Small Differences Irish Catholics And Irish Protestants 1815 1922 An International Perspective

Jin-Ying Zhang

Small Differences Irish Catholics And Irish Protestants 1815 1922 An International Perspective:

Small Differences Donald Harman Akenson, 1988 Argues that there are fundamental social and economic similarities between the two groups but that taboos against intermarriage segregated schools and the nature of Protestant and Catholic religious beliefs keep the Irish at loggerheads

Small Differences Donald Harman Akenson, 1991 Deals directly with the question of whether cultural differences between Irish Protestants and Irish Catholics have had significant and casually important effects on the behaviour of the two groups The conclusion of the author's analysis is that based on the research of the Irish in Canada Australia New Zealand and United States as well as in Ireland itself there are few significant social or economic differences between the two groups In actual fact the author found indications of fundamental similarities

The Irish Diaspora Andrew Bielenberg, 2014-05-12 This book brings together a series of articles which provide an overview of the Irish Diaspora from a global perspective It combines a series of survey articles on the major destinations of the Diaspora the USA Britain and the British Empire On each of these there is a number of more specialist articles by historians demographers economists sociologists and geographers The interdisciplinary approach of the book with a strong historical and modern focus provides the first comprehensive survey of the topic

Protestant Nationalists in Ireland, 1900-1923 Conor Morrissey, 2019-10-10 An innovative and original analysis of Protestant advanced nationalists from the early twentieth century to the end of the Irish Civil War

Christians in a Secular World Kurt Bowen, 2005-05 A detailed assessment of the degree to which religious commitment or lack thereof affects the psychological state of Canadians and the social fabric of Canada

Pilgrims in Lotus Land Robert Kenneth Burkinshaw, 1995 Pilgrims in Lotus Land explores the remarkable growth of evangelicalism in an intensely secular province during the twentieth century Robert Burkinshaw explains why evangelicalism held such appeal paying particular attention to the distinctive character

Not Quite Us Kevin P. Anderson, 2019-04-08 In twentieth century Canada mainline Protestants fundamentalists liberal nationalists monarchists conservative Anglophiles and left wing intellectuals had one thing in common they all subscribed to a centuries old world view that Catholicism was an authoritarian regressive untrustworthy and foreign force that did not fit into a democratic British nation like Canada Analyzing the connections between anti Catholicism and national identity in English Canada *Not Quite Us* examines the consistency of anti Catholic tropes in the public and private discourses of intellectuals politicians and clergymen such as Arthur Lower Eugene Forsey Harold Innis C E Silcox F R Scott George Drew and Emily Murphy along with those of private Canadians Challenging the misconception that an allegedly secular civic and more tolerant nationalism that emerged excised its Protestant and British cast Kevin Anderson determines that this nationalist narrative was itself steeped in an exclusionary Anglo Protestant understanding of history and values He shows that over time as these ideas were dispersed through editorials cartoons correspondence literature and lectures they influenced Canadians intimate perceptions of themselves and their connection to Britain the ethno religious composition of the nation the place of religion in public life

and national unity Anti Catholicism helped shape what it means to be Canadian in the twentieth century Not Quite Us documents how equating Protestantism with democracy and individualism permeated ideas of national identity and continues to define Canada into the twenty first century

Callings and Consequences Christopher J. Lane, 2021-12-15 The concept of vocation in an early modern setting calls to mind the priesthood or religious life in a monastery or cloister to be called by God meant to leave the concerns of the world behind Beginning in the mid seventeenth century French Catholic clergy began to promote the innovative idea that everyone even an ordinary layperson was called to a vocation or state of life and that discerning this call correctly had implications for one's happiness and salvation and for the social good In Callings and Consequences Christopher Lane analyzes the origins growth and influence of a culture of vocation that became a central component of the Catholic Reformation and its legacy in France The reformers new vision of the choice of a state of life was marked by four characteristics urgency the realization that one's soul was at stake inclusiveness the belief that everyone including lay people was called by God method the use of proven discernment practices and liberty the belief that this choice must be free from coercion especially by parents No mere passing phenomena these vocational reforms engendered enduring beliefs and practices within the repertoire of global Catholic modernity even to the present day An illuminating and sometimes surprising history of pastoral reform Callings and Consequences helps us to understand the history of Catholic vocational culture and its role in the modernizing process within Christianity and beyond

