The Last Flying Tiger David E. Fisher, 1976 **The Last Flying Tiger** David E. Fischer, 1976 *Memoirs Of A Flying Tiger: The Story Of A Wwii Veteran And Sia Pioneer Pilot* Weng Toh Ho, 2019-11-15 This book is a poignant story of a small town boy who stumbled into a lifelong flying career spanning 38 years as a pilot. Now at 99, Captain Ho Weng Toh, one of the last few remaining Flying Tigers, recalls the many events that shaped his life. It takes the readers through his journey of good and bad years, the trials and tribulations encountered on his journey from being a refugee student to becoming a Chinese Air Force B-25 bomber pilot, his will to live, the burning desire to contribute towards the WWII effort, and his endurance of all the trials and hardships all alone and often in silent solitude. Captain Ho shares memories of his childhood days and his growing up years in Ipoh, his family, and important values imparted by his father, his wonderful friendship with his buddy of eight decades, Meng Seng, and his romantic encounters. In 1941, while being a student in Hong Kong, Captain Ho witnessed bombs dropped by Japanese bombers which signalled the start of WWII, a war which not only altered the course of history but was a major turning point in his life. Its impact consequently shaped the course of his life. He encountered many trials and uncertainties during the war years. But beyond the dark clouds and thunder storms, there was new hope and adventure. He encountered new adventures in Singapore where he used his flying experience to carve out an illustrious career. In 1951, he started flying for Malayan Airways, the predecessor of Singapore Airlines SIA. Through his 30 years of flying career with SIA, he saw the Airline grow from a fledgling Airline of three DC-3s to a modern international Airline. His strong passion for people, sports, and travel were hallmarks of his life, which enabled him to live a long and fulfilling life. Having a deep appreciation of the importance of friendship, he values his friends dearly and often travels the globe to reconnect. Being keenly interested in people and world affairs, he is extremely aware of human needs and is ever concerned for people that comes his way, fighting for the underdogs, offering guidance, and a little helping hand to those in need. Such qualities, together with his flying experience, have helped him successfully train and groom several generations of young local pilots who eventually had successful careers at SIA. And saved the sum of things for pay. In the bleak winter of 1941-1942, no American or British force could stem the tide in Southeast Asia as the Philippines, Thailand, Malaya, and Singapore fell to the victorious Japanese. Only in Burma was there a ray of hope. There, over beleaguered Rangoon, a few dozen Americans clawed Japanese warplanes from the sky for a cash bounty from the Chinese government. Wearing mismatched uniforms with Chinese insignia and flying cast-off fighter planes, they did what no other air force seemed able to do and won immortality as the Flying Tigers. Daniel Ford wrote the definitive history of the American Volunteer Group as it was officially known. Here, he has collected five small books about the Flying Tigers into an omnibus that details the AVG's planes, pilots, and history as remembered in the United States and in Japan. An

Fallen Tigers Daniel Jackson,2021-05-11 Mere months before the attack on Pearl Harbor President Franklin D Roosevelt sent a volunteer group of American airmen to the Far East convinced that supporting Chinese resistance against the continuing Japanese invasion would be crucial to an eventual Allied victory in World War II Within two weeks of that fateful Sunday in December 1941 the American Volunteer Group soon to become known as the legendary Flying Tigers went into action For three and a half years the volunteers and the Army Air Force airmen who followed them fought in dangerous aerial duels over East Asia Audaciously led by master tactician Claire Lee Chennault daring pilots such as David Lee Tex Hill and George B Mac McMillan led their men in desperate combat against enemy air forces and armies despite being outnumbered and outgunned Aviators who fell in combat and survived the crash or bailout faced the terrifying reality of being lost and injured in

unfamiliar territory Historian Daniel Jackson himself a combat tested pilot recounts the stories of downed aviators who attempted to evade capture by the Japanese in their bid to return to Allied territory He reveals the heroism of these airmen was equaled and often exceeded by that of the Chinese soldiers and civilians who risked their lives to return them safely to American bases Drawing from thorough archival research and compelling personal narratives from memoirs wartime diaries and dozens of interviews with veterans this vital work offers an important new perspective on the Flying Tigers and the history of World War II in China
