From Exclusivity to Exclusion: The LD Experience of Privileged Parents Chris Hale,2011-11-12 What is lived experience at the intersection of privilege and disability More specifically what are the experiences of privileged parents of a child with disability How does their child s disability impact their efforts to reproduce their advantage These and other questions inspired the research on which this book is based The plight of poor and marginalized parents of children with disabilities has received considerable scholarly attention yet the experiences of their counterparts at the opposite end of the socioeconomic spectrum have garnered scant notice For parents at the bottom rung of society their child s disability becomes yet another compounding marker of oppression For parents of means and influence disability represents an ontological contradiction While they are oppressors in that they reap the benefits of inequitable and oppressive social structures they are also oppressed by ableism and other systems of societal bias The product of an ethnographic case study this book trains a phenomenological lens on the lived experience of this contradiction The participants in this research are privileged urban parents of a 14 year old boy with dyslexia Their account of the struggles they faced over the three years their son spent in a mainstream private school is the focus of analysis and discussion Despite their efforts including lavish expenditures of economic and cultural capital the school community s responses to the child s disability and subsequent academic failure

resulted in iterated enactments of symbolic and physical segregation and eventual banishment Their son s dyslexia threatened the collective investment in normality his academic failure threatened the underlying assumptions of schooling and his parents advocacy challenged the symbolic authority of school professionals *Primary Plans* ,1907 **When They Win, You Win** Russ Laraway,2022-06-07 From the legendary Silicon Valley manager who inspired Radical Candor the three simple rules for creating happy engaged teams Businesses everywhere are plagued by managers who seem to think that keeping their staff miserable is the best way to deliver profits This is a failure of leadership that also hurts the bottom line research has shown that maintaining a happy engaged workforce consistently drives measurably better business results across the board In *When They Win You Win* Russ Laraway the Chief People Officer of Goodwater Capital provides a simple coherent and complete leadership standard that teaches organizational planners and managers how to develop incredible levels of employee engagement The book identifies three key elements clear direction setting frequent coaching and active engagement with employees on their long term career goals Russ Laraway s approach to management developed at Google Twitter Qualtrics and Goodwater shows the way to cultivate a happy productive and engaged team Happy results are sure to follow for you your customers your shareholders and your employees alike *My Soul Look Back in Wonder* Geneva Napoleon Smitherman,2022-01-31 This is the story of Dr Geneva Smitherman aka Dr G the pioneering linguist often referred to as the Queen of Black Language In a series of narrative essays Dr G writes eloquently and powerfully about the role of language in social transformation and the academic intellectual linguistic and societal debates that shaped her groundbreaking work as a Black Studies O G and a Womanist scholar activist of African American Language These eleven essays narrate the development of Dr G s race gender class and linguistic consciousness as a member of the Black Power Generation of the 1960s and 70s In *My Soul Look Back In Wonder* Dr G links the personal to the professional and the political situating the struggles and successes of a Black woman in the Academy within the historical experiences and development of her people As Dr G enters her eighth decade in this Black Lives Matter historical moment she seeks to share the meaning and purpose of a life of study and struggle and its significance for all those who seek racial and social justice today *Courses of Study for the High School, Junior High Schools and Elementary Schools* Springfield (Ohio). Board of Education,1923 **Medical and Educational Perspectives on Nonverbal Learning Disability in Children and Young Adults** Rissman, Barbara,2015-09-04 This book is a comprehensive reference source for emerging research in the identification diagnosis and intervention of nonverbal learning disabilities featuring in depth coverage on a variety of topics relating to intact nonverbal skills Nonverbal Learning Disability indicators disability manifestation and the dilemmas faced by caregivers and professionals **The Clinical Practice of Educational Therapy** Maxine Ficksman,Jane Utley Adelizzi,2013-05-13 *The Clinical Practice of Educational Therapy* is the first book to provide a comprehensive review of the interdisciplinary profession and practice of educational therapy as it exists today It describes the scope and practice of

educational therapy from its European roots to its growing presence in the United States and provides case studies to illustrate the work of educational therapists Key Features Interdisciplinary Perspective Other books focus on either educational or therapeutic interventions but rarely discuss the blend and synergy of disciplines that are the hallmark of the profession Illustrative Cases The text draws heavily on case studies as a means of understanding the practice of educational therapy especially the relationship between therapist and client Expertise Chapter authors are either experienced educational therapists or allied professionals who have made scholarly contributions to the profession such as Dorothy Ungerleider Patricia Waters Roslyn Arnold and George McCloskey In addition to educational therapy students and practitioners this book is appropriate for those working in related fields including special education school psychology school counseling and social work in educational settings
