Smothered by Invention Wendy Faulkner, Erik Arnold, 1985 Articles on sex discrimination against woman workers and other social implications of technological change discusses the sexual division of labour employment opportunity in engineering in the UK the green revolution birth control and choice of technology by medical personnel and homemakers in developing countries considers the impact of microelectronics word processing and computers on the office worker Graph illustration references statistical tables Women's Employment and the Capitalist Family Ben Fine, 2002-01-31 First published in 2002 Routledge is an imprint of Taylor Francis an informa company Ale, Beer, and Brewsters in England Judith M. Bennett, 1996-11-07 Women brewed and sold most of the ale consumed in medieval England but after 1350 men slowly took over the trade By 1600 most brewers in London were male and men also dominated the trade in many towns and villages This book asks how when and why brewing ceased to be women s work and instead became a job for men Employing a wide variety of sources and methods Bennett vividly describes how brewsters that is female brewers gradually left the trade She also offers a compelling account of the endurance of patriarchy during this time of dramatic change **Science, Women and Revolution in Russia** Ann Hibner Koblitz, 2014-01-02 While the women s movement might seem like a relatively new concept Russian women of the 1860s deserve to be acknowledged as individuals who changed the direction of science and opened the doors of higher education to women throughout Europe The 1860 s and 1870 s witnessed a rise in women s consciousness and the beginnings of the Russian revolutionary movement that saw women pursue and receive doctorates in many areas of science These same women went on to become some of the brightest in their fields This book provides a look at Russian women scientists of the 1860 s their personal independence and technical and literary achievements that made science the popular social movement of the time and changed the face of the Russian intellectual culture Inventing the Industrial Revolution Christine MacLeod, 2002-05-09 This book examines the development of the English patent system and its relationship with technical change during the period between 1660 and 1800 when the patent system evolved from an instrument of royal patronage into one of commercial competition among the inventors and manufacturers of the Industrial Revolution It analyses the legal and political framework within which patenting took place and gives an account of the motivations and fortunes of patentees who obtained patents for a variety of purposes beyond the simple protection of an invention It includes the first in depth attempt to gauge the reliability of the patent statistics as a measure of inventive activity and technical change in the early part of the Industrial Revolution and suggests that the distribution of patents is a better guide to the advance of capitalism than to the centres of inventive activity It also queries the common assumption that the chief goal of inventors was to save labour and examines contemporary criticism of the patent system in the light of the changing conceptualisation of invention among natural scientists and political economists

**Gender as a Verb** Annette Fitzsimons, 2017-11-22 This title was first published in 2002 Aiming to contribute to feminist

theory in the area of paid employment this volume demonstrates how the meanings attached to gender can form part of the explanation for the persistence of gender segregation at work The author applies the Foucaultian concept of discourse to occupational segregation to offer a new approach to the study of gender segregation An analysis is provided of gender in relation to computer programming     **Encyclopedia of Gender and Information Technology** Trauth, Eileen M.,2006-06-30 This two volume set includes 213 entries with over 4 700 references to additional works on gender and information technology Provided by publisher     **Feminine Frequencies** Kate Lacey,1996 Provides the first sustained historical account of the Frauenfunk women s radio programming in Weimar and Nazi Germany     **Women Workers and Technological Change in Europe in the Nineteenth and Twentieth Centuries** Gertjan de Groot,Marlou Schrover,1995 The author examines the relationship between home and work and the construction of gender equality and discusses the key roles of women in the sphere of the home wife mother worker showing how the role identity of wife dominates and affects the other two roles     **Technocities** John Downey,Jim McGuigan,1999-06-22 Information and communication technologies are said to be transforming urban life dramatically and bringing about rapid economic and cultural globalization This book explores the many fascinating and urgent issues involved by relating advanced theoretical debates to practical matters of communication with cultural policy It maps out a range of optimistic and pessimistic scenarios with special regard to various forms of inequality particularly class gender and geopolitical Topics discussed include urban planning virtual cities and actual cities economic and political policy and critical social analysis of current trends that are of momentous consequence The book concludes that it is necessary to bring together a number of diffe     **Technophobia** Mark J. Brosnan,2002-09-26 Technology is taking over all aspects of life Yet studies have shown that up to one half the population is technophobic This means having negative opinions or being anxious about information technology like personal computers This book examines the origins of technophobia what it is who has it and what causes it The impact of gender is examined and the social and cognitive psychological factors underlying technophobia are reviewed and combined into an overall psychological model Techniques for reducing technophobia are discussed and the effect of technophobia on everyone from school children to teenagers is analysed Technophobia will be useful both for academic study of the area and for those devising IT policy in schools business and government     **Technologies of the Gendered Body** Anne Marie Balsamo,1996 This book looks at the representation of the body in culture from a feminist perspective Subjects covered include bodybuilding cosmetic surgery and cyberculture     **Science in Society** Matthew David,2017-03-16 Science Technoscience has moved to centre stage in debates over change power and justice in twenty first century societies This text provides a general framework for understanding combining and applying the rich range of approaches that exist within sociology about science in particular the role and limitations of science in generating knowledge and the relationship between scientific knowledge and social progress Drawing on case studies from the past up until today s new genetics this is a clear even handed and comprehensive

