

## Smithsonian's Great Battles of the Civil War

"Impressive, informative and moving." *Los Angeles Times*

"Learned yet entertaining. A historical achievement." *Philadelphia Inquirer*

"Victorious Grade: A." *Entertainment Weekly*

More than 550,000 American soldiers died during the battles of the Civil War. This critically acclaimed television and video series from the National Museum of American History is a sweeping and compelling look at the war's military, political and social history. Each episode features dramatic reenactments of important campaigns; first-hand accounts of eyewitnesses and participants read by distinguished actors; period photographs, paintings and artifacts; intriguing expert challenges to traditional historical thinking; original contemporary illustrations; computer enhanced maps; and music of the time. The strategies and motivations that created this devastating and heroic period come alive in this comprehensive reference, a visually stunning, provocative history unlike any other Civil War program you've ever seen.

*Smithsonian Miscellaneous Collections* Smithsonian Institution, 1883 **The Meanest and 'Damnest' Job** Michael P. Rucker, 2019-08-01 Most Civil War histories focus on the performance of top level generals However it was the individual officers below them who actually led the troops to enact the orders Some of these were remarkably effective One such officer was Edmund Winchester Rucker He was a force to be reckoned with both during the Civil War and in his post war business ventures He was courageous tough and resourceful and achieved significant results in every assignment During the campaign by the United States Army to capture the upper Mississippi River Rucker and his faithful Confederate artillerymen with only three operable cannons held off the entire Federal fleet which possessed 105 heavy guns Later in East Tennessee Rucker's duties included punishing saboteurs and conscripting unwilling local citizens into the Confederate Army He described these assignments as The meanest and damnest sic duty a soldier had to perform Following the battles for Chattanooga he served with General Nathan Bedford Forrest as a cavalry brigade commander earning high merits for his performance Rucker's leadership was a major factor in the Confederate victory in the Battle of Brices Cross Roads which has

been called History's Greatest Cavalry Battle Subsequent to the Battle of Nashville Rucker was wounded and captured although his left arm was amputated this did not impede his future achievements After the war Colonel Rucker and General Forrest became business partners in a railroad building project Rucker did well from this venture and became one of the wealthiest early entrepreneurs in Birmingham In recognition of his many accomplishments Fort Rucker Alabama was named in his honor This first biography on his life examines at a fast moving pace the military and business accomplishments of this outstanding leader who left his mark on both the Civil War and Southern industry of the time George Washington's Nemesis Christian McBurney, 2019-12-20 This biography attempts to set the record straight for a misunderstood military figure from the American Revolution Historians and biographers of Charles Lee have treated him as either an enemy of George Washington or a defender of American liberty Neither approach is accurate objectivity is required to fully understand the war's most complicated general In George Washington's Nemesis author Christian McBurney uses original documents some newly discovered to combine two dramatic stories to create one balanced view of one of the Revolutionary War's most fascinating personalities General Lee second in command in the Continental Army led by George Washington was captured by the British in December 1776 While imprisoned he gave his captors a plan on how to defeat Washington's army as quickly as possible This extraordinary act of treason was not discovered during his lifetime Less well known is that throughout his sixteen months of captivity and even after his release Lee continued communicating with the enemy offering to help negotiate an end to the rebellion After Lee rejoined the Continental Army he was given command of many of its best troops together with orders from Washington to attack British general Henry Clinton's column near Monmouth New Jersey But things did not go as planned for Lee leading to his court martial for not attacking and for retreating in the face of the enemy McBurney argues the evidence clearly shows Lee was unfairly convicted and had in fact done something beneficial But Lee had insulted Washington which made the matter a political contest between the army's two top generals only one of whom could prevail *Facets Video Encyclopedia* Catherine Foley, Milos Stehlik, 1999 Calling it a virtual cinemath que on video the Telluride Film Festival gave its coveted Silver Medallion award to *Facets Video Encyclopedia* The Encyclopedia lists more than 35 000 rare films on video laser disc and DVD Included are foreign independent classic American silent documentary experimental cult and children's films Each is carefully described and lists director country of origin year and running time credits and is categorized and cross referenced by director and country All films are available for sale or rent from Facets Multimedia Annual Report of the Board of Regents of the Smithsonian Institution, 1904 **School Library Journal**, 1994 Of Arms and Men Robert L. O'Connell, 1990-04-19 The appearance of the crossbow on the European battle field in A D 1100 as the weapon of choice for shooting down knights threatened the status quo of medieval chivalric fighting techniques By 1139 the Church had intervened outlawing the use of the crossbow among Christians With this edict arms control was born As Robert L O Connell reveals in this vividly written history of weapons in Western culture that first attempt

at an arms control measure characterizes the complex and often paradoxical relationship between men and arms throughout the centuries In a sweeping narrative that ranges from prehistoric times to the nuclear age O Connell demonstrates how social and economic conditions determine the types of weapons and the tactics used in warfare and how in turn innovations in weapons technology often undercut social values He describes for instance how the invention of the gun required a redefinition of courage from aggressive ferocity to calmness under fire and how the machine gun in World War I so overthrew traditional notions of combat that Lord Kitchener exclaimed This isn't war The technology unleashed during the Great War radically altered our perceptions of ourselves as these new weapons made human qualities almost irrelevant in combat With the invention of the atomic bomb humanity itself became subservient to the weapons it had produced *Of Arms and Men* brilliantly integrates the evolution of politics weapons strategy and tactics into a coherent narrative one spiced with striking portraits of men in combat and penetrating insights into why men go to war **The Passionate Empiricist**

Marlana Portolano ,2009-01-01 Explores John Quincy Adams's oratorical work in support of government funded science This book introduces readers to the role that classical oratory played in changing early American attitudes about pure scientific research Marlana Portolano investigates the impact of John Quincy Adams's oratorical campaigns on the origins of government funded science in America with a special focus on his classical theory of rhetorical engagement and civic duty In this age where so much government funding of science is based in the military industrial complex it is fascinating to look at arguments for and against government funding of science at a time when such funding was not a given **CHOICE** **Great Battles of the Civil War** Neil Kagan,Harris J.
