Himself **The Language of the Land** James Stephenson, 2014-05-13 A rare adventure with the last Stone Age hunting and gathering tribe in Africa This fascinating account is told with wit warmth and great respect African Sun Times In 1997 James Stephenson arranged to have almost a full year free a year he wanted to spend among the Hadzabe in Tanzania He had visited these people several times previously and with every trip his fascination with them deepened for the Hadzabe are the last hunters and gatherers still living a traditional life in East Africa At the age of twenty seven Stephenson intended to spend the year living among the Hadzabe and more importantly living their life hunting what they hunted eating what they ate participating in their dances and ceremonies consulting with their medicine men and learning their myths and dreams Armed only with his camera his art supplies and the open hearted courage of youth he set out to visit with a people who have changed little since the Stone Age He wanted to glimpse the world as they perceived it and learn the wisdom they had wrestled from the land The Language of the Land the account of his adventure and what he learned is travel writing at its best With alluring descriptions of nature and an inspiring depiction of this ancient tribe Stephenson will likely provoke readers into a new respect for remote corners of the earth The New York Times Extraordinary a fine book marked by its deep respect for these people who still hunt with bows and arrows still speak to their ancestor spirits National Geographic

Adventure **Blu Rose and the Land of Saunt** Robert Pew, 2013-08-13 Less is more in writing the author s notes so my eyes did not see but my voice spoke what my mind s eye did envision and my ears heard what my mouth had expressed my hand recorded what my mouth and ears had divulged thus my eyes could forever read what my world had revealed to me Although this was my course to sublimity I can not stop the readers of this work from questioning its worth having not turned the pages yet It is for the reader to unravel the value of this book for themselves I have been writing short stories for over thirty years This time I set out to make from the thin air a story of good versus evil where the right would prevail over the wrong I named the main character Blu Rose because at the time of the making of the story seven years ago 2006 there were no blue roses I selected green roses as the elixir for the same reason I was traveling a stretch of Indiana highway between Indianapolis and Cincinnati and I felt a story looming someplace in the air about me and the first story came forth It is chapter four The Wizard It is the story of Fredrick Broomstocker and the beginning of Blu Rose learning to know herself Liking the story I decided to develop it After a few weeks I repeated the act and another story came to mind I then created a new story chapter along the same stretch of road and when stopped for the night I would write down what I had told myself This farmland of Indiana became for me the hollowed land of Blu Rose learning to know herself For confidence in editing I used the words of Dale Carnegie Whatever the mind can conceive and believe the mind can achieve I remember the distance from Milwaukee to Green Bay also setting an excellent stage for development of story lines but it was New York State where I brought to life chapter twelve The Deer in the Woods It was created in the town where Elmer s Glue is made I was spending the night along the river on the edge of the town in a dirt parking area and was hypnotized by a small lopsided tree whose

leaves were being blown in the wind by the breeze Chapter twelve is my favorite That is how the novelette came to be The second story a long short story is The Land of Saunt I will tell you first that I started making it up back in 1974 cursing about the local countryside and I found the outline so charming that I wrote it down in a notebook I forgot about it until 2007 when I was finished writing Blu Rose Like a burst of luck maybe just the level of creativity no matter I remembered the story Within weeks I developed the plot and wrote a rough little story Solving the story comes about with five crystals I had read of the five crystals of South America in a book and had made a mental record of them for years In The Land of Saunt you will learn of the Geometric people and the problem they have come to by way of Ginger s crystal ball The solution became self evident and proved as pleasing as it was pleasant to the story plotting Ginger s world then becomes a transparency for all and she moves on to search out her heart s desire The last piece of work is a poem Walking in Confidence I wrote it after winning a finalist award in the Dayton Ohio Library Poetry Contest I have not had the Ivy League university training in writing nor have I had the workshops used by the bestsellers but I have had the experience of traveling for a living and I have visited some of the best museums on the earth I have also spent more than enough time in the libraries 138 libraries last count When I had the dream of the library and it was really a dream I had to write it I have included it as the last piece of work because I owed something to the libraries that have taught me the masterful art of storytelling The book as a whole is all creativity and yet it comes together from beginning to end in a singular harmonious logic c Congressional Record United States.