introduction to the field      **Handbook of Research on Exploring Gender Equity, Diversity, and Inclusion Through an Intersectional Lens** Meletiadou, Eleni, 2023-06-02 Organizations worldwide have introduced equality diversity and inclusion EDI policies to address the inherent disadvantages experienced by employees with diverse social identities in different national contexts EDI policies are present to address the inherent disadvantages and inequalities experienced by a diverse workforce The Handbook of Research on Exploring Gender Equity Diversity and Inclusion Through an Intersectional Lens reports on current challenges that organizations face in terms of gender diversity management and provides crucial research on the application of strategies designed to increase organizational change and support and integrate diverse individuals including physically disabled individuals women and people of color into organizations Covering key topics such as mental health tolerance and a sustainable workforce this major reference work is ideal for managers business owners administrators government officials policymakers researchers scholars academicians practitioners instructors and students      **The Double Life of the Family** Michael Bittman, 2020-08-27 The modern family is under strain What we crave most from our families is intimacy warmth and self fulfilment but we often find this difficult to achieve We hold onto these expectations of our families even in the face of contradictory experiences so the family sustains a double life The authors explore the gap between our values expectations and yearnings and our experiences of everyday family life Family ritual political rhetoric advertising images and television family sitcoms are all windows onto what we want and expect our myths of the family Yet our aspirations for intimacy and self fulfilment are frustrated by unacknowledged inequalities between men and women and parents and children The inequalities have their origins in the division of domestic labour and in labour markets that disregard family responsibilities The Double Life Of The Family argues that our expectations of family life are more powerful than is usually believed and have enormous influence on both the way governments structure social policy and on the decisions made by ordinary people      Routledge Library Editions: Utopias Various, 2021-11-01 Routledge Library Editions Utopias 6 volume set contains titles originally published between 1923 and 1982 It includes volumes focusing on Utopian fiction both as a genre in its own right and also from a feminist perspective In addition there are sociological texts that examine the history of Utopian thought from the writings of Plato and beyond as well as specific examples of people who have tried to create Utopian communities      *Women and the Environment* Sally Sontheimer, 1991 Increasingly over the last 20 years women in poor developing countries have had to cope with growing ecological stress Food fodder wood and water previously in adequate supply have become scarce and women have also been deprived of traditional access to cultivable land Those who left the countryside for the cities now face terrible pollution miserable housing and poor sanitation and water supplies This reader tells the rarely told story of women living and coping in these dreadful conditions It is a book of hope because it shows them to be not passive victims but courageous fighters and organizers in the face of natural disaster uncaring bureaucracy agencies and governments whose priorities lie elsewhere and traditional structures inimical to their

needs The women and their organizations described here have produced demonstrably effective approaches for more sustainable uses of their resources and environments challenging conventional accounts of their roles      **Women and Planning** Clara H. Greed,2003-09-02 The first comprehensive history and analysis of women and the planning movement covering the philosophical practical and policy dimensions A central theme is how men have rewritten planning in their own image in creating modern urban space      Women and the Environment in the Third World Irene Dankelman,Joan Davidson,2013-11-05 This book should be issued to grass root organisations everywhere Doris Lessing The New Scientist It is must reading for government planners environmentalists and the ordinary layman Asia Week Women in the Third World play the major role in managing natural resources They are also the first and hardest hit by environmental mismanagement yet they are neither consulted nor taken into account by development strategists Irene Dankelman and Joan Davidson provide a clear account of the problems faced by women in the management of land water forests energy and human settlements They also describe the lack of response from international organizations With the help of well documented case studies they describe the ways in which women can organize to meet environmental social and economic challenges Originally published in 1988      *Technology Assessment* Janine Morgall,2010-05-05 How gender analysis should inform technology assessment
