Stealing Time:

Stealing Time Anne Dublin, 2014-04-19 Jonah Wiley is having a hard enough time adjusting to his parents divorce and when his mom goes to a conference leaving him with his dad and stepmother it only makes things worse Now thanks to a strange pocket watch he and his stepbrother are trapped in time racing to overcome tough challenges in order to get home

The Art of Stealing Time Katie Macalister, 2013-09-03 Experts in the art of stealing time Travellers live on the edge of both mortal and immortal realms But a few fight their outlaw instincts Gwenhwyfar Byron Owens learned everything she knows about potions and spells from her two Wiccan moms who are forbidden by Otherworld laws to teach magic to mortals But when their latest transgression results in the kidnapping of a mortal woman Gwen figures the only place to hide them all is in Summerland the Wiccan afterlife But Gregory Faa a member of the Watch is hot on their heels A Traveller who has stolen time he s eager to prove himself worthy of the Watch only he has a past with the dark eyed Welsh beauty he s been charged with bringing to justice He s tempted to just let Gwen disappear into Summerland until he realizes that she s being pursued by a squad of goons and death s minions Gwen is used to taking care of her moms and herself so she can t give in to her heart s demand to trust Gregory despite the fact that he s as handsome as the day is long and the days in Summerland last centuries

High Speed CMOS Design Styles Kerry Bernstein, K.M. Carrig, Christopher M. Durham, Patrick R. Hansen, David Hogenmiller, Edward J. Nowak, Norman J. Rohrer, 2012-12-06 High Speed CMOS Design Styles is written for the graduate level student or practicing engineer who is primarily interested in circuit design It is intended to provide practical reference or horse sense to mechanisms typically described with a more academic slant This book is organized so that it can be used as a textbook or as a reference book High Speed CMOS Design Styles provides a survey of design styles in use in industry specifically in the high speed microprocessor design community Logic circuit structures I O and interface clocking and timing schemes are reviewed and described Characteristics sensitivities and idiosyncrasies of each are highlighted High Speed CMOS Design Styles also pulls together and explains contributors to performance variability that are associated with process applications conditions and design Rules of thumb and practical references are offered Each of the general circuit families is then analyzed for its sensitivity and response to this variability High Speed CMOS Design Styles is an excellent source of ideas and a compilation of observations that highlight how different approaches trade off critical parameters in design and process space
