Sensibility and English Song Stephen Banfield, 1985 This highly acclaimed study of English song is the first detailed account of an unusually fruitful interrelationship between English music and English poetry The period covered is known as the English Musical Renaissance and runs from the last years of the nineteenth century to the Second World War Stephen Banfield traces the late flowering of Romantic impulses in solo song during these years surveying it from critical analytical and historical angles He plots the growth of the English stylistic sensibility in song in the decades leading up to the First World War discusses in detail the plateau it reached between the wars particularly in the 1920s and shows how and why it declined as other musical concerns took the field Poets whose verse was set to music most frequently including Housman Hardy de la Mare and Yeats are treated at length as are pre eminent song composers such as Butterworth Finzi Gurney Ireland Quilter Somervell Stanford Vaughan Williams and Warlock In all more than fifty composers are discussed and numerous individual songs In the final section of the book besides providing an extensive bibliography Dr Banfield catalogues over 5 000 songs giving dates of composition and publication and much other detail listed by composer This comprehensive survey will prove an invaluable reference guide to all students of the subject

**A Book of Lullabies**, 1925 **The Cambridge Book of Poetry and Song** Charlotte Fiske Bates, 2025-07-11 Reprint of the original first published in 1882 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage

**Exploring English Lyrics** Cheri Montgomery, Allen Henderson, 2024-05-13 Exploring English Lyrics is the most unified collection of English art texts with transcriptions available containing 790 unique art song selections with pronunciation as defined by the International Phonetic Alphabet IPA It is an invaluable resource for both the native speaking singer and singers with no previous exposure to the English language These lyrics span nearly 500 years of art song history with texts set by more than 129 composers Diverse segments of British American African American Canadian Scottish Irish and Australian cultures are represented The scope of the lyrics selected includes works appropriate for beginners as well as those

being performed by the world's most prominent professional singers. Texts of frequently performed songs from the Royal Conservatory of Music Development Program adjudications, new composers' collected works, as well as lyrics from major anthologies such as Joan Boytim's First Book series are included. Detailed indications for selections that require a particular dialect or character voice pronunciation are provided. Helpful indices enable the reader to search by composer, song cycle, first line, or song title. References to settings of texts by multiple composers are indicated throughout the book. The book assists the teacher with repertoire selections while giving the student an accurate and elegant pronunciation that is ideal for intelligibility and optimal singing technique. Knowledge of the phonetic system and detailed pronunciation of new and standard repertoire are readily accessible with this text.

The Baby Sleep Book Martha Sears, James Sears, William Sears, Robert W. Sears, 2008-12-14 Everything you need to know about getting your baby or toddler to sleep from America's foremost baby and childcare experts. Babies don't automatically know how to sleep through the night; they need to be taught. The Sears family has learned from decades of pediatric practice, bolstered by their own parenting experiences, that different babies have different nighttime temperaments and, of course, different families have different lifestyles. Instead of espousing the kind of one method fits all approach advocated in other baby sleep guides, the Sears family explains how you can create a sleep plan that suits the needs of your entire family. With a sharp focus on the practical tools and techniques, *The Baby Sleep Book* covers such topics as: The facts of infant sleep vs. adult sleep; Figuring out where, when, and how your child sleeps best; Fail-safe methods for soothing a crying infant; How to make night nursing easier and how to stop; Nighttime fathering tips; Whether co-sleeping makes sense for you; Nap time strategies that work; Medical and physical causes of night waking; Sleep habits in special situations such as traveling, teething, and illness.

*Bird Brains and Behavior* Georg F. Striedter, Andrew N. Iwaniuk, 2025-08-05 From two avian neurobiologists, a captivating deep dive into the mechanisms that control avian behavior. The last few decades have produced extensive research on the neural mechanisms of avian behavior. *Bird Brains and Behavior* marries the enthusiasm of bird enthusiasts for the what, how, and why of avian behavior with the scientific literature on avian biology, offering the newest research in an accessible manner. Georg Striedter and Andrew Iwaniuk focus on a wide variety of behaviors ranging from daily and seasonal rhythms to complex cognition. Importantly, avian behavior and mechanisms are placed in the context of evolutionary history, stressing that many are unique to birds and often found in only a subset of species.

*One Hundred Folk-songs* Henry Franklin Belknap Gilbert, 1910

*Encrypted Messages in Alban Berg's Music* Siglind Bruhn, 2013-10-28 The 12 new essays in this volume explore the relationship between text and music in Alban Berg's works. The book examines the biographical issues that made such expressive choices attractive to the composer and explores ways in which works not involving explicit verbal texts create signification, allusion, and reference.
