trenchant cultural criticism that traces the origins of today s crisis of masculinity through Michael Douglas s oeuvre from the eighties and nineties How to be a Man That question and all the anxiety anger and resentment it stirs up is the starting point for a crisis in masculinity that today manifests as misogyny nativism and corporate greed gives rise to incels and mass shooters and leads to panic over the rights of women and minorities According to Jessa Crispin it is the most important question of our time and the answer to it might be found in an unlikely place the films of Michael Douglas In the 1980s the

rules for masculinity began to change The goal was no longer to be a good respectable family man carrying on the patriarchal traditions of generations past Not only was it becoming unfashionable but increasingly difficult the economic and political shifts a slashed social safety net globalization made it harder to find a breadwinning income a stable home life and a secure place in the public sphere So then how to be a man From the early eighties to the late nineties Michael Douglas showed us how he was our president our Wall Street overlord our mass shooter our failed husband our midlife crisis our cop and our canary in the patriarchal coal mine His characters were a mirror of our cultural shift serving as the foundation for everything from the 1994 Crime Bill to Trump s ultimate rise With wry wit and wisdom Crispin examines the phenomenon of the Michael Douglas character as a silver screen seismograph registering the tectonic movements within our society that have fractured it in shocking ways Blending feminist arguments and pop culture criticism Crispin uses the iconic roles of Michael Douglas from Fatal Attraction to Wall Street to The Game as a lens to explore men s and our culture s ongoing anxieties around women money and power Ultimately What Is Wrong with Men reveals that the patriarchy has now fully betrayed men along with everyone else and shows how unpacking one of its most fervent icons can help us envision a pathway forward
