Tattoo Artists Jeanne Nagle, 2008-08-15 This book explores the interesting and nontraditional careers of tattoo artists It elaborates on the history of the tattoo the evolution of the tools and today's fascination with the art

Written on the Body Jane Caplan, 2021-10-12 Despite the social sciences growing fascination with tattooing and the immense popularity of tattoos themselves the practice has not left much of a historical record And until very recently there was no good context for writing a serious history of tattooing in the West This collection exposes for the first time the richness of the tattoo's European and American history from antiquity to the present day In the process it rescues tattoos from their stereotypical and sensationalized association with criminality The tattoo has long hovered in a space between the cosmetic and the punitive Throughout its history the status of the tattoo has been complicated by its dual association with slavery and penal practices on the one hand and exotic or forbidden sexuality on the other The tattoo appears often as an involuntary stigma sometimes as a self-imposed marker of identity and occasionally as a beautiful

corporal decoration This volume analyzes the tattoo's fluctuating often uncomfortable position from multiple angles Individual chapters explore fascinating segments of its history from the metaphorical meanings of tattooing in Celtic society to the class related commodification of the body in Victorian Britain from tattooed entertainers in Germany to tattooing and piercing as self expression in the contemporary United States But they also accumulate to form an expansive textured view of permanent bodily modification in the West By combining empirical history powerful cultural analysis and a highly readable style this volume both draws on and propels the ongoing effort to write a meaningful cultural history of the body The contributors representing several disciplines have all conducted extensive original research into the Western tattoo Together they have produced an unrivalled account of its history They are in addition to the editor Clare Anderson Susan Benson James Bradley Ian Duffield Juliet Fleming Alan Govenar Harriet Guest Mark Gustafson C P Jones Charles MacQuarrie Hamish Maxwell Stewart Stephan Oettermann Jennipher A Rosecrans and Abby Schrader

Tattooed! Federico Harbaruk, 2020-07-09 TATTOOING IS A WAY OF LIFE Yes this phrase may sound cliché but that's not true For millennia human beings have used their skin to permanently shape messages The cavemen with their war marks members of the tribes representing their status within the group elders asking the gods for protection In modern times these reasons have been left aside to represent something purer individual expression People who wear tattoos in these times do so with the firm intention of visually showing what they carry inside or of being the canvas of incredible artistic pieces That's why tattoos can't be considered a fashion anymore but a way of life Tattooed is born precisely from this concept to show the world the culture behind tattoos and what tattooed people all over the world want to represent In Tattooed you can find all the information you need about the most modern tattoo techniques new styles and current trends so you can capture on your skin what you carry inside Likewise we will provide you with everything you need to know about the most acclaimed tattoo artists in the world where you will be able to see part of their portfolio and find out what makes them so special Tattooed is designed to be the main reference for all those who want to get tattooed for the first time or even for the fifteenth time as there is a vacuum of information specially created and designed for the tribe of tattooed This void can be noticed when many people before getting a tattoo look for information about techniques style care tips and others but almost all the information you get is focused on the tattoo artists and after all it is the clients who will carry these pieces of art permanently engraved on their skin A person with tattoos will always attract attention and steal the glances and we want to be part of that process of guiding each tattooed in every step of getting the most incredible tattoo on their skin after all each one is much more than a simple canvas for the artist he is a person who wants to show his individuality to the world With the
