Copping, 2014-09-10 Few cars have achieved the iconic status of Volkswagen's classic and much loved Beetle yet its origins are intertwined with the dark days of Nazism This book looks at those origins at the marque's initial post war rescue by the British and the effect of early VW Director General Heinz Nordhoff's forward looking desire to perfect one model rather than spread the company's talent over a range of designs at the impact of radical minded advertising campaigns and at the Beetle's never to be beaten production record for a single model of nearly 22 million cars Bringing the reader right up to the present day marque expert Richard A Copping recounts the Beetle's story in a lively and authoritative manner guaranteed to delight devotee and casual browser alike *The Automobile and American Life*, 2d ed. Imseng, 2016-09-19 IT WASN'T GERMAN ENGINEERING ONLY THAT MADE THE VOLKSWAGEN BEETLE AN ICON IT WAS A MANHATTAN ADVERTISING AGENCY TOO Created in 1959 by Doyle Dane Bernbach and continued through the 60s and early 70s the campaign for the Volkswagen Beetle is considered the best of all time More than just promoting a car it promoted a new kind of advertising simple charming intelligent and most of all honest In *Ugly Is Only Skin Deep* Dominik Imseng retraces the creation of Doyle Dane Bernbach sneered at by the big players on Madison Avenue because of the ethnic background of its founders and employees who were mostly Jewish Readers will then learn how the agency won the Volkswagen account and how an unlikely creative team set the tone for the most admired campaign in advertising history Finally the book examines the evolution of the Volkswagen campaign and how it managed to convince more and more Americans that smaller was better In fact the Volkswagen campaign didn't only fundamentally change the ethos of advertising it also helped trigger the cultural revolution of the 1960s *International Bibliography of Business History*

Francis Goodall, Terry Gourvish, Steven Tolliday, 2013-12-16 The field of business history has changed and grown dramatically

over the last few years There is less interest in the traditional company centred approach and more concern about the wider business context With the growth of multi national corporations in the 1980s international and inter firm comparisons have gained in importance In addition there has been a move towards improving links with mainstream economic financial and social history through techniques and outlook The International Bibliography of Business History brings all of the strands together and provides the user with a comprehensive guide to the literature in the field The Bibliography is a unique volume which covers the depth and breadth of research in business history This exhaustive volume has been compiled by a team of subject specialists from around the world under the editorship of three prestigious business historians *VW Beetle*

five hundred years ago an Indian prince achieved enlightenment and became the Awakened One. However extraordinary Prince Siddhartha Gautama was, he was no divinity but a self-perfected human being who brought a sweeping message to mankind. Walter Henry Nelson, a respected historical scholar and author, offers readers a distinctly accessible and authoritative biography of the Buddha and his teachings. In this essential gripping and inspiring introduction for the general reader, Buddha explores ancient legends surrounding Buddhism's founder. It shows how the simple story and profound struggle of Prince Siddhartha, who died five hundred years before the birth of Christ, were transformed into one of the world's great religions. From tales of Gautama's struggle to parables of the intervention of gods in his journey, Nelson takes readers through the historical existence and ideals at the heart of a religion and philosophy that searches beyond materialism for the true aim of life.
