Asian Diaspora Poetry in North America, *Pluriel* Marc Charron, Seymour Mayne, Christiane Melançon, 2008-03-29 *Pluriel* provides a composite snapshot taken from a few particular angles of the

variety of poems written in Canada over the past few decades In shaping this anthology the editors were attracted to the diverse cultural and social responses evident in the work of poets writing in English and French both across Canada and in particular in Quebec and other French speaking regions of the country Each poem is offered in its original language and in translation Bilingual Edition *Asian Diaspora Poetry in North America* Benzi Zhang, 2007-12-12 Presenting a new way of reading that helps us discern some previously unnoticed or unnoticeable features of Asian diaspora poetry this volume highlights how poetry plays a significant role in mediating and defining cross cultural and transnational positions Asian diaspora poetry in North America is a rich body of poetic works that not only provide valuable material for us to understand the lives and experiences of Asian diasporas but also present us with an opportunity to examine some of the most important issues in current literary and cultural studies As a mode of writing across cultural and national borders these poetic works challenge us to reconsider the assumptions and meanings of identity nation home and place in a broad cross cultural context In recent postcolonial studies diaspora has been conceived not only as a process of migration in which people crossed and traversed the borders of different countries but also as a double relationship between different cultural origins With all its complexity and ambiguity associated with the experience of multi cultural mediation diaspora as both a process and a relationship suggests an act of constant repositioning in confluent streams that accommodate to multiple cultural traditions By examining how Asian diaspora poets maintain and represent their cultural differences in North America Zhang is able to seek new perspectives for understanding and analyzing the intrinsic values of Asian cultures that survive and develop persistently in North American societies **Transgressive Transcripts** Bennett Yu-Hsiang Fu, 2012 Transgressive Transcripts examines the construction of women's subjectivity and the textual production of Canadian female voices orchestrated in history culture ethnicity and sexuality The book stressing the dissemination and reinscription of femaleness and femininity in Chinese Canadian history employs critical models that defy the sexual textual imaginary of the Canadian literary scene Four fields of study are conjoined feminist theories of the body gender and sexuality studies women's writing and Asian North American studies Analysing four writers SKY Lee Larissa Lai Lydia Kwa and Evelyn Lau the book anchors its thematic and theoretical concern with female sexuality in the context of Chinese Canadian writing Feminist narratives and gender politics in contemporary Asian North American literature are highlighted via the trope of transgression *Strike the Wok* Jim Wong-Chu, Lien Chao, 2003 A young man contemplates piano lessons and hockey two misfits in Chinatown discover love a Vancouver woman fondly recalls her parent's old house in Newfoundland a girl goes to Canada to escape her father a tired old woman recalls her origins as an orphan for sale a teenage girl cuts off her hair and leaves home This new anthology brings together some of the most exciting works of fiction by contemporary Chinese Canadian Writers Representing three generations of Chinese from a variety of backgrounds including writers born in Canada as well as places outside presenting a diversity of themes and styles and set in various geographical locations and time periods Strike the Wok is a truly

kaleidoscopic look at Chinese life from modern Canadian perspectives Internationally renowned as well as newer voices are included **Asian American Poets** Guiyou Huang, 2002-05-30 Even though Asian American literature is enjoying an impressive critical popularity attention has focused primarily on longer narrative forms such as the novel And despite the proliferation of a large number of poets of Asian descent in the 20th century Asian American poetry remains a neglected area of study Poetry as an elite genre has not reached the level of popularity of the novel or short story partly due to the difficulties of reading and interpreting poetic texts The lack of criticism on Asian American poetry speaks to the urgent need for scholarship in this area since perhaps more than any other genre poetry most forcefully captures the intense feelings and emotions that Asian Americans have experienced about themselves and their world This reference book overviews the tremendous cultural contributions of Asian American poets Included are alphabetically arranged entries on 48 American poets of Asian descent most of whom have been active during the latter half of the 20th century Each entry begins with a short biography which sometimes includes information drawn from personal interviews The entries then discuss the poet's major works and themes including such concerns as family racism sexism identity language and politics A survey of the poet's critical reception follows In many cases the existing criticism is scant and the entries offer new readings of neglected works The entries conclude with bibliographies of primary and secondary texts and the volume closes with a selected general bibliography
