This is what a Feminist Slut Looks Like; Perspectives on the Slutwalk Movement

Alyssa Teekah, 2015-04-01 In April 2011 a team of five people put together SlutWalk Toronto a protest responding to slut shaming and victim blaming culture exemplified by a recent event at Osgoode Hall Law School at York University In the name of campus safety Toronto Police Constable Michael Sanguinetti advised women should avoid dressing like sluts in order to not be victimized The sentiment of those in the over 3000 person crowd that day were shared by folks around the globe leading to over 200 SlutWalks internationally and the establishment of SlutWalk organizing groups This collection engenders a critical engagement with the global phenomenon of the SlutWalk movement considering both its strengths and limitations The chapters take up SlutWalk through a feminist lens broadly defined considering SlutWalk as a successful social movement a site of tremendous controversy and an ongoing discussion among and between waves of feminists across the life cycle and across the globe Through poetry photography scholarly articles creative non fiction personal essays the collection seeks to

unpack the discursive performance of SlutWalk as well as explore the experiences of people who attended various and diverse SlutWalks marches protests in North America and Asia **How the Drug War Ruins American Lives** Arthur Benavie Professor Emeritus, 2016-03-21 This book reveals the disturbing truth about how the escalation of the War on Drugs over the past 30 years has eroded the human and property rights of Americans while doing little to stop drug trafficking or use Unique in its perspective this eye opening book looks at the drug war as a rights issue and concludes that Americans civil liberties are clearly being violated The volume proceeds from two premises that over the past 30 years America s War on Drugs has done more harm than good and that if the United States is going to reform the criminal justice system the public must understand that this war is empowered by the profits it provides to law enforcement and other groups A central factor causing the upsurge in the drug war the author explains is the fact that laws were passed in the 1980s that allowed law enforcement to profit from seizing property based on scanty evidence and without criminal charges His meticulous research has revealed that this policing for profit is responsible for a variety of assaults on civil liberties including mass incarceration SWAT teams and random drug sweeps A second factor that infects every aspect of the War on Drugs is racism the widespread stereotyping of drug traffickers as African Americans and Latinos These issues and more are explored in this book that lays bare what the media largely ignores
