Slave Soul Of Russia Moral Masochism And The Cult Of Suffering:

The Slave Soul of Russia Daniel Rancour-Laferriere, 1995-03-01 Why asks Daniel Rancour Laferriere in this controversial book has Russia been a country of suffering Russian history religion folklore and literature are rife with suffering The plight of Anna Karenina the submissiveness of serfs in the 16th and 17th centuries ancient religious tracts emphasizing humility as the mother of virtues the trauma of the Bolshevik revolution the current economic upheavals wracking the country these are only a few of the symptoms of what The Slave Soul of Russia identifies as a veritable cult of suffering that has been centuries in the making Bringing to light dozens of examples of self defeating activities and behaviors that have become an integral component of the Russian psyche Rancour Laferriere convincingly illustrates how masochism has become a fact of everyday life in Russia Until now much attention has been paid to the psychology of Russia s leaders and their impact on the country s condition Here for the first time is a compelling portrait of the Russian people s psychology On Living Through Soviet Russia Daniel Bertaux, Paul Thompson, Anna Rotkirch, 2004 For a period of over seventy years after the 1917 revolutions in Russia talking about the past either political or personal became dangerous The new policy of glasnost at the end of the 1980s resulted in a flood of reminiscence almost nightly on television and more formally collected by new Russian oral history groups and western researchers This book is a fascinating collection of life stories and family history interview material collected by the editors and two Russian groups of interviewers The Vexing Case of Igor Shafarevich, a Russian Political Thinker Krista Berglund, 2012-02-29 This is the first comprehensive study about the non mathematical writings and activities of the Russian algebraic geometer and number theorist Igor Shafarevich b 1923 In the 1970s Shafarevich was a prominent member of the dissidents human rights movement and a noted author of clandestine anti communist literature in the Soviet Union Shafarevich s public image suffered a terrible blow around 1989 when he was decried as a dangerous ideologue of anti Semitism due to his newly surfaced old manuscript Russophobia The scandal culminated when the President of the National Academy of Sciences of the United States suggested that Shafarevich an honorary member resign The present study establishes that the allegations about anti Semitism in Shafarevich s texts were unfounded and that Shafarevich s terrible reputation was cemented on a false basis *Russian Intellectual Antisemitism in the Post-Communist Era* Vadim Joseph Rossman, 2002-01-01 Antisemitism has had a long and complex history in Russian intellectual life and has revived in the post Communist era In their concept of the identity of the Jewish people many academics and other thinkers in Russia continue to cast Jews in a negative or ambivalent role An inherent rivalry exists between Russia and the Jews because Russians have often viewed themselves whether through the lens of atheistic communism or that of the most conservative elements of the Orthodox Church as a chosen people whose destiny is to lead the way to world salvation In this book Vadim Rossman presents the foundations and present influence of intellectual antisemitism in Russia He examines the antisemitic roots of some major trends in Russian intellectual thought that emerged in earlier decades of the twentieth century and are

still significant in the post Communist era neo Eurasianism Eurasian historiography National Bolshevism neo Slavophilism National Orthodoxy and various forms of racism Such extreme right wing ideology continues to appeal to a certain segment of the Russian population and seems unlikely to disappear soon Rossman confronts and challenges a range of disturbing sometimes contradictory but often quite sophisticated antisemitic ideas posed by Russian sociologists historians philosophers theologians political analysts anthropologists and literary critics **Slavic Sins of the Flesh** Ronald D. LeBlanc,2012-07-03

A pathbreaking gastrocritical approach to the poetics of Dostoevsky Tolstoy and their contemporaries **Russian Conservatism** Glenn Diesen,2021-01-12 Russian conservatism is making a forceful return after a century of experimenting with socialism and liberalism Conservatism is about managing change by ensuring that modernization evolves organically by building on the past Conservatism has a natural attraction for Russia as its thousand year long history is largely characterized by revolutionary change the destructive process of uprooting the past to give way to modernity Navigating towards gradual and organic modernization has been a key struggle ever since the Mongols invaded in the early 13th century and decoupled Russia from Europe and the arteries of international trade Russian history has consisted of avoiding revolutions that are either caused by falling behind on modernization or making great leaps forward that disrupts socio economic and political traditions Russian conservatives are now tasked with harmonizing the conservative ideas of the 19th century with the revolutionary changes that shaped Russia in the 20th century The rise of Asia now provides new opportunities as it enables Russia to overcome its fixation on the West and develop a unique Russian path towards modernization that harmonizes its Eurasian geography and history **Russian Path Dependence** Stefan

