more harm than good for women and others who have traditionally been marginalized due to sex or gender She explains how the very anti porn laws pushed by some feminists have led to the censorship of LGBTQ and feminist works and she examines the startling connections between anti porn feminists and right wing fundamentalists In an illuminating new Preface Strossen lays out the multiple current assaults on sexual expression which continue to come from across the ideological spectrum She shows that freedom for such expression remains an essential prerequisite for the equality safety and dignity of women and sexual gender minorities
