**Living Together Separately** Michael Romann, Alex Weingrod, 2014-07-14 Much has been written about the religious and political conflicts of contemporary Jerusalem and about the harsh realities of the intifada But while analysts probe the violence in the reunited city its residents must go about their daily affairs Focusing on the conduct of everyday life rather than on ideology Living Together Separately provides a rare look at the complex networks

of practical relations developed by Jews and Arabs in over two decades of Israeli control of the city The work begins with a brief historical review of Jerusalem as an Arab Jewish city Then combining the perspectives of urban geography and social anthropology it addresses a wide range of questions How does the use of urban space and urban systems reflect both segregation and integration How do ethnic identities influence interactions in adjoining neighborhoods in workplaces and in a hospital What rules govern Arab Jewish contacts in business consumer and political settings In the final chapter the authors evaluate the Jerusalem situation in comparison with conditions in other deeply divided cities and in light of the intifada Long time residents of Jerusalem Romann and Weingrod seek to grasp the variety of day to day exchanges without preconceptions and from the viewpoints of all participants Michael Romann and Alex Weingrod are my pick to serve on a jury trying a very tangled case Fouad Ajami School of International Studies The Johns Hopkins University Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**Jews and Judaism in The New York Times** Christopher Vecsey, 2013-07-18 In a recent book Following 9 11 Religion Coverage in the New York Times Christopher Vecsey examines journalistic definitions of religion before and especially after the terrible events of September 11 2001 Here he explores Times portrayals of the cumulative religious tradition called Judaism embodied by peoples who have called themselves Jews from antiquity to modernity throughout the world and especially in the United States where a plurality of Jews live today and where the Times is published To understand Judaism today is to fathom its diverse texts beliefs rituals ethics and institutions the contemporary concerns of Jews and the relationships not only among Jews but also between Jews and gentiles and the continuing impact of anti Semitism upon Jewish life Since the 1940s Jews and Judaism have been profoundly affected by the horrific course of the Holocaust and by the formation of Israel as a Jewish nation state These have been the major themes in the Times treatment of Judaism chronicled in thousands of articles Like an insider to Jewish tradition the paper recounts favorite holy day recipes and tales of survival and travail in a multi national and assimilative world In so doing however the paper probes not only concurrence within Judaism but more tellingly a complex multi cultural at odds with itself Jewishness Rather than thinking of the Times as a mouthpiece for Jewish interests it is far more accurate to say that the Times has analyzed like an outsider the paradoxes the tensions and the culture wars in contemporary Jewish existence in order to define pluralistic Judaism as a political cultural religious entity The Times treats Judaism humanistically showing that it is the Jewish people who are most important to Judaism not merely the texts the theology or the institutions The paper works from perspectival Talmudic principles reporting multiple viewpoints in the circle of Jewish faith observance contestation and disbelief constantly

questioning all sources as an observant instrument of inquiry into Jewish existence to expose Judaism's points of conflict as well as its areas of consensus
