Guo, 2021-06-15 Women's tanci or plucking rhymes are chantefable narratives written by upper class educated women from seventeenth century to early twentieth century China Writing Gender in Early Modern Chinese Women's Tanci Fiction offers a timely study on early modern Chinese women's representations of gender nation and political activism in their tanci works before and after the Taiping Rebellion 1850 to 1864 as well as their depictions of warfare and social unrest Women tanci authors redefinition of female exemplarity within the Confucian orthodox discourses of virtue talent chastity and political integrity could be burgeoning expressions of female exceptionalism and could have foreshadowed protofeminist ideals of heroism They establish a realistic tenor in affirming feminine domestic authority and open up spaces for discussions of womanly becoming female exceptionalism and shifting family power structures The vernacular mode underlying these texts yields productive possibilities of gendered self representations bodily valences and dynamic performances of sexual roles The result is a vernacular discursive frame that enables women's appropriation and refashioning of orthodox moral values as means of self affirmation and self realization Validations of women's political activism and loyalism to the nation attest to tanci as a premium vehicle for disseminating progressive social incentives to popular audiences Women's tanci marks early modern writers endeavors to carve out a space of feminine becoming a discursive arena of feminine appropriation reinvention and boundary crossings In this light women's tanci portrays gendered mobility through depictions of a heroine's voyages or social ascent and entails a forward moving historical progression toward a more autonomous and vested model of feminine subjectivity
