Small Town In Modern Times Alexandria Ontario:

Small Town in Modern Times David Morton Rayside, 1991 Alexandria a town of about 3 500 people in Glengarry County in Eastern Ontario conforms in some respects to the stereotype of small towns as friendly communities without the strains of city life Although David Rayside found Alexandria to be a pleasant town in this penetrating study he reveals that this community which includes an almost equal mix of anglophones and francophones is also marked by social inequalities and divisions that parallel those in urban centres

Small Cities, Big Issues Christopher Walmsley, Terry Kading, 2018-07-20 Small Canadian cities confront serious social issues as a result of the neoliberal economic restructuring practiced by both federal and provincial governments since the 1980s Drastic spending reductions and ongoing restraint in social assistance income supports and the provision of affordable housing combined with the offloading of social responsibilities onto municipalities has contributed to the generalization of social issues once chiefly associated with Canada's largest urban centres As the investigations in this volume illustrate while some communities responded to these issues with inclusionary and progressive actions others were more exclusionary and reactive revealing forms of discrimination exclusion and othering in the implementation of practices and policies Importantly however their investigations reveal a broad range of responses to the social issues they face No matter the process and results of the proposed solutions what the contributors uncovered were distinctive attributes of the small city as it struggles to confront increasingly complex social issues If local governments accept a social agenda as part of its responsibilities the contributors to Small Cities Big Issues believe that small cities can succeed in reconceiving community based on the ideals of acceptance accommodation and inclusion

From Great Wilderness to Seaway Towns Claire Puccia Parham, 2012-02-01 From Great Wilderness to Seaway Towns adds a new dimension to the debate over the perceived differences between American and Canadian society This fascinating case study examines two communities separated by the St Lawrence River Cornwall Ontario and Massena New York from the end of the Revolutionary War to the present Moving from the struggles of early settlers to industrialization and beyond Claire Puccia Parham chronicles how the residents of both areas created similar social political and economic institutions because of their peripheral locations in a capitalist world

system and their inherent congregational and democratic values These distinctive views often brought them into conflict with national leaders