The Wearing of the Green Mike Cronin, Daryl Adair, 2004-11-23 The full history of St Patrick's day is captured here for the first time in The Wearing of the Green Illustrated with photos the book spans the medieval origins steeped in folklore and myth through its turbulent and troubled times when it acted as fuel for fierce political argument and tells the fascinating story of how the celebration of 17th March was transformed from a stuffy dinner for Ireland's elite to one of the world's most public festivals Looking at more general Irish traditions and Irish communities throughout the world Mike Cronin and Daryl Adair follow the history of this widely celebrated event examining how the day has been exploited both politically and commercially and they explore the shared heritage of the Irish through the development of this unique patriotic holiday Highly informative for students of history cultural studies and sociology and an absolute delight for anyone interested in the fascinating and unique culture of Ireland

Imagining Holiness Justin Jaron Lewis, 2009-06-01 In Imagining Holiness Justin Lewis offers a radical reappraisal of how we think of Hasidic tales calling into question received notions of authenticity He focuses his study on the neglected Hasidic literature of the early twentieth century primarily the work of Israel Berger and Abraham Hayim Michelson and the literary and historical dynamics of its emergence posing questions about its place in Hasidic society the attitude of the Hasidim towards this literature and orality in Hasidic tradition as manifested in these Hasidic books Berger and Michelson wrote in the decade before the First World War a time of loss and decline for Hasidism Their books resisted modernity and positioned Hasidism as authentic Judaism but also reflected modern literary trends expressed tensions within

Hasidism itself and depicted struggles between the soul and body **Communities of the Soul** José E. Igartua,2022-01-31 Religion is fundamental to contemporary Puerto Rican society From the cosmology of the Indigenous Ta no to the wide range of Judeo Christian churches and sects to the practitioners of spiritism Afro Caribbean religions and witchcraft religious practice in its many forms permeates the lives of most Puerto Ricans Communities of the Soul illuminates the landscape and history of religion in Puerto Rico from the beliefs and practices of the Ta no to the religious diversity of the present day Throughout its history religion in Puerto Rico has braided institutional forms and popular practices yet has always been a community based process made by the people When the island was under Spanish colonial rule the formal but weak presence of Catholicism meant that Puerto Ricans cultivated their religious experiences within families and local communities as much as within the structures of the church These communal practices continued as Puerto Ricans joined Protestant denominations particularly evangelical Pentecostalism after the American conquest of the island in 1898 In the second half of the twentieth century religious diversity increased with the formation of Jewish and Muslim communities as well as numerous local evangelical congregations Even as Puerto Rican society becomes more cosmopolitan and diverse popular devotions and ritualistic practices remain an important part of everyday life The first synthesis of the religious history of the island Communities of the Soul is an innovative exploration of religion in Puerto Rico and the beliefs practices and diversity of its past and present Methodists and Women's Education in Ontario, 1836-1925 Johanna Selles,1996-08-23 Selles documents

nearly a century of Methodist education from the early seminary movement in Upper Canada through the establishment of ladies colleges to the admission of women into the university She reconstructs what life was like for women at these institutions and highlights changing ideologies curricula and views on women s education as well as introducing some of the unique personalities who shaped Methodist higher education Selles concludes that by attempting to create an ideal Christian woman through education Methodist education structures consciously created and imposed a class based gender ideology

Apparition Fever Tine Van Osselaer,2025-05-13 In the early 1930s a wave of Marian apparitions cases in which visionaries reported seeing and receiving messages from the Virgin Mary swept over Belgium With over forty apparition sites and hundreds of visionaries the Belgian apparitions often attended by crowds of onlookers were unrivalled in scope and complexity and they confronted Catholics and others with a question How do you decide what you believe Apparition Fever explores the Belgian apparitions from initial reports to the eventual recognition of two episodes in the 1940s It shows how knowledge was formed at all levels among the bystanders attending the sites to the medical experts who studied the visionaries and the clerical authorities who evaluated the authenticity of the apparitions Tine Van Osselaer examines how these different perspectives converged and influenced each other whose authority was accepted or challenged and how the public character of the events affected their evaluation Apparition Fever reveals that the public setting of Marian apparitions and the religious enthusiasm they triggered are not novel challenges for the Catholic Church On the contrary they have