Hedlund,2005-01-23 Russia s transition to a market economy has been tortuous to say the least However this book argues that the arguments and counter arguments that pitch shock therapy against gradualism are wide of the mark and quite pointless Indeed the reasons for the warped outcomes can actually be traced back through the long sweep of Russian history Decisions made in the distant past can fully influence policy making in the present Hedlund s thesis can like this be seen as influenced by the path dependency theories of Paul David among others **The Russian Tragedy: The Burden of History**

Hugh Ragsdale,2016-09-16 This work provides an interpretive history of Russia from earliest times to today recounting the story of Russia s past It discusses Russia s strengths and weaknesses as a civilization and the challenges posed by the contemporary effort to remake Russia **Gender and Sexuality in Russian Civilisation** Peter I. Barta,2013-06-17 Gender and Sexuality in Russian Civilisation considers gender and sexuality in modern Russia in the nineteenth and early twentieth centuries Chapters look individually at gender and sexuality through history art folklore philosophy or literature but are also arranged into sections according to the arguments they develop A number of chapters also consider Russia in the Soviet and post Soviet periods Thematic sections include Gender and Power Gender and National Identity Sexual Identity and Artistic Impression Literary Discourse of Male and Female Sexualities Sexuality and Literature in Contemporary Russian Society

Gender and Sexuality in Russian Civilization Peter I. Barta, 2001 Considers gender and sexuality in Russia in the nineteenth and early twentieth centuries Chapters examine gender and sexuality through history art folklore philosophy or literature and are also grouped according to the arguments they develop Europeans Åke Daun, Sören Jansson, 2012-01-02 Social scientists a rehabilitation researcher a folklorist a political commentator and other contributors survey some of the differences in European culture and discuss the complex topic of national identity in Europe This volume forms a fascinating mosaic of European diversity revealing idiosyncrasies such as that it is rude to interrupt in Sweden that acting normal is quite silly enough in the Netherlands how Poles banter about heroes how Icelandic national identity fits into a Nordic and international context why reunified Germany is one country and two cultures and whether there is such a thing as a Belgian national identity *Russian Conservatism* Paul Robinson, 2019-10-15 Russian Conservatism examines the history of Russian conservative thought from the beginning of the nineteenth century to the present Robinson charts the contributions made by philosophers politicians and others during the Imperial Soviet and post Soviet periods Looking at cultural political and social economic conservatism in Russia Russian Conservatism demonstrates that such ideas are helpful in interpreting Russia s present as well as its past and will be influential in shaping Russia s future for better or for worse in the years to come

Asian Christian Ethics Aldrin M. Peñamora, Bernard K. Wong, 2022-09-26 Asian Christian Ethics provides an introduction for students to a range of key topics related to Christian ethics in Asia Fifteen Christian scholars from across Asia and from diverse ethnic and cultural backgrounds demonstrate how to think theologically and contextually about key ethical issues as well as describe best practices in Christian moral formation Ideal for use as a companion textbook in Asian seminaries and institutions as well as the wider Asian diaspora readers will be introduced to a wide range of topics all while upholding the authority of the Bible the centrality of Christ and the transforming power of the Holy Spirit **The Positive Side of Negative Emotions** W. Gerrod Parrott, 2014-01-22 This unique volume brings together state of the art research showing the value of emotions that many believe to be undesirable Leading investigators explore the functions and benefits of sadness anxiety anger embarrassment shame guilt jealousy and envy The role of these emotions in social interactions and relationships is examined as are cultural differences in how they are valued and expressed The volume considers how people seek out these feelings in everyday life to improve performance gain insight and express cares and commitments Negative emotions are shown to have an important place in a rich and meaningful life **Exile, Murder and Madness in Siberia, 1823-61** Andrew A. Gentes, 2010-09-29 Despite reports of exile proving disastrous to the region 300 000 Russian subjects from political dissidents to the elderly and mentally disabled were deported to Siberia from 1823 61 Their stories of physical and psychological suffering heroism and personal resurrection are recounted in this compelling history of tsarist Siberian exile **Beyond the Monastery Walls** Patrick Lally Michelson, 2017-07-11 As the cultural and ideological foundations of imperial Russia were threatened by forces of modernity an array of Orthodox churchmen theologians and lay thinkers turned

