McLaren,2012-07-05 For all those seeking more authentic ways to hold and practice Christian faith Brian McLaren has been an inspiring compassionate and provocative voice Starting with the award winning A New Kind of Christian McLaren offered a lively wide ranging fictional conversation between Pastor Dan Poole and his friend Neil Oliver as they reflected about faith doubt reason mission leadership and spiritual practice in the emerging postmodern world That conversation widened to include several intriguing new characters in the sequel The Story We Find Ourselves In as Dan and friends continued to explore faith stretching themes from evolution to evangelism from death to the meaning of life Now in this third installment of their adventures Dan and his widening circle of friends grapple with conventional Christian teachings about hell and judgment and what they mean for our relationship with God and each other Is there an alternative to the usual polar views of a just God short on mercy or a merciful God short on justice Could our conflicted views of hell be symptoms of a deeper set of problems misunderstandings about what God s justice and mercy are about misconceptions about God s purpose in creating the world deep misgivings about what kind of character God is and what the Christian gospel is for      **The last word in Self-defence** Danny Gee Goju,2025-02-03 African Goju is a survival system based on reality and common sense with attention to detail that makes it different from other disciplines It is not only taught as conventional martial arts but also as an attempt to teach the psychology of self defence based on one s way of life relying on the principle that things will go wrong only if you allow them to Can you keep your senses after drinking so that you are not taken advantage of Could you defend yourself in a fight If you go into a nightclub how would you cope if trouble exploded What of a burglary whilst you are sleeping or in the shower Is your car house safe against thieves How secure are you at work in case of an attack by an irate customer How smart are you in order not to be taken in by a con man How would you handle emotional mental physical abuse betrayal or infidelity The art of knowing how where why and when to fight or not to fight and the ability to withstand both mental and physical pain when coupled with extremely effective defence techniques makes it the most realistic powerful and compelling system in the world      *I Don't Believe a Word of It* Ralph Hill,2015-01-27 Ralph Hill s book of 70 short stories will appeal to all tastes Themes include Detection Adventure Romance and Humour so whether you like intrigue or a good laugh you ll find something to suit you This is a book that will be enjoyed by older children and adults alike with many of the stories having a twist or an underlying moral message that discerning readers will appreciate Some of the stories are autobiographical giving a glimpse of life as a signalman on a destroyer during the second world war and others incorporate reflections on life and literature arising from Ralph s career as a teacher      **KINGDOM ARMOR: The Believer's Identity** ,      The Last Muster John

**A Concordance of the Qur'an** Hanna E. Kassis,2023-11-03 From the Foreword This Concordance of the Qur'an in English satisfies a paramount need of those and there are millions of them who have no command of the Arabic language and yet desire to understand the Qur'an The benefit derivable from English translations of the Sacred Book is in principle limited because first the Qur'an is not a book but a collection of passages revealed to Muhammad over a period of about twenty three years and second because the Qur'an is not really translatable This does not mean that the Qur'an should not be translated It does mean that translations lose much in tone and nuance let alone the incommunicable beauty grandeur and grace of the original The main distinction of Hana Kassis's concordance in my view is that it utilizes the semantic structure of Arabic vocabulary itself in revealing the meaning of the Qur'an on any given issue point or concept A reader who looks in the index of this concordance for a word which he has encountered in reading an English translation of the Qur'an the word pride for example is directed immediately to the roots of the Arabic Qur'anic terms for pride At the entries for these Arabic roots all the derivative forms are shown and the verses of the Qur'an in which they appear are there listed in translation I am confident that any person who is sincerely interested in understanding the Qur'an and appreciating the nuances of its diction and shades of its meaning can satisfy his need more fully with this book than in any way short of developing a real command over the Arabic language itself Fazlur Rahman Professor of Islamic Thought University of Chicago From the Foreword This Concordance of the Qur'an in English satisfies a paramount need of those and there are millions of them who have no command of the Arabic language and yet desire to understand the Qur'an The benefit derivab **The Last Word** Thomas Nagel,1997-01-30 If there is such a thing as reason it has to be universal Reason must reflect objective principles whose validity is independent of our point of view principles that anyone with enough intelligence ought to be able to recognize as

correct But this generality of reason is what relativists and subjectivists deny in ever increasing numbers And such subjectivism is not just an inconsequential intellectual flourish or badge of theoretical chic It is exploited to deflect argument and to belittle the pretensions of the arguments of others The continuing spread of this relativistic way of thinking threatens to make public discourse increasingly difficult and to exacerbate the deep divisions of our society In *The Last Word* Thomas Nagel one of the most influential philosophers writing in English presents a sustained defense of reason against the attacks of subjectivism delivering systematic rebuttals of relativistic claims with respect to language logic science and ethics He shows that the last word in disputes about the objective validity of any form of thought must lie in some unqualified thoughts about how things are thoughts that we cannot regard from outside as mere psychological dispositions *The Last Word* Justin Gautreau,2020-10-02

*The Last Word* argues that the Hollywood novel opened up space for cultural critique of the film industry at a time when the industry lacked the capacity to critique itself While the young studio system worked tirelessly to burnish its public image in the wake of celebrity scandal several industry insiders wrote fiction to fill in what newspapers and fan magazines left out Throughout the 1920s and 1930s these novels aimed to expose the invisible machinery of classical Hollywood cinema including not only the evolving artifice of the screen but also the promotional discourse that complemented it As likeminded filmmakers in the 1940s and 1950s gradually brought the dark side of the industry to the screen however the Hollywood novel found itself struggling to live up to its original promise of delivering the unfilmable By the 1960s desperate to remain relevant the genre had devolved into little more than erotic fantasy of movie stars behind closed doors perhaps the only thing the public couldn't already find elsewhere Still given their unique ability to speak beyond the institutional restraints of their time these earlier works offer a window into the industry's dynamic creation and re-creation of itself in the public imagination
