Small Change Harriet Guest, 2000-12 During the second half of the eighteenth century the social role of educated women and the nature of domesticity were the focus of widespread debate in Britain The emergence of an identifiably feminist voice in that debate is the subject of Harriet Guest's new study which explores how small changes in the meaning of patriotism and the relations between public and private categories permitted educated British women to imagine themselves as political subjects *Small Change* considers the celebration of learned women as tokens of national progress in the context of a commercial culture that complicates notions of gender difference Guest offers a fascinating account of the women of the bluestocking circle focusing in particular on Elizabeth Carter hailed as the paradigmatic learned and domestic woman She discusses the importance of the American war to the changing relation between patriotism and gender in the 1770s and 1780s and she casts new light on Mary Wollstonecraft's writing of the 1790s considering it in relation to the anti-feminine discourse of Hannah More and the utopian feminism of Mary Hays *Women's Life Writing, 1700-1850* D. Cook, A. A Genealogy of the Gentleman Mary Beth Harris, 2024-03-15 A Genealogy of the Gentleman argues that eighteenth century women writers made key interventions in modern ideals of masculinity and authorship through their narrative constructions of the gentleman It challenges two latent critical assumptions first that the gentleman s masculinity is normative private and therefore oppositional to concepts of performance and second that women writers from their disadvantaged position within a patriarchal society had no real means of influencing dominant structures of masculinity By placing writers such as Mary Davys Eliza Haywood Charlotte Lennox Elizabeth Inchbald and Mary Robinson in dialogue with canonical representatives of the gentleman author Joseph Addison and Richard Steele David Hume Samuel Johnson and Samuel Richardson Mary Beth Harris shows how these women carved out a space for their literary authority not by overtly opposing their male critics and society s patriarchal structure but by rewriting the persona of the gentleman as a figure whose very desirability and appeal were dependent on women s influence Ultimately this project considers the import of these women writers legacy both progressive and conservative on hegemonic standards of masculinity that persist to this day
