret Brown author I can see why Rothfuss doesn t want people to read Stanek Stanek s a much more capable
writer Emily Asimov author Anyone who enjoyed The Hunger Games World War Z or The Maze Runner is going to enjoy this
book Lisa Gardner author What an amazing book Unique and innovative captivating to the end Mary Osborne author This one
s memorable and fascinating heroine is someone you re going to love as much as Katniss Everdeen Sandra Brown author Our
world isn t ours any more It s theirs The human survivors lead a hardscrabble life scavenging what they can from the dead
city waiting and watching Cedes isn t like Matthew and his regulars She dreams She talks She questions She wonders why
Luke disappeared where Luke disappeared to She wants to know what we are to the machines This is her story This is our
story This is the story of us the humans who survive In the ruins of our world a new order arose an order controlled by the
very machines humankind created The end for us came not from a massive global war but from something unthinkable
incomprehensible The machines simply replaced us and we let them and so in the end humanity went out not with a bang but
with a whimper No shots fired No bombs dropped No cities destroyed We ended and the machines began or at least that is
what the few human survivors of the machine apocalypse believe To the machines we became nothing except maybe
outsiders if they considered us at all Outsiders looking in on their reality for the machines weren t bothered by our existence
or at least if they were they weren t bothered enough to bother us They certainly didn t seem to require anything of us or
have any need of us at all if they had needed us they probably would have enslaved us But they hadn t Enslaved us that is The
machines hadn t done anything to us really Except take over the world and it was their world now It certainly wasn t ours We
were outsiders strangers really We looked in on their world They didn t acknowledge us They probably didn t even consider
us a part of their world Just as we didn t consider the small things that crawled beneath our feet as part of our world
Matthew told us it wasn t the machines who killed us Matthew being the only one here now who remembered when we drove
the automobiles flew on the airplanes and rode on cars behind the locomotives He said most of us just died Us being the
human race I didn t believe that I believed we died of neglect The neglect of the machines The machines who cared not
enough to kill or enslave us Luke would have called it benign neglect Luke being the one who taught me to read and write my
letters and words He knew all the fancy words He taught me everything really He remembered I didn t Don t really These
words his really as much as my own But Luke was gone Is gone really if you don t mind me slipping into the present Luke
said it s wrong to slip from past to present or present to past but I do The present is and Luke isn t The past was and

sometimes I can see it After the Machines is a story unlike any other you ve ever read It s the story of us the humans who struggle to survive in a world we no longer control
