Slovakia From Samo To Dzurinda Studies Of Nationalities:

The Politics of Language and Nationalism in Modern Central Europe T. Kamusella, 2008-12-16 This work focuses on the ideological intertwining between Czech Magyar Polish and Slovak and the corresponding nationalisms steeped in these languages The analysis is set against the earlier political and ideological history of these languages and the panorama of the emergence and political uses of other languages of the region Canadian Review of Studies in Nationalism ,2003

Slovakia Peter A. Toma, Dušan Kováč, 2001 From medieval times to the current day historical accounts of Slovakia and the Slovak people have often been either sketchy romanticized versions of a pastoral society or nationalistic exaggerated exaltations of the past Now Slovakia From Samo to Dzurinda at last offers a true history of the Slovak people without prejudice their struggle for national identity their aspirations for independence and economic development and their ambition to become a democratic state The product of painstaking research by the authors one a naturalized American from Slovakia and the other a Slovak historian this book is the definitive volume for readers in the English language who wish to acquire a more sophisticated understanding about past and present Slovakia From the seventh century empire of Samo the first Slav king to the present day struggle for democracy the authors detail all the region s significant history They examine the Slovaks Slavic ancestors and the emergence of a modern Slovak nation the postwar communist dictatorship and the Prague Spring the fall of socialism from the Velvet Revolution to the breakup of the Czechoslovak Federation and the ongoing process of trying to establish democratic institutions in today s independent Slovakia All readers regardless of their ethnic origin or political persuasion will find that this factual and scholarly historical survey of the Slovaks and Slovakia offers an illuminating new perspective on a people whose history has often been clouded by the interests of those who wrote about them BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved Macedonia and

the Macedonians Andrew Rossos, 2013-09-01 Throughout history every power that has aspired to dominate the Balkans a crucial crossroads between Europe Asia and Africa has sought to control Macedonia But although Macedonia has figured prominently in history its name was largely absent from the historical stage representing only a disputed territory of indeterminate boundaries until the nineteenth century Successive invaders Roman Gothic Hun Slav Ottoman passed through or subjugated the area and incorporated it into their respective dynastic or territorial empires This detailed volume surveys the history of Macedonia from 600 BC to the present day with an emphasis on the past two centuries It reveals how the Macedonian question has long dominated Balkan politics and how for nearly two centuries it was the central issue dividing Balkan peoples as neighboring nations struggled for possession of Macedonia and denied any distinct Macedonian identity territorial political ethnic or national The author concludes that Balkan acceptance of a Macedonian identity nation and state has become a necessity for stability in the Balkans and in a united Europe **Estonia and the Estonians** Toivo U.

Raun, 2002-02-01 Estonia and the Estonians provides the first compendious survey in any language of Estonian history from

prehistoric times to the twenty first century Estonia's strategic geopolitical location a crossroads where the major powers of northeastern Europe have struggled for influence and the small number of ethnic Estonians are crucial factors that have shaped the history of the area and its inhabitants The book emphasizes the period since the mid nineteenth century when a national movement calling for Estonian cultural and political autonomy began to emerge During the two world wars Estonia gained and lost political self determination Yet a modern Estonian culture was firmly established and a strong sense of national identity survived the Soviet era

The Czechs and the Lands of the Bohemian Crown Hugh Agnew, 2013-09-01 In this chronicle of a fascinating people Hugh Agnew offers a single volume survey of Czech history providing an introduction to its major themes and contours Agnew presents a detailed chronology of the region from prehistory and the first Slavs to the Czech Republic's entrance into the European Union Taking into account both Western and Marxist insights as well as the input of the newest generation of Czech historians he furnishes a comprehensive fusion of three different aspects of Czech history a political diplomatic view a social economic view and a cultural intellectual view

The Czechs and the Lands of the Bohemian Crown Hugh LeCaine Agnew, 2004 In this first up to date single volume history of the Czechs Agnew provides an introduction to the major themes and contours of Czech history for the general reader from prehistory and the first Slavs to the Czech Republic's entry into the European Union

The Endurance of Nationalism Aviel Roshwald, 2006-09-14 A major new study of the ancient roots of nationalism and its enduring power in the modern world

Canadian-American Slavic Studies, 2006 A quarterly journal devoted to Russia and East Europe

The Azerbaijani Turks Audrey L. Altstadt, 2013-09-01 The first comprehensive account of Azerbaijan's rich and tumultuous history up to the present time

Women in Magazines Rachel Ritchie, Sue Hawkins, Nicola Phillips, S. Jay Kleinberg, 2016-02-19 Women have been important contributors to and readers of magazines since the development of the periodical press in the nineteenth century By the mid twentieth century millions of women read the weeklies and monthlies that focused on supposedly feminine concerns of the home family and appearance In the decades that followed feminist scholars criticized such publications as at best conservative and at worst regressive in their treatment of gender norms and ideals However this perspective obscures the heterogeneity of the magazine industry itself and women's experiences of it both as readers and as journalists This collection explores such diversity highlighting the differing and at times contradictory images and understandings of women in a range of magazines and women's contributions to magazines in a number of contexts from late nineteenth century publications to twenty first century titles in Britain North America continental Europe and Australia

Minority Rules David Lublin, 2014-10-20 Named the American Political Science Association's Best Book on Race Ethnicity and Politics for 2014 When we think of minorities linguistic ethnic religious regional or racial in world politics conflict is often the first thing that comes to mind Indeed discord and tension are the depressing norms in many states across the globe Iraq the former Yugoslavia Sudan Israel Sri Lanka Burma Rwanda and many more But as David Lublin points out in

this magisterial survey of minority based political groups across the globe such parties typically function fairly well within larger polities In *Minority Rules* he eschews the usual approach of shining attention on conflict and instead looks at the representation of minority groups in largely peaceful and democratic countries throughout the world from the tiniest nations in Polynesia to great powers like Russia Specifically he examines factors behind the electoral success of ethnic and regional parties and alternatively their failure to ever coalesce to explain how peaceful democracies manage relations between different groups Contrary to theories that emphasize sources of minority discontent that exacerbate ethnic cleavages for instance disputes over control of natural resource wealth *Minority Rules* demonstrates that electoral rules play a dominant role in explaining not just why ethnic and regional parties perform poorly or well but why one potential ethnic cleavage emerges instead of another This is important because the emergence of ethnic regional parties along with the failure to incorporate them meaningfully into political systems has long been associated with ethnic conflict Therefore Lublin s findings which derive from an unprecedentedly rich empirical foundation have important implications not only for reaching successful settlements to such conflicts but also for preventing violent majority minority conflicts from ever occurring in the first place

The a to Z of Slovakia Stanislav J. Kirschbaum, 2010-05 The A to Z of Slovakia offers

an up to date series of cross referenced dictionary entries on Slovak political social and economic development since the creation of the second Slovak Republic in 1993 until its admission into the European Union in 2004 It includes all of the political actors the presidents prime ministers and party leaders and many leading academics and cultural personalities including those from the national minorities It also contains entries on the various institutions of the Slovak Republic like the judiciary the armed forces the media and parliamentary committees as well as entries that explain Slovakia s position and role in international organizations like NATO and the European Union The historical survey explains how Slovakia in its post Communist transformation was almost excluded but in the end became a full member of these two institutions

When people should go to the books stores, search introduction by shop, shelf by shelf, it is essentially problematic. This is why we offer the book compilations in this website. It will no question ease you to see guide **Slovakia From Samo To Dzurinda Studies Of Nationalities** as you such as.