to asceticism hoping to ensure the coming Kingdom of God promised to the Russian nation *World War II in Andreï Makine's Historiographic Metafiction* Helena Duffy, 2018-04-17 Can it be ever possible to write about war in a work of fiction asks a protagonist of one of Makine's strongly metafictional and intensely historical novels Helena Duffy's *World War II in Andre Makine's Historiographic Metafiction* redirects this question at the Franco Russian author's fiction itself by investigating its portrayal of Soviet involvement in the struggle against Hitler To write back into the history of the Great Fatherland War its unmourned victims invalids Jews POWs women or starving Leningraders is the self acknowledged ambition of a novelist committed to the postmodern empowerment of those hitherto silenced by dominant historiographies Whether Makine succeeds at giving voice to those whose suffering jarred with the triumphalist narrative of the war concocted by Soviet authorities is the central concern of Duffy's book **Times of Trouble** Marcus C. Levitt, Tatyana Novikov, 2007 From the country that has added to our vocabulary such colorful terms as purges pogroms and gulag this collection investigates the conspicuous marks of violence in Russian history and culture Russians and non Russians alike have long debated the reasons for this endemic violence Some have cited Russia's huge size unforgiving climate and exposed geographical position as formative in its national character making invasion easy and order difficult Others have fixed the blame on cultural and religious traditions that spurred internecine violence or on despotic rulers or unfortunate episodes in the nation's history such as the Mongol invasion the rule of Ivan the Terrible or the Red Terror of the revolution Even in contemporary Russia the specter of violence continues from widespread mistreatment of women to racial antagonism the product of a frustrated nationalism that manifests itself in such phenomena as the wars in Chechnya *Times of Trouble* is the first in English to explore the problem of violence in Russia From a variety of perspectives essays investigate Russian history as well as depictions of violence in the visual arts and in literature including the works of Fyodor Dostoevsky Isaac Babel Mikhail Lermontov and Nina Sadur From the Mongol invasion to the present day topics include the gulag genocide violence against women anti-Semitism and terrorism as a tool of revolution **The New Total War** Bob Seely, 2025-07-10 From the revolutionary use of drones to staged coups child abduction and psychological warfare the war in Ukraine is like no other It is a new form of total war combining traditional military force with all the non military tools of the Russian state The 2022 invasion was just the next stage of a conflict that Russia has been fighting since 2005 using all the tactics at its disposal to control Ukraine's politics and wreak havoc Combining over a decade of research astute analysis and powerful stories from the front line and including striking photographs of the people and scenes he encountered along the way Bob Seely has written the authoritative guide to this new form of conflict Travelling extensively throughout Ukraine Seely meets figures such as Panoushka the sniper who continues to fight despite the loss of her fianc and Ksenia the seventeen year old who journeyed through Russia searching for her abducted younger brother Above all Seely argues that understanding Moscow's new total war is critical because Russia considers itself at war with the West as well as Ukraine directing some of the tactics

used there against us Insightful gripping and at times moving this book is essential reading for anyone who wants to understand the unconventional methods Russia and other authoritarian states will use to challenge the West for global supremacy and undermine our beliefs power and influence *Alexei Khomiakov* Artur Mrówczyński-Van Allen, 2020-01-01

Alexei Khomiakov 1804 1860 a great Russian thinker one of the founders of the Slavophile school of thought nowadays might be seen as one of the precursors of critical thought on the dangers of modern political ideas The pathologies that Khomiakov attributes to Catholicism and Protestantism authoritarianism individualism and fragmentation are today the fundamental characteristics of modern states of the societies in which we live and to a large extent of the alternatives that are brought forth in an attempt to counter them Khomiakov's works therefore might help us take on the challenge of rescuing Christian thought from modern colonization and offer a true alternative a space for love and truth the living experience of the church This book serves as a step on the path toward recovering the church's reflection on its own identity as sobornost as the community that is the living body of Christ and can be the next step forward toward recovering the capacity for thought from within the church

Unveiling the Magic of Words: A Overview of "**Slave Soul Of Russia Moral Masochism And The Cult Of Suffering**"
