most important for some people Foster argues that multiculturalism which he views as ontological blackness is an attempt to make rational idealism the only category that matters *The Land God Gave to Cain [sound Recording]* Hammond Innes, Sinclair, Michael, 1989 *Canadian Literature and Medicine* Shane Neilson, 2023-09-08 Canadian Literature and Medicine breaks new ground by formulating a series of frameworks with which to read and interpret a national literature derived from the very fabric of that literature in this case Canadian Canadian literature is of particular interest because of its consideration of coloniality Indigeneity and coincident development alongside a nascent socialized medical system currently under threat from neoliberalism The first chapters of the book carefully track the development of Canada's socialized medical system as it manifests in the imaginations of the nation's poets and authors who depict care Reciprocal flows are investigated in which these poets and authors are quoted in policy documents The archive based methodology is sustained in subsequent chapters that rely upon a unique interdisciplinary mix of medical history philosophy of medicine medical policy theory inherent to the field of Canadian literature focusing in particular on the garrison mentality as a form of aesthetic protest and the feminist ethics of care and Indigenous ways of knowing *Land Sliding* William H. New, 1997-01-01 New discusses the ways in which Canadian writing through images of land and space expresses various assumptions about social values In addition to wide range of literary texts he also draws upon geography the social sciences and the visual arts *The Canadian Mining and Metallurgical Bulletin*, 1928 **Adam and the Woman** Sandra King, 2008 King looks to the Gospels to discuss Jesus second coming Christian **The Land God Gave to Cain** Christopher Welchman, Dorothy Welchman, 1975-01-01 *Into the Great Emptiness: Peril and Survival on the Greenland Ice Cap* David Roberts, 2022-12-13 A Library Journal Best Book of 2022 in Science and Technology A gripping saga and one of Roberts's finest books Jon Krakauer The riveting story of one of the greatest but least known sagas in the history of exploration By 1930 no place in the world was less well explored than Greenland The native Inuit had occupied the relatively accessible west coast for centuries The east coast however was another story In August 1930 Henry George Watkins nicknamed Gino a twenty three year old British explorer led thirteen scientists and explorers on an ambitious expedition to the east coast of Greenland and into its vast and forbidding interior to set up a permanent meteorological base on the icecap 8 200 feet above sea level The Ice Cap Station was to be the anchor of a transpolar route of air travel from Europe to North America The weather on the ice cap was appalling Fierce storms Temperatures plunging lower than 50 Fahrenheit in the winter Watkins's scheme called for rotating teams of two men each to monitor the station for two months at a time No one had ever tried to winter over in that hostile landscape let alone manage a weather station through twelve continuous months Watkins was younger than anyone under his command But he had several daring trips to the Arctic under his belt and no one doubted his judgement The first crisis came in the fall when a snowstorm stranded a resupply mission halfway to the top for many weeks When they arrived at the ice cap there were not enough provisions and fuel for another two man shift so the station would have to be abandoned Then

team member August Courtauld made an astonishing offer To enable the mission to go forward he would monitor the station solo through the winter When a team went up in March to relieve Courtauld after weeks of brutal effort to make the 130 mile journey they could find no trace of him or the station By the end of March Courtauld s situation was desperate He was buried under an immovable load of frozen snow and was disastrously short on supplies On April 21 four months after Courtauld began his solitary vigil Gino Watkins set out inland with two companions to find and rescue him David Roberts veteran mountain climber and chronicler of adventures Washington Post draws on firsthand accounts and archival materials to tell the story of this daring expedition and of the epic survival ordeal that ensued **Labrador Memoir of Dr Harry Paddon, 1912-1938** Harry Paddon,2003 Dr Harry Paddon s memoir is an extensive account of life in Labrador prior to its entry into Confederation As the Grenfell Mission s principal physician for over twenty five years Dr Paddon travelled extensively throughout Labrador by both dog team and boat Through his journals he fashions a portrait of Labrador society in accord with the traditional rhythms of trapping and fishing as it was before the onset of industrial development He also chronicles the demands of northern medicine in response to pervasive threats such as tuberculosis and deficiency diseases including a moving description of the Spanish Flu epidemic of 1918 19 Paddon s memoir gives the reader a sense of the resident Innu Inuit and settler communities as well as the prevailing institutions of non governmental authority the Hudson s Bay Company the Moravian Mission and the International Grenfell Association At a time when Labrador is undergoing further industrial development and social change his writings carefully edited and annotated by Ronald Rompkey the biographer of Sir Wilfred Grenfell capture the heart of the region and its people God's Economics Wendy Bowen,2022-06-11 This course will give you Biblical revelation of God s sovereign ownership of all world resources You will learn how to seek believe and receive from God everything you need for fulfilling His plan and purpose for your life and how to walk in His abundance **A New History of the Holy Bible** Thomas Stackhouse,1748
