After Emancipation David Ellenson, 2004-12-30 David Ellenson prefaces this fascinating collection of twenty three essays with a remarkably candid account of his intellectual journey from boyhood in Virginia to the scholarly immersions in the history thought and literature of the Jewish people that have informed his research interests in a long and distinguished academic career Ellenson President of the Hebrew Union College Jewish Institute of Religion has been particularly intrigued by the attempts of religious leaders in all denominations of Judaism from Liberal to Neo Orthodox to redefine and reconceptualize themselves and their traditions in the modern period as both the Jewish community and individual Jews entered radically new realms of possibility and change The essays are grouped into five sections In the first Ellenson reflects upon the expression of Jewish values and Jewish identity in contemporary America explains his debt to Jacob Katz s socio religious approach to Jewish history and shows how the works of non Jewish social historian Max Weber highlight the tensions between the universalism of western thought and Jewish demands for a particularistic identity In the second section The Challenge of Emancipation he indicates how Jewish religious leaders in nineteenth century Europe labored to demonstrate that the Jewish religion and Jewish culture were worthy of respect by the larger gentile world In a third section Denominational Responses Ellenson shows how the leaders of Liberal and Orthodox branches of Judaism in Central Europe constructed novel parameters for their communities through prayer books legal writings sermons and journal articles The fourth section Modern Responsa takes a close look at twentieth century Jewish legal decisions on new issues such as the status of women fertility treatments and even the obligations of the Israeli government towards its minority populations Finally review essays in the last section analyze a few landmark contemporary works of legal and liturgical creativity the new Israeli Masorti prayer book David Hartman s works on covenantal theology and Marcia Falk s Book of Blessings As Ellenson demonstrates The reality of Jewish cultural and social integration into the larger world after Emancipation did not signal the demise of Judaism Instead the modern setting has provided a challenging context where the ongoing creativity and adaptability of Jewish religious leaders of all stripes has been tested and displayed The Elements

Yearnings of the Soul Jonathan Garb,2015-11-23 In Yearnings of the Soul Jonathan Garb uncovers a crucial thread in the story of modern Kabbalah and modern mysticism more generally psychology Returning psychology to its roots as an attempt to understand the soul he traces the manifold interactions between psychology and spirituality that have arisen over five centuries of Kabbalistic writing from sixteenth century Galilee to twenty first century New York In doing so he shows just how rich Kabbalah's psychological tradition is and how much it can offer to the corpus of modern psychological knowledge Garb follows the gradual disappearance of the soul from modern philosophy while drawing attention to its continued persistence as a topic in literature and popular culture He pays close attention to James Hillman's archetypal psychology using it to engage critically with the psychoanalytic tradition and reflect anew on the cultural and political implications of the return of the soul to contemporary psychology Comparing Kabbalistic thought to adjacent developments in Catholic Protestant and other popular expressions of mysticism Garb ultimately offers a thought provoking argument for the

continued relevance of religion to the study of psychology *Lords of the Land* Idith Zertal, Akiva Eldar, 2009-06-09 *Lords of the Land* tells the tragic story of Jewish settlement in the West Bank and Gaza Strip In the aftermath of the 1967 war and Israel's devastating victory over its Arab neighbors catastrophe struck both the soul and psyche of the state of Israel Based on years of research and written by one of Israel's leading historians and journalists this involving narrative focuses on the settlers themselves often fueled by messianic zeal but also inspired by the original Zionist settlers and shows the role the state of Israel has played in nurturing them through massive economic aid and legal sanctions The occupation the authors argue has transformed the very foundations of Israel's society economy army history language moral profile and international standing The vast majority of the 6.5 million Israelis who live in their country do not know any other reality the authors write The vast majority of the 3.5 million Palestinians who live in the regions of their occupied land do not know any other reality The prolonged military occupation and the Jewish settlements that are perpetuating it have toppled Israeli governments and have brought Israel's democracy and its political culture to the brink of an abyss *Life's Memories (softcover)* Agnes (Konitzer) Bridger Bast, 2011-05-18 These are stories I have written about my life experiences throughout the years I hope you enjoy them They are written with my 6 children and countless family relatives in mind
