Unlike African slavery in Europe and the Americas slavery in the Sudan and other parts of Africa persisted well into the twentieth century
Sudanese slaves served Sudanese masters until the region was conquered by the Turks who practiced slavery on a larger institutional scale
When the British took over the Sudan in 1898 they officially emancipated the slaves yet found it impossible to replace their labor in the country's economy
This pathfinding study

explores the process of emancipation and the development of wage labor in the Sudan under British colonial rule Ahmad Sikainga focuses on the fate of ex slaves in Khartoum and on the efforts of the colonial government to transform them into wage laborers He probes into what colonial rule and city life meant for slaves and ex slaves and what the city and its people meant for colonial officials This investigation sheds new light on the legacy of slavery and the status of former slaves and their descendants It also reveals how the legacy of slavery underlies the current ethnic and regional conflicts in the Sudan It will be vital reading for students of race relations and slavery colonialism and postcolonialism urbanization and labor history in Africa and the Middle East

Servants of Allah Sylviane A. Diouf, 1998-11-01 Despite the explosion in work on African American and religious history little is known about Black Muslims who came to America as slaves Most assume that what Muslim faith any Africans did bring with them was quickly absorbed into the new Christian milieu But surprisingly as Sylviane Diouf shows in this new meticulously researched volume Islam flourished during slavery on a large scale *Servants of Allah* presents a history of African Muslim slaves following them from Africa to the Americas It details how even while enslaved many Black Muslims managed to follow most of the precepts of their religion Literate urban and well traveled Black Muslims drew on their organization and the strength of their beliefs to play a major part in the most well known slave uprisings Though Islam did not survive in the Americas in its orthodox form its mark can be found in certain religious traditions and artistic creations of people of African descent But for all their accomplishments and contributions to the cultures of the African Diaspora the Muslim slaves have been largely ignored *Servants of Allah* is the first book to examine the role of Islam in the lives of both individual practitioners and in the American slave community as a whole while also shedding light on the legacy of Islam in today's American and Caribbean cultures Choice Outstanding Academic Title of 1999

Arab Muslim World Jean Marie Dia, 2013-02 I wrote this book to enlighten people of the historic role the Arab Muslim world has played and continues to play in slavery Much of the population believes the white man started slavery in Africa a few centuries ago I reject this assertion because the historical facts do not support it

Muslim Societies in African History David Robinson, 2004-01-12 Examining a series of processes Islamization Arabization Africanization and case studies from North West and East Africa this book gives snapshots of Muslim societies in Africa over the last millennium In contrast to traditions which suggest that Islam did not take root in Africa author David Robinson shows the complex struggles of Muslims in the Muslim state of Morocco and in the Hausaland region of Nigeria He portrays the ways in which Islam was practiced in the pagan societies of Ashanti Ghana and Buganda Uganda and in the ostensibly Christian state of Ethiopia beginning with the first emigration of Muslims from Mecca in 615 CE well before the foundational hijra to Medina in 622 He concludes with chapters on the Mahdi and Khalifa of the Sudan and the Murid Sufi movement that originated in Senegal and reflections in the wake of the events of September 11 2001

Slavery and Emancipation in Islamic East Africa Elisabeth McMahon, 2013-04-30 This book demonstrates the links between emancipation and the redefinition of honour among all

classes of people on the island of Pemba *A History of the Middle East* Saul S. Friedman, 2014-01-10 As the birthplace of three principal religions the Middle East is holy to 15 million Jews 2 billion Christians and 1 billion Muslims As the cradle of western civilization it is fundamental to world history the place where humans transformed themselves from nomadic hunters to settled farmers capable of building great cities and societies This detailed history covers the Middle East from its ancient beginnings to the present The confluence of events that produced civilized society is fully discussed along with the establishment of Judaism Christianity and Islam The emergence and decline of the Byzantine and Ottoman empires which laid much of the framework for the region to move into the modern era is covered in depth Analysis of the area in recent decades focuses on World War I and II and the regional conflicts that inflame the Middle East of the 21st century Instructors considering this book for use in a course may request an examination copy here *Slaves and Slave Agency in the Ottoman Empire* Stephan Conermann, Gül Şen, 2020-05-11 Slaves and Slave Agency in the Ottoman Empire offers a new contribution to slavery studies relating to the Ottoman Empire Given the fact that the classical binary of slavery and freedom derives from the transatlantic experience this volume presents an alternative approach by examining the strong asymmetric relationships of dependency documented in the Ottoman Empire A closer look at the Ottoman social order discloses manifold and ambiguous conditions involving enslavement practices rather than a single universal pattern The authors examine various forms of enslavement and dependency with a particular focus on agency i e the room for maneuver which the enslaved could secure for themselves or else the available options for action in situations of extreme individual or group dependencies

The Economics of the Indian Ocean Slave Trade in the Nineteenth Century William Gervase

Clarence-Smith, 2013-12-16 First Published in 1989 Well over a million slaves were exported from Indian Ocean and Red Sea ports in Eastern Africa during the nineteenth century and millions more were shifted around the interior of the continent and along the coast of East Africa And yet we still know remarkably little about this great movement of people particularly from an economic point of view This is a collection of twelve essays looking at the economics of the Indian Ocean and the Red Sea Slave trades of the nineteenth century *The Black Eunuchs of the Ottoman Empire* George H. Junne, 2016-06-22 The Chief Black Eunuch appointed personally by the Sultan had both the ear of the leader of a vast Islamic Empire and held power over a network of spies and informers including eunuchs and slaves throughout Constantinople and beyond The story of these remarkable individuals who rose from difficult beginnings to become amongst the most powerful people in the Ottoman Empire is rarely told George Junne places their stories in the context of the wider history of African slavery and places them at the centre of Ottoman history The Black Eunuchs of the Ottoman Empire marks a new direction in the study of courtly politics and power in Constantinople