heavily influenced the evaluation of apparitions since the early twentieth century Beyond the Noise of Solemn Assemblies Richard Allen, 2019-01-15 Since the 1970s Richard Allen's scholarship on the social gospel has broken new ground in the field of Canadian social and religious history by recovering key aspects of the tradition and its contribution to reform movements and politics Beyond the Noise of Solemn Assemblies collects and extends many of his classic works to present a comprehensive overview of a major thread in the fabric of the country Observing the mutual foundations of political and religious traditions in myth and arguing that the sacred and the secular belong together in discussions of public affairs Allen contests the view that religion is personal and isolated from the public square He discusses a range of topics the transition from providential to progressive thought in nineteenth century Canada the new spirituality of social solidarity articulated by Winnipeg college students in the 1890s the role of the social gospel in pioneering urban reform farmers and workers finding in radical Christianity legitimation for political revolt Christian intellectuals in the 1930s framing a revolutionary prospectus for Depression era Canada the significance of Norman Bethune's religious upbringing for his life and work strategically focused post war ecumenical coalitions like Project North and the Latin American Working Group and the prospects for democratic socialism at the end of the Cold War Opening with a chapter relating the author's upbringing in a ministerial household dedicated to the Protestant ethic as the spirit of socialism Beyond the Noise of Solemn Assemblies represents a significant contribution to understanding the social Christian movement in Canada **When God Took Sides** Marianne Elliott, 2009-09-24 The struggle between Catholic and Protestant has shaped Irish history since the Reformation with tragic consequences up to the present day But how do Catholics and Protestants in Ireland see each other And how do they view their own communities and what these communities stand for Tracing the history of religious identities in Ireland over the last three centuries Marianne Elliott argues that these two questions are inextricably linked and that the identity of both Catholics and Protestants is shaped by the way that each community views the other Cutting through the layers of myths lies and half truths that make up the vision that Catholics and Protestants have of each other she looks at how mutual religious stereotypes were developed over the centuries how they were perpetuated and entrenched and how they have defined modern identities and shaped Ireland's historical destiny from the independence struggle and partition to the Troubles of the last four decades Berruyer's Bible Daniel J. Watkins, 2021-06-01 The French Jesuit Isaac Joseph Berruyer's *Histoire du peuple de Dieu* was an ambitious attempt to connect the ideas of the Enlightenment with the theology of the Catholic Church A paraphrase of the Bible written in vernacular French the *Histoire* promoted progress the pursuit of happiness the fundamental goodness of humanity and the capacity of nature to shape moral human beings Berruyer aimed to update the Bible for a new age but his work unleashed a furor that ended with the expulsion of the Jesuits from France Berruyer's Bible offers a fresh perspective on the history of the Catholic Enlightenment By exploring the rise and fall of Berruyer's *Histoire* Daniel Watkins reveals how Catholic attempts to assimilate Enlightenment ideas caused conflicts within the church and

between the church and the French state Berruyer's Bible flips the traditional narrative of the Enlightenment on its head by showing that the secularization of French society and the political decline of the Catholic Church were due not solely to the external assaults of anti-clerical philosophes but also to the internal discord caused by Catholic theologians themselves Built upon extensive research in archives across Western Europe and the United States Berruyer's Bible paints a vivid picture of the tumultuous intellectual world of the Catholic Church and the power of radical ideas that shaped the church throughout the Enlightenment the French Revolution and beyond

Michael Power Mark George McGowan, 2005 This biography of Toronto's first Roman Catholic bishop also serves as a compelling history of Canadian Catholicism Winner of the 2006 Heritage Toronto Book Award for excellence

W. Stanford Reid A. Donald MacLeod, 2004 MacLeod's in-depth analysis examines how an observant Christian academic unapologetically Calvinist openly articulated his faith in a secular environment and helped convince evangelicals to abandon their ghettoizing anti-intellectualism His discussion of Reid's international networking serves as a reminder of the way in which Canadian evangelicalism was influenced by and in turn influenced the United States where Reid's influence was appreciable both as a trustee of Westminster Seminary for thirty-seven years and as editor at large of the nascent Christianity Today W. Stanford Reid is a poignant in-depth investigation of the life of a man whose career spanned academia and church

Anti-Catholicism and British Identities in Britain, Canada and Australia, 1880s-1920s Geraldine Vaughan, 2022-09-23 Recent debates about the definition of national identities in Britain along with discussions on the secularisation of Western societies have brought to light the importance of a historical approach to the notion of Britishness and religion This book explores anti-Catholicism in Britain and its Dominions and forms part of a notable revival over the last decade in the critical historical analysis of anti-Catholicism It employs transnational and comparative historical approaches throughout thanks to the exploration of relevant original sources both in the United Kingdom and in Australia and Canada several of them untapped by other scholars It applies a four-nations approach to British history thus avoiding an Anglocentric viewpoint

Ulster Since 1600 Liam Kennedy, Philip Ollerenshaw, 2013 Surveys the history of the province from the plantations of the early seventeenth century to partition and the formation of Northern Ireland in the early 1920s and onwards to the Troubles of recent decades A major contribution to the history of Ireland and to Ulster's contested place in the British and the wider world
